Man-Hunters of the Old West, Volume 2 Robert K. DeArment, 2018-02-15 Until the early twentieth century life in the American West could be rough and sometimes vicious Those who brought thieves and murderers to justice at times had to employ tactics as ruthless as their prey In this follow up to his first collection of biographies of the West's most recognized man hunters noted western historian Robert K DeArment recounts the remarkable careers of eight men Pat Garrett John Hughes Harry Love Harry Morse Frank Norfleet Bass Reeves Granville Stuart and Tom Tobin who pursued notorious criminals Volume 2 of *Man Hunters of the Old West* shows that limited resources and dire conditions often made extralegal violence necessary for survival Harry Love the famous killer of California bandito Joaquin Murrieta and Tom Tobin who ended the murders of the Espinosa gang in Colorado tracked their quarries to remote hideouts shot them and cut off their heads to prove they had been eliminated Felon trackers like the vigilante organizations that preceded them on occasion administered summary justice the on the spot hanging of their captured prey especially if they believed the established court system was not working Some of the man hunters in DeArment's accounts were freelance scouts and trackers others were career officers of the law At least one Frank Norfleet was a private citizen turned dedicated nemesis of con artists Love Stuart and Morse began life as easterners who made their way West All the others were midwesterners or far westerners Some of these man hunters wrote about their adventures and were written about in turn Garrett's account of his hunt for Billy the Kid remains a best seller for example and both Reeves and Hughes have been credited for inspiring the Lone Ranger of TV and movie fame DeArment discusses constant threats to the man hunters survival the federal government's undependable presence and extralegal violence as major themes in western law enforcement In recounting these eight men's adventures this volume reveals the forces that made brutality seem commonplace

Montana Vigilantes, 1863-1870 Mark C. Dillon, 2018-10-22 A history and legal analysis of vigilantism in Montana in the 1860s from a state Supreme Court justice and legal historian Historians and novelists alike have described the vigilantism that took root in the gold mining communities of Montana in the mid 1860s but Mark C Dillon is the first to examine the subject through the prism of American legal history considering the state of criminal justice and law enforcement in the western territories and also trial procedures gubernatorial politics legislative enactments and constitutional rights Using newspaper articles diaries letters biographies invoices and books that speak to the compelling

history of Montana's vigilantism in the 1860s Dillon examines the conduct of the vigilantes in the context of the due process norms of the time. He implicates the influence of lawyers and judges who like their non-lawyer counterparts shaped history during the rush to earn fortunes in gold. Dillon's perspective as a state Supreme Court justice and legal historian uniquely illuminates the intersection of territorial politics, constitutional issues, corrupt law enforcement, and the basic need of citizenry for social order. This readable and well-directed analysis of the social and legal context that contributed to the rise of Montana vigilante groups will be of interest to scholars and general readers interested in Western history, law, and criminal justice for years to come. Justice Dillon's book reads like a Western. Dillon masterfully sets the stage for the rise of the Montana vigilantes by bringing alive the people who created and lived in mining towns. There are heroes, villains, shady characters, and more than a few politicians, businessmen, lawyers, and judges. What sets Dillon's book apart from historical texts and fictional tales is that he provides legal analyses and explanations of the trials, sentences, due process, and procedures of the day. And shed's grisly light on the details of the hangings. Dillon's unique background as an attorney and judge and his downright dogged research are what makes this complex story so engaging. The prose is clear, crisp, and gets to the point. The book is satisfying because it answers contemporary nagging questions about the law regarding the vigilantes and the hangings. Gregory Zenon Brooklyn Barrister Dillon's analysis of the vigilantes of Bannack, Alder Gulch, and Helena in Montana Territory is the most detailed, insightful, and legally nuanced yet produced. This book is a model for historians to follow when dealing with 19th-century criminal proceedings. Establishing historical context includes examining the laws in books as well as the law in action. Competitive Aspects of Oil Shale Development United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Antitrust and Monopoly, 1967. Discusses possibility of large oil company monopolization of oil shale development in the Rocky Mountains. *The Statesman's Year-Book* S. Steinberg, 2016-12-23. The classic reference work that provides annually updated information on the countries of the world.

[Under the Big Sky](#) Jackson J. Benson, 2009-05-01. Author of *The Way West* and the screenplay for the classic *Shane* among many other timeless stories, icon of Western literature. A. B. Guthrie Jr. brought a blazing realism to the story of the West. That realism came out of the depth of Guthrie's historical research and an acuity that had seldom been seen in the work of Western novelists. The small Montana town that figures in several of Guthrie's books is clearly patterned after the town where he grew up, Choteau, on the eastern front of the Rocky Mountains. Biographer Benson illuminates Guthrie's upbringing and education, the influence of his intellectually inclined father, his work as a newspaperman in Kentucky, and his time at Harvard University. Animated by the observations of friends, family, and fellow authors, this intimate account offers rare insight into the life and work of a remarkable writer and into the making of the literary West.
