Strengthening Anti-Racist Educational Leaders Anjalé D. Welton, Sarah Diem, 2021-10-21. This edited volume expands on the existent research on anti-racist educational leadership by identifying what type of capacity building is needed for school administrators to facilitate anti-racist change in their schools. Racial inequities in education persist in part because the solutions that districts and schools choose to employ largely ignore why and how institutional and structural racism is the root cause of inequities in education. Yet racial inequities in schooling can be redressed if districts and schools have leaders who are deeply committed to combatting racism in their daily practice and structures of schooling. This book underscores why we need more educational leaders who adopt an anti-racist stance in how they lead and are prepared to work toward racial justice and equity in a society so entrenched in racism. Through diverse perspectives and voices including scholars in the field of educational leadership, sociologists of education, school and district administrators, and grassroots community members and activist groups, this book addresses issues related to anti-racist educational leadership at various levels.

Hispanic Catholics in Catholic Schools Hosffman Ospino, PhD, 2017-02-06. The Church is called to be the house of the Father with doors always wide open. Pope Francis, *The Joy of the Gospel*. As the Church in the United States becomes increasingly Hispanic, it is important to ask how are Catholic educational structures, particularly our schools serving the next generation of U.S. Catholics who are largely Hispanic. In this groundbreaking study, Boston College embarked on an effort to name the realities, challenges, and possibilities in Catholic schools as they adjust to cultural changes and new demographics. *The National Survey of Catholic Schools Serving Hispanic Families* provides reliable and actionable data that will help strengthen and prepare Catholic schools so that they can continue to serve as vibrant instruments of the Church's evangelization mission. Written by leading researchers Dr. Hosffman Ospino and Dr. Patricia Weitzel O'Neill, this study explores changing demographics among 21st-century Catholics, current practices in U.S. Catholic schools related to serving Hispanic families, timely Catholic school enrollment data with a systematic analysis of Hispanic enrollment numbers, practical ideas to help Catholic schools welcome and integrate Hispanic students and families.

Get Out Now Mary Rice Hasson, Theresa Farnan, 2018-08-14. Should we stay or should we go? Millions of parents with children in public schools can't believe they're asking this question. But they are. And you should be asking it too. Almost overnight, America's public schools have become morally toxic. And they are especially poisonous for the hearts and minds of children from religious families of every faith, ordinary families who value traditional morality and plain old common sense. Parents' first duty is to their children: to their intellect, their character, their souls. The facts on the ground point to one conclusion: get
