 shred each page of his notes on the mutated form of the AIDS virus which he had been working on for all those years Then he
 destroyed all but a syringe full of the microorganism which he then proceeded to inject into himself through his thigh A
 contented feeling passed through his body as the beginning of his plan advanced without a hassle Imagine a world where the
 AIDS virus mutates into a more deadly form that becomes communicable by touch and leaves those it doesn't kill sterile The
 top scientists in the world are baffled and they can't stop it This nightmarish scenario becomes reality in the year 2241 The
 remnants of the biological catastrophe caused by FS Syndrome have created a world where any type of intimacy is strictly
 prohibited It is here that Susan 170 and Bob 162 two very different people fall in love with each other Follow their saga as
 they attempt the unthinkable possibility of a physical relationship and as they are pursued by two ruthless unrelenting police
 officers out to protect society by destroying them Can the compass of life determine the future of these individuals and this
