Childhood in the Works of Silvina Ocampo and Alejandra Pizarnik Fiona Joy Mackintosh,2003 In the final analysis Ocampo s works achieve equilibrium between childhood and age whereas Pizarnik s much discussed poetic crisis of exile from language itself parallels her deep sense of anxiety at being exiled from the world of childhood

BOOK JACKET *Dreams of Waking* Vincent Barletta,Mark L. Bajus,Cici Malik,2022-12-22 In this anthology Vincent Barletta Mark L Bajus and Cici Malik treat the Iberian lyric in the late Middle Ages and early modernity as a deeply multilingual transnational genre that needs to break away from the old essentialist ideas about language geography and identity in order to be understood properly More and more scholars and students are recognizing the limitations of single language nationalist and period bound canons and are looking for different ways to approach the study of literature The Iberian Peninsula is an excellent site for this approach where the history and politics of the region along with its creative literature need to be read and studied together with the way the works were composed by poets and eventually consumed by readers With a generous selection of more than one hundred poems from thirty three poets *Dreams of Waking* is unique in its coverage of the three main languages Catalan Portuguese and Spanish and lyrical styles employed by peninsular poets It contains new translations of canonical poems but also translations of many poems that have never before been edited or translated Brief headnotes provide essential details of the poets lives and a general introduction by the volume editors shows how the poems and languages fruitfully intersect With helpful annotations to the poetry as well as a selected bibliography containing the most important editions and translations from all three of the main Iberian languages this volume will be an indispensable tool for both specialists and students in comparative literature

Poetry and Pedagogy across the Lifespan Sandra Lee Kleppe,Angela Sorby,2018-10-08 This book explores poetry and pedagogy in practice across the lifespan Poetry is directly linked to improved literacy creativity personal development emotional intelligence complex analytical thinking and social interaction all skills that are crucial in contemporary educational systems However a narrow focus on STEM subjects at the expense of the humanities has led educators to deprioritize poetry and to overlook its interdisciplinary multi modal potential The editors and contributors argue that poetry is not a luxury but a way to stimulate linguistic experiences that are formally rich and cognitively challenging To learn through poetry is not just to access information differently but also to forge new and different connections that can serve as reflective tools for lifelong learning This interdisciplinary book will be of value to teachers and students of poetry as well as scholars interested in literacy across the disciplines

Hall of Theological Courage | 4 Eureka Clrce,2025

Santa Teresa Dr. Martina Bengert,Iris Roebeling-Grau,2019-07-15 Even prior to her widely observed 500th anniversary Teresa of vila 1515 1582 was already considered one of the most important authors of occidental mysticism This volume gathers together contributions from a multitude of disciplines to explore the writings

and reception of the Spanish author and saint Previously disregarded lines of tradition are explored for a new understanding of her oeuvre which is examined here with special regard to the potential to affect its readers Teresa proves to not only be an accomplished but also a very literary writer Santa Teresa proves to be a figure of cultural memory and the diffusion of her thinking is traced up to the present whereby a recurrent focus is put on the phenomenon of ecstasy Part of the widespread resonance of her work is the image of the iconic saint whose emergence as an international phenomenon is presented here for the first time The volume is closed by an interview with Marina Abramovi answering four questions about Teresa

The Intersubjectivity of the Mystic Mary Frohlich,1993 In the popular mind the mystic is seen as the supreme solitary This image if accurate would make the mystical quest marginal in an era when much theology has emphasized socially responsible praxis Against the popular image Mary Frohlich develops a theological model based on the writings of Bernard Lonergan and the self psychology of Heinz Kohut that both respects mysticism's irreducible character and shows how it concretely transforms people and systems She then applies this model to an interpretation of a classic expression of spiritual transformation the Interior Castle of the sixteenth century mystic Teresa of Avila

Lorca's Legacy Jonathan Mayhew,2018-05-15 In Lorca's Legacy Jonathan Mayhew explores multiple aspects of the creative and critical afterlife of Federico Garc a Lorca the most internationally recognized Spanish poet and playwright of the twentieth century Lorca is an iconic and charismatic figure who has evoked the admiration and fascination of musicians poets painters and playwrights across the world since his tragic assassination by right wing forces in 1936 at the onset of the Spanish Civil War This volume ranges widely discussing his influence on American theater his much debated lecture on the duende his delayed encounter with queer theory his influence on contemporary Spanish poetry and other relevant topics The critical literature on Lorca is vast and original contributions are comparatively rare but Mayhew has found a way to shed fresh light on his legacy by looking with a critical eye at the creative transformations of his life and work both in Spain and abroad Lorca's Legacy celebrates the wealth of material inspired by Lorca bringing to bear a sophisticated theoretically informed critical perspective This book will be of enormous interest to anyone interested in the international projection of Spanish literature or anyone who has felt the fascination of Lorca's duende
