a torpedo school to train Chinese technicians The mission of the ship on which he served was to open Korea then a vassal state of China s as Commodore Perry had recently opened Japan The United States was taking its first steps away from a hundred self sufficient years of splendid isolation In 1885 when the Mannix family left China the U S Army was smaller than Switzerland s and the Navy could not boast even one battleship By 1898 when Pratt was a second classman at Annapolis the Navy had grown In fact one of its several battleships the Maine mysteriously blew up in Havana harbor Pratt kept a diary of his service on the U S S Indiana during the war with Spain that followed that incident unwittingly chronicling the fading era of wooden ships and iron men It was a short war and when it was over the spoils of victory brought the United States a new international respect In a few short months President McKinley said we have become a world power For the quarter century following his graduation in June 1900 Pratt Mannix followed the sea with fierce devotion to his country with endless enthusiasm for discovering the distant and unfamiliar He was not disappointed There was beauty the breathtaking first view of the towers of Constantinople at sunrise satisfaction having a new oil burning destroyer as his first command and quelling a riot without a single shot fired There were unique challenges in the Philippines dodging the equally murderous charge of water buffalo as well as the surgically precise aim of a barong by a Moro guerrilla or in Germany avoiding a Prussian duel by serving a brandy smash punch beforehand But the most perilous challenge of all was participating in the highly secret mine barrage in the last months of World War I A total of 70 113 steel globes packed with TNT were planted in 230 miles of the North Sea between Norway and Scotland as a final deterrent to the German U boat stiletos The breadth and pace of this fascinating memoir are as much a reflection of the man who lived it as they are of the dramatic era it records Fighter peacekeeper pragmatist romantic humorist philosopher lover husband father he was each of these Of necessity and later by preference Pratt spent little time in his homeland There are some men who truly are like Pratt perhaps Whitman s voyager on trackless seas fearless for unknown shores
