Gabriel Garcia Márquez' "One Hundred Years of Solitude" as critique on latin americans? Dorothee Koch,2008-05-29 Essay from the year 2007 in the subject American Studies Miscellaneous grade A Bread Loaf School of English Middlebury College Bread Loaf School of English course 20th Century Latin American History language English abstract Garcia Marquez novel One Hundred Years of Solitude records the rise and fall of a fictional town called Macondo Although this town is invented by the author its foundation its development and its fall show social and political realities we know from Latin America s past and Colombia s history in particular The Buend a family who founded the town and lives in it for six generations throughout the novel mirrors Colombian reality post Spanish imperialism e g the Civil War the take over of the United Fruit Company of Boston the massacre of Cienaga etc All these events can be found in the book and can be related to Latin American history Since the novel is amazingly rich and breaks narrative linearity through flashbacks and flashforwards the similarities and the obvious connection between reality and fiction is used as a framework for this paper and lead to the question of whether there is a political message in the book or not Using the history of Latin America and the events in the book referring to it I will prove that there is more than just a critique on the current behaviour of Latin Americans The use of magical realism concerning time shows that history is circular it repeats itself if you do not learn through your experiences if you refuse to progress but stick to the progress of others This is the mistake the Buendias commit and this mistake should be conferred to Latin America in order to finally combat a plague of amnesia Conniff 167

One Hundred Years of Solitude Gabriel García Márquez, 2007. Many years later as he faced the firing squad Colonel Aureliano Buendía was to remember that distant afternoon when his father took him to discover ice. Pipes and kettledrums herald the arrival of gypsies on their annual visit to Macondo, the newly founded village where José Arcadio Buendía and his strong-willed wife Ursula have started their new life. As the mysterious Melquíades excites Aureliano Buendía's father with new inventions and tales of adventure neither can know the significance of the indecipherable manuscript that the old gypsy passes into their hands. Through plagues of insomnia, civil war, hauntings and vendettas the many tribulations of the Buendía household push memories of the manuscript aside. Few remember its existence and only one will discover the hidden message that it holds. This new edition of Gabriel García Márquez's most celebrated novel is published to coincide with celebrations to mark the 80th birthday of this Nobel Prize winning author in 2007.
