

THE SPEED OF LIGHT

The background of the slide features a bright, glowing light source on the right side, from which numerous rays of light emanate, spreading outwards. The rays are depicted as sharp, elongated streaks of light, creating a sense of rapid movement and energy. The overall color palette is dominated by deep blues and blacks, with the intense white and yellow of the light source providing a strong contrast. The composition is dynamic, with the light rays converging towards the source and then diverging outwards, filling the frame with a sense of cosmic scale and speed.
