## **One God Many Prophets The Universal Wisdom Of Islam:**

*One God, Many Prophets* Zachary Markwith, 2013 *One God Many Prophets* by Zachary Markwith is a lucid and compelling exposition of religious pluralism written from within the Islamic tradition Through selections from the Quran sayings of the Prophet Muhammad and the writings of Muslim philosophers and Sufis we discover that traditional Islam and Muslims acknowledge the common Divine origin of previous revelations and prophets as cardinal tenets of faith and also the esteemed status of other revealed religions and those who practice them This volume also examines fascinating and timely aspects of Islamic philosophy and spirituality alongside other wisdom traditions including Judaism Christianity Greek philosophy and Hinduism The themes and principles discussed include Islam and the perennial philosophy love of the divine feminine the metaphysics of the Self Christic Eliatic and Hermetic wisdom and traditional cosmology The universal and particular wisdom of Islam highlighted throughout this volume is an affirmation of the universal or perennial wisdom of humanity It challenges us to see Islam and all revealed religions not as competing ideologies but as paths that lead to the same summit
