Sylvia M. Vardell

Online Audiobook Library:

Listening to Learn Sharon Grover, Lizette D. Hannegan, 2012 Audiobooks not only present excellent opportunities to engage the attention of young people but also advance literacy. Learn how the format can support national learning standards and literacy skills in the K-12 curricula. *Take Your Library Workshops Online!* Anne Grant, Diana Finkle, 2016-06-20 The ethos of every library is to serve and to instruct. Library professionals teach every day in the sense that they show patrons where to find books or how to use computers. Increasingly, however, library users just don't have the time to attend face-to-face workshops in advance of needs that they may have. They want to know the answer to their questions when THEY need it, not when YOU teach it. Take Your Library Workshops Online will help you move valuable teachable moments from the physical library or classroom to virtual spaces. It features real-life examples of how to create online synchronous sessions, brief tutorials, and pointed screen captures. Learning in the online environment can happen in a two-minute video or in a creative meme like screen capture and can cover topics from logging in to a database to evaluating sources. Creating these learning objects can take from less than one day up to a week, depending on the time you have to devote to it and the level of detail required.

Audiobooks for Youth Mary Burke, 2013 Audiobooks are now a staple in most public and school libraries and with good reason, since they have a clear role in the education of today's born-digital generation. Burke, who has been following their rise in popularity for years, combines a fascinating history of the medium and practical tips for using them in a readable guide applicable to school and public librarians as well as classroom teachers. Enriched with reflections and comments from authors, audiobook narrators, producers, reviewers, and librarians, this book shows how audiobooks not only benefit struggling readers and bring families together but also fit neatly within newly accepted standards for early literacy education. Demonstrates how to use audiobooks as classroom and library tools for learning. Identifies how to locate, must-have audiobooks and offers advice for maintaining a collection. Including an overview of the major audiobook awards and lists of additional resources. Burke's guide will help librarians and educators unlock the educational potential of audiobooks for youth.

Future Directions in Digital Information David Baker, Lucy Ellis, 2020-10-24 The last decade has seen significant global changes that have impacted the library information and learning services and sciences. There is now a mood to find pragmatic information solutions to pressing global challenges. Future Directions in Digital Information presents the latest ideas and approaches to digital information from across the globe, portraying a sense of transition from old to new. This title is a comprehensive international take on key themes, advances, and trends in digital information, including the impact of developing technologies. The latest volume in the Chandos Digital Information Review Series, this book will help practitioners and thinkers looking to keep pace with and excel among the digital choices and pathways on offer to develop new systems and models and gain information on trends in the educational and industry contexts that make up the information sphere. A group of international contributors has been assembled to give their view on how information

professionals and scientists are creating the future along five distinct themes Strategy and Design Who are the Users Where Formal meets Informal Applications and Delivery and finally New Paradigms The multinational perspectives contained in this volume acquaint readers with problems approaches and achievements in digital information from around the world with equity of information access emerging as a key challenge Presents a global perspective on how information science and services are changing and how they can best adapt Gives insight into how managers can make the best decisions about the future provision of their information services Engages key practical issues faced by information professionals such as how best to collect and deploy user data in libraries Presents digital literacy as a global theme stressing the need to foster literacy in a broad range of contexts Interrogates how ready information professionals are for emergent technological and social change across the globe АНГЛИЙСКИЙ ЯЗЫК ДЛЯ АВТОМОБИЛЕСТРОИТЕЛЬНЫХ СПЕЦИАЛЬНОСТЕЙ Щербакова И. В., Фомина О. А., 2021-06-01

eBooks for Elementary School Terence W. Cavanaugh, 2014-12-02 eBooks offer students as well as teachers school and public librarians and parents tremendous possibilities This book explains how to expand and enhance the reading experience through the use of technology Today eBooks are everywhere and the use of digital learning materials is beginning to supplant traditional printed materials As the world shifts to digital books both teachers and students need to be comfortable and effective using materials in this format This book helps you to apply eBook materials to existing curricula to create interactive educational activities and have access to more materials to support reading instruction literacy standards and reading in the content areas Author Terence W Cavanaugh an expert on teaching with technology describes numerous strategies for integrating eBooks into reading instruction and remediation for students in preschool through grade 6 He covers the hardware and software used the wide range of formats available and research conducted on the use of eBooks with students as well as how to access free resources such as digital libraries and special collections that make eBooks available for schools The book also contains a chapter dedicated to using eBooks to help emergent or struggling readers

Cataloging Library Resources: An Introduction Marie Keen Shaw, 2024-08-06 This revised text is aimed specifically for library support staff and purposefully aligned with the American Library Association Library Support Staff Certification LSSC competency standards for Cataloging and Classification In recent years AACR2 rules and MARC21 cataloging standards have evolved to RDA rules and BIBFRAME standards Today catalogers must have the knowledge and skills to apply RDA rules of cataloging and use the BIBFRAME standards for data entry Written in clear language and featuring practical examples Cataloging Library Resources An Introduction Revised edition will instruct library support staff to become proficient catalogers Other books on this topic are written for professional librarians rather than support staff And although the majority of library support staff do not hold professional degrees many are expected to do the complex and technical work of catalogers This book provides many examples that support staff can use to learn how to catalog all types of library print media and digital materials using the most up to date Library of Congress standards Using this handbook as a guide readers

will be able to perform the ALA LSSC cataloging and classification competencies and the new RDA FRBR and BIBFRAME standards listed below Apply and manage the appropriate processes computer technology and equipment for cataloging and classification Apply principles of Resource Description and Access RDA and the Functional Requirements for Bibliographic Records FRBR when creating cataloging records Apply principles of the Bibliographic Framework Initiative BIBFRAME and utilize the BIBFRAME model to create cataloging records Use the basic cataloging and classification tools both print and online including bibliographic utilities and format standards Understand the value of authority control and its basic principles and can identify and apply appropriate access points for personal names corporate bodies series and subjects Explain the value and advantages of cooperative or collaborative cataloging practices to enhance services Know the basics of standard metadata formats and cataloging rules to select review and edit catalog records and to generate metadata in various formats Use and apply the classification systems of Dewey Library of Congress and Government Documents And much more

Working Remotely Molly Virello, 2022-05-09 In March of 2020 the world workforce moved to work remotely challenging the nature of what librarians accomplish while not being in their buildings and how libraries serve communities with their doors closed While the initial move to remote work was forced voices emerged that questioned why librarians couldn't work remotely for extended periods of time as part of their regular jobs Librarians are uniquely positioned to move themselves to remote work while also maintaining connections to their patron base and their colleagues but where to start Stepping outside the traditional library space librarians can carve out a space to work remotely while still retaining the ability to reach our patrons provide access to quality programming pave the way for libraries to share information promote resources and even lead change in their communities With times changing and our profession adapting so quickly this practical how to guide will help librarians set up an office space set a routine and adapt plan create implement manage and evaluate their programs and services to the best of their ability in order to unleash their library's potential to engage and wow their patrons and communities With worksheets and templates anecdotes about what works easily and what might prove challenging this book is ideal for today's librarian

[Foundations of Library Services](#) Hali R. Keeler, 2021-03-12 Trained library support staff play a critical role in assisting the user in locating and interpreting the resources available in libraries To do so requires the knowledge and practice of library missions and roles in different types of libraries and the delivery of that information to an increasingly diverse clientele The plethora of resources available today requires that support staff understand and implement the basic principles of information services as well as the responsibility and relationships among library departments and functional areas *Foundations of Library Services* is both a text for professors who teach in library support staff programs and an introductory reference manual for support staff who work in libraries As part of the Library Support Staff Series this updated edition will guide the LSS to be able to Understand the mission and role of the library in its community Be familiar with the ethics and values of the profession including those of the Library Bill of Rights the ALA Code of Ethics freedom of

information confidentiality of library records and privacy issues Know the responsibility and relationships among library departments Practice the basic principles of circulation including interlibrary loan current cataloging and classification systems and acquisitions and collection development policies Understand how libraries are governed and funded within their organizations or government structures Realize the value of cooperation to enhance services Practice quality customer service Communicate and promote the library's values and services Recognize and respond to diversity in user needs
