

The background of the book cover is a painting. On the left, a large, dark tree with a thick trunk and a wide, flat canopy stands on a rocky outcrop. A person with dark hair, wearing a blue long-sleeved shirt, is sitting on the edge of the outcrop, looking out over a vast, hazy landscape. The sky is a pale, hazy blue, and the ground in the foreground is a mix of brown and grey tones. The overall mood is contemplative and serene.

The Meaning of Trump Brian Francis Culkin, 2018-06-29 The election of Donald Trump was a shattering moment to the political sensibilities of America immediately sending the country into a frenzy of commentary critique and a never ending media coverage that has bordered on the absurd But the question still remains what does it all mean The Meaning of Trump is an ideological critique that sees the election of Donald Trump as a completely natural progression to the general trajectory of digitized technologies neoliberalism and a new breed of financialized capitalism destructive global forces that know no party affiliation or national boundary Although Donald Trump is undoubtedly the symptom that has exploded to the surface after nearly four decades of failed policies and broken promises by both Republicans and Democrats alike his election can also be seen as an existential fork in the road for both the United States and even humanity itself What path is taken still remains to be seen
