Online Come Boys Keep Their Noses:

"How Come Boys Get to Keep Their Noses?" Tahneer Oksman, 2016-02-16 American comics reflect the distinct sensibilities and experiences of the Jewish American men who played an outsized role in creating them but what about the contributions of Jewish women Focusing on the visionary work of seven contemporary female Jewish cartoonists Tahneer Oksman draws a remarkable connection between innovations in modes of graphic storytelling and the unstable contradictory and ambiguous figurations of the Jewish self in the postmodern era Oksman isolates the dynamic Jewishness that connects each frame in the autobiographical comics of Aline Kominsky Crumb Vanessa Davis Miss Lasko Gross Lauren Weinstein Sarah Glidden Miriam Libicki and Liana Finck Rooted in a conception of identity based as much on rebellion as identification and belonging these artists representations of Jewishness take shape in the spaces between how we see ourselves and how others see us They experiment with different representations and affiliations without forgetting that identity ties the self to others Stemming from Kominsky Crumb's iconic 1989 comic Nose Job in which her alter ego refuses to assimilate through cosmetic surgery Oksman's study is an arresting exploration of invention in the face of the pressure to disappear The Comics of Julie Doucet and Gabrielle Bell Tahneer Oksman, Seamus O'Malley, 2018-12-05 Winner of the 2020 Comics Studies Society Edited Book Prize Contributions by Kylie Cardell Aaron Cometbus Margaret Galvan Sarah Hildebrand Frederik Byrn K hlert Tahneer Oksman Seamus O Malley Annie Mok Dan Nadel Natalie Pendergast Sarah Richardson Jessica Stark and James Yeh In a self reflexive way Julie Doucet's and Gabrielle Bell's comics though often autobiographical defy easy categorization In this volume editors Tahneer Oksman and Seamus O Malley regard Doucet's and Bell's art as actively feminist not only because they offer women's perspectives but because they do so by provocatively bringing up the complicated multivalent frameworks of such engagements While each artist has a unique perspective style and worldview the essays in this book investigate their shared investments in formal innovation and experimentation and in playing with questions of the autobiographical the fantastic and the spaces in between Doucet is a Canadian underground cartoonist known for her autobiographical works such as Dirty Plotte and My New York Diary Meanwhile Bell is a British American cartoonist best known for her intensely introspective semiautobiographical comics and graphic memoirs such as the Lucky series and Cecil and Jordan in New York By pairing Doucet alongside Bell the book recognizes the significance of female networks and the social and cultural connections associations and conditions that shape every work of art In addition to original essays this volume republishes interviews with the artists By reading Doucet's and Bell's comics together in this volume housed in a series devoted to single creator studies the book shows how despite the importance of finding a place inside yourself to create this space seems always for better or worse a shared space culled from and subject to surrounding lives experiences and subjectivities **The Graphic Lives of Fathers** Mihaela Precup, 2020-02-21 This book explores the representation of fatherhood in contemporary North American autobiographical comics that depict paternal conduct from the

post war period up to the present It offers equal space to autobiographical comics penned by daughters who represent their fathers complicated and often disappointing behavior and to works by male cartoonists who depict and usually celebrate their own experiences as fathers This book asks questions about how the desire to forgive or be forgiven can compromise the authors ethics or dictate style considers the ownership of life stories whose subjects cannot or do not agree to be represented and investigates the pervasive and complicated effects of dominant masculinities By close reading these cartoonists complex strategies of self representation this volume also places photography and archival work alongside the problematic legacy of self deprecation carried on from underground comics and shows how the vocabulary of graphic narration can work with other media and at the intersection of various genres and modes to produce a valuable scrutiny of contemporary norms of fatherhood

Passing Fancies in Jewish American Literature

and Culture Judith Ruderman,2019-01-09 This scholarly study explores the conflicting forces of assimilation and cultural heritage in literary portrayals of Jewish American identity In *Passing Fancies in Jewish American Literature and Culture* Judith Ruderman takes on the fraught question of who passes for Jewish in American literature and culture In today's contemporary political climate religious and racial identities are being reconceived as responses to culture and environment rather than essential qualities Many Jews continue to hold conflicting ideas about their identity seeking deep engagement with Jewish history and the experiences of the Jewish people while holding steadfastly to the understanding that identity is fluid and multivalent Looking at carefully chosen texts from American literature Ruderman elaborates on the strategies Jews have used to pass from the late nineteenth century to the present nose jobs renaming clothing changes religious and racial reclassification and even playing baseball While traversing racial and religious identities has always been a feature of America's nation of immigrants Ruderman shows how the complexities of identity formation and deformation are critically relevant during this important cultural moment

Comics, Trauma, and the New Art of War Harriet E. H. Earle, 2017-06-19 Conflict and trauma remain among the most prevalent themes in film and literature Comics has never avoided such narratives and comics artists are writing them in ways that are both different from and complementary to literature and film In *Comics Trauma and the New Art of War* Harriet E H Earle brings together two distinct areas of research trauma studies and comics studies to provide a new interpretation of a long standing theme Focusing on representations of conflict in American comics after the Vietnam War Earle claims that the comics form is uniquely able to show traumatic experience by representing events as viscerally as possible Using texts from across the form and placing mainstream superhero comics alongside alternative and art comics Earle suggests that comics are the ideal artistic representation of trauma Because comics bridge the gap between the visual and the written they represent such complicated narratives as loss and trauma in unique ways particularly through the manipulation of time and experience Comics can fold time and confront traumatic events be they personal or shared through a myriad of both literary and visual devices As a result comics can represent trauma in ways that are unavailable to other narrative and artistic forms With themes such as dreams and mourning Earle concentrates on trauma in American comics after the Vietnam War Examples include Alissa Torres's *American Widow* Doug Murray's *The Nam* and Art Spiegelman's much lauded *Maus* These works pair with ideas from a wide range of thinkers including Sigmund Freud Mikhail Bakhtin and Fredric Jameson as well as contemporary trauma theory and clinical psychology Through these examples and others *Comics Trauma and the New Art of War* proves that comics open up new avenues to explore personal and public trauma in extraordinary necessary ways
