Moral Capital Its Meaning Significance:

On Moral Capital Xiaoxi Wang, 2015-01-14 This book promotes the original concept of Moral Capital as the key to analyzing the nature and function of morality in economic activities The book is divided into three major sections In the first the author argues that the logical connections between morality and economy and those between morality and profit provide a concrete theoretical basis for the concept of moral capital In the second the author elucidates the concept the form and the functional mechanism of moral capital In the third the author describes the economic ethics of traditional Chinese intellectual history especially the main idea of morality's role in economics which shows the historical narrative of this concept and provides resources on ideological history helping businesses to establish their own moral capital approaches and accumulate moral capital In the fourth the author explores the special economic role of morality and proposes an evaluation index system for assessing moral assets in enterprises demonstrating the concept of moral capital's significance from both a theoretical and application oriented standpoint

Moral Capital Senyo Adjibolosoo, 2015-12-15 This book is written to help those who are interested in knowing and understanding what moral capital is and how to develop it The contents of this book focus on how anyone interested in attaining greater insights into the moral sphere of life can develop it It is argued in this book that to enhance the quality of life one must develop his or her moral capital Moral capital is critical for personal quality of life enhanced quality of life and a peaceful community Without a well developed moral capital it is impossible for any people to build and sustain a community of great tranquility love grace compassion and forgiveness

Dividing Paradise Jennifer Sherman, 2021-03-23 How rural areas have become uneven proving grounds for the American Dream Late stage capitalism is trying to remake rural America in its own image and the resistance is telling Small town economies that have traditionally been based on logging mining farming and ranching now increasingly rely on tourism second home ownership and retirement migration In *Dividing Paradise* Jennifer Sherman tells the story of Paradise Valley Washington a rural community where amenity driven economic growth has resulted in a new social landscape of inequality and privilege with deep fault lines between old timers and newcomers In this complicated cultural reality class blindness allows privileged newcomers to ignore or justify their impact on these towns papering over the sentiments of anger loss and disempowerment of longtime locals Based on in depth interviews with individuals on both sides of the divide this book explores the causes and repercussions of the stark inequity that has become commonplace across the United States It exposes the mechanisms by which inequality flourishes and by which Americans have come to believe that disparity is acceptable and deserved Sherman who is known for her work on rural America presents here a powerful case study of the ever growing tensions between those who can and those who cannot achieve their visions of the American dream

The Ethics of Capital Punishment Matthew H. Kramer, 2011-12-15 Taking a fresh look at a central controversy in criminal law theory *The Ethics of Capital Punishment* presents a rationale for the death penalty grounded in a theory of the nature of evil and the nature of defilement

Original unsettling and deeply controversial it will be an essential reference point for future debates on the subject *The Importance of Place in Contemporary Italian Crime Fiction* Barbara Pezzotti,2012-09-20 By taking as its point of departure the privileged relationship between the crime novel and its setting this book is the most wide ranging examination of the way in which Italian detective fiction in the last twenty years has become a means to articulate the changes in the social landscape of the country Nowadays there is a general acknowledgment of the importance of place in Italian crime novels However apart from a limited scholarship on single cities the genre has never been systematically studied in a way that so comprehensively spans Italian national boundaries The originality of this volume also lies in the fact that the author have not limited her investigation to a series of cities but rather she has considered the different forms of social landscape in which Italian crime novels are set Through the analysis of the way in which cities the urban sprawl and islands are represented in the serial novels of eleven of the most important contemporary crime writers in Italy of the 1990s Pezzotti articulates the different ways in which individual authors appropriate the structures and tropes of the genre to reflect the social transformations and dysfunctions of contemporary Italy In so doing this volume also makes a case for the genre as an instrument of social critique and analysis of a still elusive Italian national identity thus bringing further evidence in support of the thesis that in Italy detective fiction has come to play the role of the new social novel **Capital Punishment in**

America Evan Mandery,2011-02-28 This revised and updated second edition is an overview of capital punishment It offers an examination of the death penalty supported by statistics and Supreme Court cases and followed by pro and con discussions The book addresses every major issue relating to the death penalty including deterrence racial impact arbitrariness its use on special populations and methods of execution This text challenges students to evaluate their beliefs and assumptions on each of the various issues surrounding this controversial subject Each chapter begins with a primer of the issue to be discussed followed by the data and critical documents necessary to make an educated assessment and concludes with essays that offer differing viewpoints by some of the best minds in the country New material added to the second edition includes updated data on deterrence new data and articles on brutalization and cost new cases and articles on the death penalty for juveniles new case and articles on the death penalty for raping a child and a new chapter on methods of execution **Poverty** Ruth Lister,2021-01-07 Poverty remains one of the most urgent issues of our time In this fully updated edition of her important and widely acclaimed intervention on the topic Ruth Lister introduces readers to the meaning and experience of poverty in the contemporary world The book opens with a lucid discussion of current debates around the definition and measurement of poverty in industrialized societies before embarking on a multifaceted exploration of its varied interpretations Drawing on thinking in the field of international development and real life accounts the book emphasizes key aspects of poverty such as powerlessness lack of voice insecurity loss of dignity and respect Ruth Lister embraces the relational cultural symbolic as well as material dimensions of poverty and makes important links between poverty and other concepts such as capabilities

agency human rights and citizenship She concludes by making the case for reframing the politics of poverty as a claim for redistribution and recognition The result is a rich and insightful analysis which deepens and broadens our understanding of poverty today It will be essential reading for all students in the social sciences as well as researchers activists and policymakers

Rethinking Multiculturalism Bhikhu C. Parekh, 2002 Bhikhu Parekh argues for a pluralist perspective on cultural diversity Writing from both within the liberal tradition and outside of it as a critic he challenges what he calls the moral monism of much of traditional moral philosophy including contemporary liberalism its tendency to assert that only one way of life or set of values is worthwhile and to dismiss the rest as misguided or false He defends his pluralist perspective both at the level of theory and in subtle nuanced analyses of recent controversies Thus he offers careful and clear accounts of why cultural differences should be respected and publicly affirmed why the separation of church and state cannot be used to justify the separation of religion and politics and why the initial critique of Salman Rushdie before a Fatwa threatened his life deserved more serious attention than it received Rejecting naturalism which posits that humans have a relatively fixed nature and that culture is an incidental and culturalism which posits that they are socially and culturally constructed with only a minimal set of features in common he argues for a dialogic interplay between human commonalities and cultural differences This will allow Parekh argues genuinely balanced and thoughtful compromises on even the most controversial cultural issues in the new multicultural world in which we live

Culture & Power David Swartz, 2024-05-31 Pierre Bourdieu is one of the world's most important social theorists and is also one of the great empirical researchers in contemporary sociology However reading Bourdieu can be difficult for those not familiar with the French cultural context and until now a comprehensive introduction to Bourdieu's oeuvre has not been available David Swartz focuses on a central theme in Bourdieu's work the complex relationship between culture and power and explains that sociology for Bourdieu is a mode of political intervention Swartz clarifies Bourdieu's difficult concepts noting where they have been misinterpreted by critics and where they have fallen short in resolving important analytical issues The book also shows how Bourdieu has synthesized his theory of practices and symbolic power from Durkheim Marx and Weber and how his work was influenced by Sartre Levi Strauss and Althusser Culture and Power is the first book to offer both a sympathetic and critical examination of Bourdieu's work and it will be invaluable to social scientists as well as to a broader audience in the humanities

The Life of Meaning Bob Abernethy, William Bole, 2011-01-04 PBS's Religion Ethics NewsWeekly which Bob Abernethy conceived and anchors has been described as the best spot on the television landscape to take in the broad view of the spiritual dimension of American life by the Christian Science Monitor Finally wrote the San Francisco Chronicle something intelligent on TV about religion Now together with his coauthor William Bole Abernethy has turned his attention to making a book that asks all the big questions and elicits the most surprising answers from a who's who of today's serious religious and spiritual thinkers from across the spectrum of faiths and denominations In this thoughtful collection extraordinary people give their personal and

private accounts of their own spiritual struggle Their insights on community prayer suffering religious observance the choice to live with or without a god and the meanings that are gleaned from everyday life form an elegant meditation on the desire for something beyond what we can see and measure More than fifty contributors including Jimmy Carter Francis Collins The Dalai Lama Robert Franklin Irving Greenberg Seyyed Hossein Nasr Harold Kushner Anne Lamott Madeleine L Engle Thomas Lynch Martin Marty Mark Noll Rachel Remen Marilynne Robinson Barbara Brown Taylor Studs Terkel Thich Nhat Hanh Phyllis Tickle Desmond Tutu Jean Vanier and Marianne Williamson The Culture of Capital Henry Turner, 2014-04-08

Leading literary critics and historians reassess one of the defining features of early modern England the idea of capital The collection reevaluates the different aspects of the concept amidst the profound changes of the period Unchopping a Tree Ernesto Verdeja, Political violence does not end with the last death A common feature of mass murder has been the attempt at destroying any memory of victims with the aim of eliminating them from history Perpetrators seek not only to eliminate a perceived threat but also to eradicate any possibility of alternate competing social and national histories In his timely and important book Unchopping a Tree Ernesto Verdeja develops a critical justification for why transitional justice works He asks What is the balance between punishment and forgiveness And What are the stakes in reconciling Employing a normative theory of reconciliation that differs from prevailing approaches Verdeja outlines a concept that emphasizes the importance of shared notions of moral respect and tolerance among adversaries in transitional societies Drawing heavily from cases such as reconciliation efforts in Latin America and Africa and interviews with people involved in such efforts Verdeja debates how best to envision reconciliation while remaining realistic about the very significant practical obstacles such efforts face Unchopping a Tree addresses the core concept of respect across four different social levels political institutional civil society and interpersonal to explain the promise and challenges to securing reconciliation and broader social regeneration

Integrity, Risk and Accountability in Capital Markets Justin O'Brien, George Gilligan, 2013-09-27 The global economy is yet to recover from the aftershocks of the Global Financial Crisis GFC In particular many national economies are struggling to adjust to austerity programs that are a direct result of the toxic effects of the crisis Governments regulatory agencies international organisations media commentators finance industry organisations and professionals academics and affected citizens have offered partial explanations for what has occurred Some of these actors have sought to introduce legislative and other regulatory initiatives to improve operational standards in capital markets However the exposure post GFC of the scandal surrounding the manipulation over many years of the London Interbank Offered Rate LIBOR highlighted that the most important obstacles to counter the destructive potential of our global finance system are normative not technical Regulating the culture of the finance sector is one of the greatest challenges facing contemporary society This edited volume brings together leading professionals regulators and academics with knowledge of how cultural forces shape integrity risk and accountability in capital markets The book will be of benefit not only to industry regulatory and academic

communities whose focus is upon financial markets and professionals It is of value to any person or organisation interested in how the cultural underpinnings of the finance sector shape how capital markets actually operate and are regulated It is a stark lesson of history that financial crises will occur As national economies become ever more inter connected and inter dependent under conditions of global financial capitalism it becomes ever more important to know how cultural and other normative forces might be adjusted to militate against the effects of future disasters *Ordinary Consumption* Jukka Gronow, Alan Warde, 2013-01-11 The sociology of consumption has concentrated unduly on the more spectacular and visual aspects of contemporary consumer behaviour thereby constructing an unbalanced and misleading view This collection emphasises ordinary rather than extraordinary items routine and repetitive behaviour rather than conscious decision making It studies practical contexts of use rather than decisions to purchase and analyses collective identification rather than personal identity Each essay argues one or more of these points for the most part using new empirical material from several different national contexts The topics analysed include shopping in Taiwan second home ownership in France environmental considerations concerning food choice in Denmark the take up of new domestic technologies in Finland and kitchen design in England Key concepts like tradition routine and habit are clarified and new conceptual distinctions are made with the book defending theoretical approaches deriving from Simmel Weber Durkheim and Bourdieu *Ordinary Consumption* promotes a distinctive approach to the understanding of the central practices of consumer society it is a book with a controversial message one which will be a source of debate about the appropriate agenda for future research Political and Civic Leadership Richard A. Couto, 2010-09-14 This work within The SAGE Reference Series on Leadership provides undergraduate students with an authoritative reference resource on political and civic leadership This 2 volume set focuses on the 100 most important topics issues question and debates specific to politics and civic society Entries provide students with more detailed information and depth of discussion than typically found in an encyclopedia entry while avoiding much of the jargon detail and density one might find in a journal article or a research handbook chapter Key Features Includes entries written by a global panel of renowned experts Offers broad coverage of important of the moment topics related to political and civic leadership including explorations of the personalities and environments of political leaders leadership roles in governance and allegiance citizen activists and civic engagement political campaigning urban politics and leadership public management ethics in politics policy development and implementation executive management of public opinion political speechmaking and the bully pulpit congressional leadership crisis management and more Considers the history of political and civic leadership with examples from the lives of pivotal figures as well as the institutional settings and processes that lead to both opportunities and constraints unique to the political realm Provides students with more depth than usual encyclopedic entries while avoiding the jargon detail and density of more advanced works Features an approachable and clear writing style with appeal to undergraduate researchers and offers a list of further readings after each entry as well as a

detailed index and an online version of the work to maximize accessibility for today's students *China's Quest for Innovation* Shuanping Dai, Markus Taube, 2019-11-06 The transition from a catching up style economy to an innovation driven economy poses a major challenge for China This book examines the major issues at stake outlines developments in crucial business fields and industries and discusses the roles of top down politics and bottom up entrepreneurship It focuses in particular on the institutional foundations of innovation arguing that successful innovation relies on the favourable interplay of business politics and society and that comprehensive institutional and organizational changes will be required in China in order for innovation to succeed Overall the book assesses how far China will be able to depart from the Western paradigm of successful innovation regimes and create its own innovation system with Chinese characteristics **Migration and Economy** Lillian Trager, 2005 Focuses on migration not as a single event but as a dynamic process that responds to and is shaped by broader economic cultural and social forces This title features individual essays that offer studies on Mexico Puerto Rico West Africa Kazakhstan and Mozambique It is useful for development anthropology migration studies and more This book focuses on the historical sociology of the Turkish state It seeks to compare the development of the Ottoman Turkish state with similar processes of large scale historical change in Europe identified by Michael Mann in *The Sources of Social Power* It traces the contours of Turkey's modernisation with the intention of formulating a fresh way to approach state development in countries on the global economic periphery particularly those attempting to effect closer ties with Northern markets It also highlights matters of social change pertinent to states grappling with issues relating to political Islam minority identity and irredentist dissent *The Catholic Church and the Nation-State* Paul Christopher Manuel, Lawrence C. Reardon, Clyde Wilcox, 2006-08-16 Presenting case studies from sixteen countries on five continents *The Catholic Church and the Nation State* paints a rich portrait of a complex and paradoxical institution whose political role has varied historically and geographically In this integrated and synthetic collection of essays outstanding scholars from the United States and abroad examine religious diplomatic and political actions both admirable and regrettable that shape our world Kenneth R Himes sets the context of the book by brilliantly describing the political influence of the church in the post Vatican II era There are many recent instances the contributors assert where the Church has acted as both a moral authority and a self interested institution in the United States it maintained unpopular moral positions on issues such as contraception and sexuality yet at the same time it sought to cover up its own abuses it was complicit in genocide in Rwanda but played an important role in ending the horrific civil war in Angola and it has alternately embraced and suppressed nationalism by acting as the voice of resistance against communism in Poland whereas in Chile it once supported opposition to Pinochet but now aligns with rightist parties With an in depth exploration of the five primary challenges facing the Church theology and politics secularization the transition from serving as a nationalist voice of opposition questions of justice and accommodation to sometimes hostile civil authorities this book will be of interest to scholars and students in religion and politics as well as

Catholic Church clergy and laity By demonstrating how national churches vary considerably in the emphasis of their teachings and in the scope and nature of their political involvement the analyses presented in this volume engender a deeper understanding of the role of the Roman Catholic Church in the world

Traumatic Storytelling and Memory in Post-Apartheid South Africa Christopher J. Colvin, 2018-12-14 This book explores the practice of traumatic storytelling that emerged out of the South African Truth and Reconciliation Commission and came to play a key role in the lives of the members of the Khulumani Support Group for victims of apartheid era political violence Group members found traumatic storytelling both frustrating and yet also an important form of memory work that shaped how they saw themselves in the post apartheid era Drawing on ethnographic fieldwork the author examines how traumatic storytelling functioned not only as a kind of psychological healing and national political theatre but also as a potent form of social relation economic exchange political activism and expressive practice With emphasis on the personal social and political significance of the act of traumatic storytelling this volume asks why members of Khulumani despite their many disappointments continued to engage intensively in storying their experiences for themselves and others Examining what powers storytelling held for both group members and their witnesses and considering the ways in which storytelling enabled new senses of self and new understandings of what was possible in the years after the end of apartheid this book considers what we might learn more broadly from the experiences of Khulumani about the possibilities and limits of traumatic memory making as an instrument of personal social and political repair As such it will appeal to scholars of sociology anthropology and criminology with interest in justice and post conflict societies

Leadership Ronald R. Sims, Scott A. Quatro, 2015-01-28 The contributors to this wide ranging volume seek to define exactly what leadership is or should be and how to effectively develop it Guided by an unusual framework that looks at leadership across different sectors and functions they examine what they view as the major leadership challenges in highly visible for profit not for profit and government organizations throughout the world Their insights will prove equally useful as a general survey of leadership problems for executive policy makers and for undergraduate and graduate students in the specific fields examined in the text
