the questions which underlie business activities arguing that the prime object for a legitimate business must be sustainability. It also looks at the issues between individuals and business and asks whether businesses can support their employees as an alternative to family and church. Finally it assesses the impact of most recent trends in business looking at the activities of multinational companies, the changing gender balance, privatization, the loss of power of the trade unions. *Power, Politics, and Organizational Change* David Buchanan, Richard Badham, 2008-02-19. Many books on management are sanitized, cleanly technical accounts of the unreality of managerial life and work. Politics hardly feature. This book tells it like it is; it dishes the dirt, gets low down into the funky and fascinating politics of organizational life. Stewart Clegg, Aston Business School and University of Technology Sydney. Combining a practical and theoretical guide to the politics of organizational change, this book provides an exceptional resource to students of change management and organizational behaviour. Buchanan and Badham show how the change agent who is not politically skilled will fail and that it is necessary to be able and willing to intervene in the political processes of the organization. This revised edition includes a range of excellent new material and features including a new chapter on gender in approaches to organization politics, a full range of teaching materials including case studies, incident reports, self-assessments and more. Each chapter recommends a feature film or DVD to illustrate aspects of organization politics, fresh research evidence, recent literature on the nature of entrepreneurial politics, a model of political expertise and how that can be developed. This lively and engaging book is key to MBA and other Masters degree candidates taking courses in change management and organizational behaviour. It will also be valuable for practising managers on tailored executive programmes in organization politics.
