Both are included in *The Yellow Wall Paper and Selected Writings* along with a selection of Gilman's major short stories and her poems. New York Times bestselling author Kate Bolick contributes an illuminating introduction that explores Gilman's fascinating yet complicated life. Assassinations That Shaped the Ancient World Phil Carradice, 2025-04-28. Explores the history of political assassinations from ancient Egypt to the Dark Ages, examining notable figures and motivations. Assassination: just mentioning the word is enough to send a shiver up the spine. And yet for many years the deliberate act of taking out notable public figures has been the mainstay of political factions and individuals when faced with problems and dilemmas that discussion and debate cannot

solve Most monarchs statesmen and military commanders of the ancient world whether they were successful or failures had to deal with threats At one stage or another in their careers they would all have been vulnerable to unexpected attacks They would all have been potential targets for assassin s blades or poison And they knew it So common was the assassination of notable individuals that it became almost an occupational hazard in the ancient world From Pharaoh Teti the first recorded victim of assassination to Julius Caesar despatched on the Ides of March from Pompey the Great to Commodious the Gladiator Emperor of Rome so many rulers perished before their allotted period of time In this new book Phil Carradice takes a broad sweep at assassinations in the ancient world Beginning with the Egyptian Empire it traces the assassin s art through Greek Roman Biblical Chinese Byzantine and other periods or empires up to and including the Kings and Emperors of the Dark Ages The book does not stop there It examines individual assassinations motivation and practice and looks at assassination groups such as the thuggee of India and the Sacred Band of Thebes
