More Than Equals Spencer Perkins, Chris Rice, 2021-06-08 Telling the stories of Spencer Perkins and Chris Rice as they served together in an intentionally multiracial ministry this landmark book offers an example of how racial reconciliation is possible and also critical to Christian discipleship With biblical grounding hopeful realism and practical detail this new edition is now available as part of the IVP Signature Collection *More Than Equals* Spencer Perkins, Chris Rice, 2021-11-04 The first step in the reconciliation process Spencer Perkins writes is admitting that the race problem exists and that our inability to deal with race has weakened the credibility of our gospel When longtime ministry partners and friends Spencer Perkins and Chris Rice began writing *More Than Equals* in the early 1990s their goal was to offer an example of how racial reconciliation is possible and also critical to Christian discipleship This landmark book tells the stories of two men from very different backgrounds embarking on the complex costly journey of healing across racial divides Perkins who witnessed repeated hypocrisy from white Christians and witnessed his bloodied pastor activist father after a brutal police beating wondered how it was possible to love white people Rice who grew up as a white missionary kid and thought of himself as progressive was surprised by the tensions he encountered as a volunteer at a majority black church and by his own blind spots As they served together in an intentionally multiracial ministry both gained insight into why this work is so challenging and how Christians can do it well in dependence on God With biblical grounding hopeful realism and practical detail *More Than Equals* provides a helpful framework for Christians engaged in the deep ongoing surgery of racial healing Now available as part of the IVP Signature Collection this edition includes a new preface by Rice and a study guide for group discussion **MORE THAN EQUALS** SPENCER PERKINS AND CHRIS. RICE, 2021 *Neighborology* Dr. David S. Apple, 2017-01-24 Written as a follow up to *Not Just a Soup Kitchen* David Apple's *Neighborology* provides a blueprint for how churches and servant leaders of every ministry can be neighborly helpers Apple provides insight into developing the heart of a servant by modeling the compassion of Jesus Christ and presenting practical instruction and invaluable resources This book is a must read for servants of today and tomorrow *Disarming the Church* Eric A. Seibert, 2018-04-11 If Christians follow the Prince of Peace why do they often behave so violently What can be done to transform the church so that it looks more like Jesus Eric Seibert explores these questions in this important and timely study He builds a biblical and practical case for living nonviolently in all areas of life and urges Christians to reexamine their most fundamental attitudes toward violence warfare and killing Through true stories and careful analysis Seibert demonstrates that it is possible to resolve conflict correct injustice and stop oppression without resorting to violence Many nonviolent alternatives are discussed throughout the book alternatives that can be used in a wide range of situations from dealing with an unwanted intruder at home to removing a dictator from power In a world filled with so much violence hate and fear alternatives like these are desperately needed This book offers hope that a better way is possible one that has the potential to transform the

Shelton, Michael Oluf Emerson, 2012-10-08 In this engaging and accessible sociological study of white and black Christian beliefs Jason E. Shelton and Michael O. Emerson push beyond establishing that there are racial differences in belief and practice among members of American Protestantism to explore why those differences exist Protestantism in America Randall Balmer, 2005-11-18 As America has become more pluralistic Protestantism with its long roots in American history and culture has hardly remained static This finely crafted portrait of a remarkably complex group of Christian denominations describes Protestantism's history constituent subgroups and their activities and the way in which its dialectic with American culture has shaped such facets of the wider society as healthcare welfare labor relations gender roles and political discourse Part I provides an introduction to the religion's essential beliefs a brief history and a taxonomy of its primary American varieties Part II shows the diversity of the tradition with vivid accounts of life and worship in a variety of mainline and evangelical churches Part III explores the vexed relationship Protestantism maintains with critical social issues including homosexuality feminism and social justice The appendices include biographical sketches of notable Protestant leaders a chronology a glossary and an annotated list of resources for further study *Open Friendship in a Closed Society* Peter Slade, 2009-10-09 Peter Slade examines Mission Mississippi's model of racial reconciliation which stresses one-on-one individual friendships among religious people of different races and considers whether it can effectively address the issue of social justice Slade argues that Mission Mississippi's goal of changing Mississippi one relationship at a time is both a pragmatic strategy and a theological statement of hope for social and economic change in Mississippi Kingdom Ethics, 2nd ed. Knight, 2012 Is postmodernism right Henry Knight says No by interpreting evangelical theology's insistence on religious experience and the transformed heart that is faithfully lived out in community Original Sin? Willie Barnes, Jr., J. Scott Carter, 2025-09 *Original Sin* explores the ways that a multiracial church struggles with race racism and social activism during a turbulent time in U.S. history In the shadow of the

murder of George Floyd the authors show how members and leaders of Without Walls Church a multiracial church claiming over thirty six thousand members perpetuate a racial ideology based in color blind theological teachings that minimizes teachings on racism in the church and social activism outside the church Barnes and Carter also shed light on church practices and policies that reproduce racial inequality and shaped the church's early response to the murder of George Floyd

Original Sin shows us that despite being diverse places of worship and despite shifting demographics churches like this one face challenges that lead to the reproduction of the racial status quo

There's More Leaves on the Tree Charles Lee Bilberry, 2011-07-16

There's More Leaves on the Tree is about the author's 14 year journey in search of his great grandfather's Frank Bilberry's white father and African American mother The book starts out with a visit to his grandfather's Ladell Bilberry old home site The visit reveals that the old home site was now overtaken by the forest where it can barely be found any longer The home he knew as a child has now fallen down with a few remnants left from the past It was a place where his ancestral family and extended families once bought land raised and sold crops to make the best living they could He reminisces about how his mother and father once lived in this area His mother really didn't like living on a farm and designed a way to convince her husband to move closer to the town of Marion Louisiana The author writes a chapter about The End of Jim Crow Education in Union Parish Louisiana He recalls how the Plessy vs Ferguson doctrine of 1896 and the Brown vs Education doctrine of 1954 co existed at the same time One law allowed African Americans to have separate but equal facilities as Whites but in 1954 the Brown vs Board of Education stated it was acceptable to go to the same schools The book delineates the struggle his high school the community and the Union Parish School Board had in trying to reconcile this dilemma when it was time for the senior class to graduate in 1970 The Bilberry surname originated from White immigrants from Alabama who made their way to the rich fertile land of Union Parish Louisiana Most of them bought land raised and sold crops to make their living Many owned slaves Slaves were valuable property to the slave owners Many mulatto children were fathered by slave owners with the slave female It was not uncommon for this to continue after the emancipation of the slaves The latter is the case with Frank Bilberry He was born circa 1878 to a former slave holder that lived near his mother's family His white father sired several other sister and brothers other slave and former wome Like many other slaves of South several slaves used the surname Bilberry after their master's name after being emancipated The book is filled with pictures that follows along with the story of the book It has an extensive appendix at the end of the book that includes death certificates marriage licenses land patents obituaries and photographs of both white and black Bilberry's and their extended families Honeycutts Horn Nelson Bridges Feazel Wilhite Warren Burch Ellis Archie Armstrong Roberts Robinson Montgomery and more of Union Parish Louisiana Every Family has a family story to tell but someone must be willing to tell it

A Just World Heon Kim, 2014-09-26

A Just World Multi disciplinary Perspectives on Social Justice is a multi disciplinary analysis of social justice intended to foster scholarly discussion on a just world The contributors to this volume maintain that

justice in society is a most pressing concern in the world today and discussion about it must be beyond theory practical and multi disciplinary While dialogue concerning social justice occurs in many academic disciplines it can be neither solely an issue of nor fully understood by one discipline Its complex involvement in all human social life necessitates a multi disciplinary approach To this end this volume offers an inter disciplinary insight into what social justice means today and how it can be achieved to create a more just world Eight scholars representing different disciplines shed light on various aspects of social justice today from their unique perspectives the humanities the social sciences the business world and the field of education Without losing their unique approaches to social justice they are inclusive in this collection These contributors directly address problems facing our societies today from a broad spectrum of capitalist neo liberal world order and with specific cases including the Arab Spring and the Occupy Movement In addressing the problems the chapters in this volume also reveal deep seated causes of the problems and thereby identify the nature and characteristics of social justice in a contemporary context providing considerable insight into long term sustainable solutions toward more just societies and a just world A Just World Multi disciplinary Perspectives on Social Justice is unique in that it provides the most recent discussion on the timely topic of social justice Given the matchless credentials of the contributors the editor is confident that this volume will be received as nothing short of a landmark in multi disciplinary discussion on social justice It is destined to also make a considerable impact in charting new directions for future scholarly work on justice The sweeping global problem of injustice has resulted in a considerable number of studies however there has been little done to examine justice from a multi disciplinary perspective and this volume fills that void particularly as it presents common features of today s problems and discusses global social justice While this volume provides discourse by specialists in justice it will attract a readership beyond academia and will catch the attention of anyone who is interested in justice and who seeks a just world **When**

Diversity Drops Julie J. Park, 2013-07-16 Julie J Park examines how losing racial diversity in a university affects the everyday lives of its students She uses a student organization the InterVarsity Christian Fellowship IVCF at California University as a case study to show how reductions in racial diversity impact the ability of students to sustain multiethnic communities The story documents IVCF s evolution from a predominantly white group that rarely addressed race to the most racially diverse campus fellowship at the university However its ability to maintain its multiethnic membership was severely hampered by the drop in black enrollment at California University following the passage of Proposition 209 a statewide affirmative action ban Park demonstrates how the friendships that students have or do not have across racial lines are not just a matter of personal preference or choice they take place in the contexts that are inevitably shaped by the demographic conditions of the university She contends that a strong organizational commitment to diversity while essential cannot sustain racially diverse student subcultures Her work makes a critical contribution to our understanding of race and inequality in collegiate life and is a valuable resource for educators and researchers interested in the influence of racial politics on students lives
