Seidel, 2017-12-06 This book introduces the reality of the spirit world and how to best prepare ourselves for our eternal life there It contains philosophical and theological background to our understanding of the spiritual realm numerous testimonies from near death experiences that affirm the continued existence of the spirit after the death of the physical body practical information on life in the spirit world and messages from those who have ascended to their loved ones remaining on earth Demystifying Death and Life After Rajendra Tiwari, 2025-07-30 The fear of death is only due to ignorance Whoever knows this secret removes the veil of the unknown and becomes enlightened with the light of knowledge The content described in the book is not imaginary on the contrary it is replete with actual experiences Attempt has been made to gather some knowledge and to get acquainted with death and its process Whether there is extreme unbearable discomfort at the last stage has been answered As a result of interviews with the spirits one message repeatedly received that is Mend your ways otherwise there are problems at the time and after death The purpose of this book is to know what we should do so that death is a pleasant experience Quotes of the principle of Karmayoga as mentioned in Shrimad Bhagwat Geeta have also been described *The Highlands of Heaven* Rev. George Vale Owen, 2016-01-03 Softcover This is the second volume of a five volume set received in the period 1913 on and first published in 1920 The recorder is Rev George Vale Owen vicar of Orford Lancashire The messages published in this book were serialised in a daily newspaper by the owner Lord Northcliffe As such they were widely acclaimed This particular volume is recited by Zabdiel a spirit residing in what we would call the Fifth Sphere but which in this series is called the Tenth Many topics are covered and once again you get the feeling that you are a part of the action He describes his own home the inter relation of the various spheres creation of the species the blindness of intellectual arrogance many of the Temples and wonderful events of glorious thanksgiving meeting his own guide for the first time events at the Children's home and his own ascension to a higher sphere *More about Life in the World Unseen* Anthony V. Borgia, 1957 **The Ministry of Heaven** Rev. George Vale Owen, 2016-01-04 Soft Cover This book was originally published in England in 1920 and is the third of a five volume set The recorder is the Rev G Vale Owen vicar of Orford Lancashire The famous Arthur Conan Doyle someone who had a great deal of interest in Life after Death contributed an introduction to all five volumes The messages contained in this book were also published in a daily newspaper by the owner Lord Northcliffe As such they were widely read and widely acclaimed This particular volume is recited by Leader a spirit residing in what we would call the Fifth Sphere but which in this series is called the Tenth Many topics are covered and once again you get the feeling that you are a part of the action The most amazing of these is a journey into the hells which eventually resulted in the release of 144 000 spirits from the clutches of a single dark spirit and their

resettlement in an area of marginally more light where they could set about rehabilitating themselves **Down to Earth** Robert Brown,2019-10-31 Down to Earth is a story about a group in the spirit world motivated to help mankind live good and purposeful lives who develop the technology to show people what spirit world is like with live interactive views We follow this group from the first break through to full stadiums streaming to a live television audience seeing heaven for the first time The Earth is introduced to the awe inspiring higher realms and also the dark ugly and hideous lower realms The outreach from heaven and the response creates a dramatic and heart inspiring story Forward by David and Takeko Hose Authors of Every Day God Edited by Joy Pople **The Battalions of Heaven** Rev. George Vale Owen,2016-01-05 Soft Cover This is the fourth volume of a five volume set received in the period 1913 on and first published in 1920 The recorder is the Rev G Vale Owen vicar of Orford Lancashire The messages contained in this book were also published in a daily newspaper by the owner Lord Northcliffe As such they were widely read and widely acclaimed It is curious therefor that they have slipped into relative obscurity even though they were widely accepted within the Church of England and beyond This particular volume is dictated by Arnel a spirit residing in what is termed the Tenth Sphere in this series but which will be more familiar as the Fifth Sphere to readers of other similar publications This book is more philosophical than the earlier volumes However one major event is described that lasted many years Apparently because of the very poor spiritual condition of mankind the energy signature surrounding the earth had begun to negatively influence inhabited planets in our vicinity **Is Reincarnation an Illusion?** Geoff Cutler,2011-07-11 This book is a tour through most of the significant spiritualist literature from the last 100 years It also includes a significant amount of material that is not well known even though it has been around a long time This book covers Eastern beliefs The Bible Where is the mind Past Life Memories Past Life researcher Ian Stevenson The Law of Attraction Trying to Reincarnate The soul and the spirit body Sleeping Survivors Non survivors of death Hell Getting out of Hell Progress in spirit Hearing from famous spirits Soul Progression the perfect Guide What really happens after death Please note this book contains all of the content from the separate publication entitled Getting the hell Out of Here This is the Third Edition *The Outlands of Heaven* Rev. George Vale Owen,2016-01-05 Soft Cover Second Edition This book was originally published in England in 1921 and is the fifth of a five volume set The first half of the book covers how children learn and teach themselves Then the second part of the book deals with the borderlands These are the planes just outside the real hells It would appear that the Law of Attraction is somewhat elastic as there are many cases of spirits travelling further than their condition really would befit them There are also some anecdotes of how they handle massacres where not surprisingly the dead guys want to rush back and get their revenge There is one story of how Wolthere a woman with several centuries of experience here handles on her own 10 000 guys who don t want their leader to be a woman and are about so they think to make some changes The third part of this book comes from Paul and Albert previously published separately It is their detailed first hand account of the hells **The World Unseen** Anthony

Borgia,2013-03 Is there really such a thing as heaven where God has prepared a place for us Or does life for us begin and end on planet Earth Are all those orbs in the seemingly infinite universe just there for us to admire as we gaze up into the night sky Or is there life on those other worlds When we die our body remains behind on this planet but where does the real us soul spirit consciousness go Can something so vital one minute disappear into nothingness the next Some say that we cannot know that nobody has ever come back to tell us But is this true Many believe that angelic beings as well as the dead can transmit information to us telepathically via gifted human receivers and many accounts brought through from the other side indicate that the universe is teeming with life This compilation of three popular books channeled through Anthony Borgia Life in the World Unseen More About Life in the World Unseen and Here and Hereafter will give you a glimpse of the places we are destined to inhabit when our lives on earth are over The World Unseen is the first volume in the LIFE ON OTHER WORLDS SERIES comprising classic accounts of the afterlife collected from many sources Descriptions vary yet a thread of similarity runs through them all just as descriptions of life on Earth by a New Yorker a Tahitian and an ancient Egyptian would bear likeness to one another Would you get on a plane to China without first learning something about the country and its inhabitants Probably not Yet most of us do just this when we approach the end of our lives on earth It is hoped that these books will serve as a travel guide as we embark on our greatest adventure the journey into the mysterious realm beyond this world told by those who are already there Are these accounts true Only you can judge that for yourself
