Tanner, 1994-11-22 Tanner deals with the central question of all narrative texts how the reader is manipulated into empathy or distance by the text This study is the sort that needs to be redone in every classroom and by every mature reader Tanner offers provocative and useful discussions of rape and torture Choice This thoughtful and disturbing book raises serious questions about the consequences of reading representations of rape and torture American Literature In this incisive exploration of twentieth century novels art and ads Laura Tanner explains the mechanisms by which reader and viewer are implicated in violence Equally effective as a challenge to textual assault is the grace and gentleness of Tanner's own prose Intimate Violence signals the emergence of an astute and humane critical voice Wendy Steiner Through an examination of such notorious works as *The White Hotel* and *American Psycho* Laura Tanner leads us in a disturbing exploration of the reader's complicity with fictional depictions of intimate violence **The Junior College Library Collection**, 1970 *By Words Alone* Sidra DeKoven Ezrahi, 2008-10-03 The creative literature that evolved from the Holocaust constitutes an unprecedented encounter between art and life Those who wrote about the Holocaust were forced to extend the limits of their imaginations to encompass unspeakably violent extremes of human behavior The result as Ezrahi shows in *By Words Alone* is a body of literature that transcends national and cultural boundaries and shares a spectrum of attitudes toward the concentration camps and the world beyond toward the past and the future **Worlds in Consciousness; Mythopoetic Thought in the Novels of Virginia Woolf** Jean O. Love, 1970 **Writing Ground Zero** John Whittier Treat, 1995 Treat summarizes the Japanese contribution to such ongoing international debates as the crisis of modern ethics the relationship of experience to memory and the possibility of writing history This Japanese perspective he shows both confirms and amends many of the assertions made in the West on the shift that the death camps and nuclear weapons have jointly signaled for the modern world and for the future Theology and Issues of Life and Death John Heywood Thomas, Susan F
