I've tried playing it cool
But when I'm looking at you
I can't ever be brave
Cause you make my heart race
Shut me out of the sky
You're my kryptonite
You keep making me weak
Yeah, frozen and can't breathe

Something's gotta give now
Cause I'm dying just to make you see
That I need you here with me now
Cause you've got that one thing

So get out, get out, get out of my head
And fall into my arms instead
I don't, I don't, don't know what it is
But I need that one thing
And you've got that one thing

Now I'm climbing the walls
But you don't notice at all
That I'm going out of my mind
All day and all night
Something's gotta give now
Cause I'm dying just to know your name
And I need you here with me now
Cause you've got that one thing

So get out, get out, get out of my head
And fall into my arms instead
I don't, I don't, don't know what it is
But I need that one thing
Get out, get out, get out of my mind
And come on, come into my life
I don't, I don't, don't know what it is
But I need that one thing
And you've got that one thing

The Mythology of Dance Harry Eiss,2013-09-18 The lights dim and soon the theatre becomes dark The audience conversations end with a few softly dissipating whispers and the movie begins Nina Sayers a young ballerina dances the prologue to Tchaikovsky s Swan Lake a ballet expressing a story drawn from Russian folk tales about a princess who has been turned into a White Swan and can only be turned back if a man swears eternal fidelity to her However this is not that ballet This is the beginning of Black Swan a controversial movie employing symbolism in a complex interweaving of dance and film to reveal the struggles and paradoxes of everything from a female rite of passage to questions about where artistic expression should demand self sacrifice and whether such sacrifice is worth the price The dance floor is the stage of life the place where physical actions take on the symbolic meanings of mythology and express the deepest archetypes of the human mind This book explores how dance gives shape to those human needs and how it reflects and even creates the maps of meaning and value that structure our lives Though the volume looks at all the forms of dance it focuses on three main categories in particular religious social and artistic Since the American Musical and subsequent Musical Videos have both reflected and influenced our current world they receive the most space such acclaimed performers as Fred Astaire Gene Kelly Judy Garland Ricky Nelson Elvis Presley and Michael Jackson such important composers and lyrists as Gershwin Rodgers and Hammerstein Porter Berlin Webber Bernstein the Beatles and the Who and such choreographers as Graham Balanchine Robbins and Fosse are examined in particular detail

Bob Dylan Outside the Law Robert Reginio,2025-09-26 This book argues that the songs on Bob Dylan s John Wesley Harding are deeply concerned with the

fractures in collective memory and politics contemporary with its composition and recording The songs are thorough investigations of the ethics of memory in America Critics and curators frame this song series as a return to Dylan's folk roots and as a retreat from the political Specifically critics argue that Dylan on this album retreats from the explicitly political into the realm of timeless universal moral concerns as if these discourses can be so separated The present book seeks to remedy these oversights and illuminate the reception of Dylan's songwriting art The summer of 1967 was understood by white middle class young people as The Summer of Love For African Americans 1967 was understood as The Long Hot Summer of racial tension and rioting Dylan's aversion to The Summer of Love is well documented and John Wesley Harding is understood by critics as yet another step by Dylan away from his audience's desires This book examines what the album's provocation entails it asserts that the album is a reckoning with the tensions in American memory and history that subtend the explosive Long Hot Summer The book deploys a method informed by poststructuralism especially the work of Jacques Derrida to dismantle the notion of original and authentic forms and histories to which one can return and explain how this ironic dismantling expresses a deeply felt ethical response to American memory and its discontents In so doing the book asks how art can respond to our chaotic and strife-ridden century *A Survey of Maithili Literature* Radhakrishna

Choudhary, 1976 **Giving Voice to Love** Judith A. Peraino, 2011-11-28 The lyrics of medieval courtly love songs are characteristically self-conscious Giving Voice to Love investigates similar self-consciousness in the musical settings Moments and examples where voice melody rhythm form and genre seem to comment on music itself tell us about musical responses to the courtly chanson tradition and musical reflections on the complexity of self expression **Indexing Authenticity**

Véronique Lacoste, Jakob Leimgruber, Thiemo Breyer, 2014-10-14 The concept of authenticity has received some attention in recent academic discourse yet it has often been left under defined from a sociolinguistic perspective This volume presents the contributions of a wide range of scholars who exchanged their views on the topic at a conference in Freiburg Germany in November 2011 The authors address three leading questions What are the local meanings of authenticity embedded in large cultural and social structures What is the meaning of linguistic authenticity in delocalised and or deterritorialised settings How is authenticity indexed in other contexts of language expression e.g. in writing or in political discourse These questions are tackled by recognised experts in the fields of sociolinguistics linguistic anthropology and contact linguistics While by no means exhaustive the volume offers a large array of case studies that contribute significantly to our understanding of the meaning of authenticity in language production and perception **Literature, Its Principles and Problems** Theodore

Whitefield Hunt, 1906 **The Friendship Cure** Kate Leaver, 2018-10-23 Our best friends Twitter followers gal pals bromances Facebook friends and long distance buddies define us in ways we rarely openly acknowledge But as a society we are simultaneously terrified of being alone and already desperately lonely We move through life in packs and friendship circles and yet in the most interconnected age we are stuck in the greatest loneliness epidemic of our time It's killing us

making us miserable and causing a public health crisis Increasingly we don't just die alone we die because we are alone What if meaningful friendships are the solution Journalist Kate Leaver believes that friendship is the essential cure for the modern malaise of solitude ill health and anxiety and that if we only treated camaraderie as a social priority it could affect everything from our physical health and emotional well being Her much anticipated manifesto *The Friendship Cure* looks at what friendship means how it can survive why we need it and what we can do to get the most from it Why do some friendships last a lifetime while others are only temporary How do you break up with a toxic friend How do you make friends as an adult Can men and women really be platonic What are the curative qualities of friendship and how we can deploy friendship to actually live longer better lives From behavioral scientists to besties Kate draws upon the extraordinary research from academics scientists and psychotherapists and stories from friends of friends strangers from the Internet and her squad to get to the bottom of these and other facets of friendship For readers of Susan Cain's *Quiet* and Elizabeth Gilbert's *Big Magic* *The Friendship Cure* is a fascinating blend of accessible smart thinking investigative journalism pop culture and memoir for anyone trying to navigate this lonely world written with the wit charm and bite of a fresh voice *Literature*

Robert DiYanni, 2001-07 This anthology offers a lively introduction to the study of fiction poetry and drama and is appropriate for introduction to literature courses as well as literature based composition courses Known for its clear presentation of the formal elements of literary analysis DiYanni's *Literature* effectively balances classical modern and contemporary works across the three major genres blending well known writers with a diverse gathering of newer international figures This literary breadth is supplemented by extensive coverage of writing about literature making DiYanni an excellent resource for literature instructors who want a full featured anthology *The Critical Perspective: Early victorian* ,1885 *Graham's Magazine* ,1853 ***Graham's American Monthly Magazine of Literature, Art, and Fashion*** ,1853 *The Unraveling of America* Allen J. Matusow, 2009 In a book that William E Leuchtenburg writing in the *Atlantic* called a work of considerable power Allen Matusow documents the rise and fall of 1960s liberalism He offers deft treatments of the major topics anticommunism civil rights Great Society programs the counterculture making the most throughout of his subject's tremendous narrative potential Matusow's preface to the new edition explains the sometimes critical tone of his study *The Unraveling of America* he says was intended as a cautionary tale for liberals in the hope that when their hour struck again they might perhaps be fortified against past error Now that they have another chance a look back at the 1960s might serve them well *Narratology and Interpretation* Jonas Grethlein, Antonios Rengakos, 2009-08-17 The categories of classical narratology have been successfully applied to ancient texts in the last two decades but in the meantime narratological theory has moved on In accordance with these developments *Narratology and Interpretation* draws out the subtler possibilities of narratological analysis for the interpretation of ancient texts The contributions explore the heuristic fruitfulness of various narratological categories and show that in combination with other approaches such as studies in deixis performance studies

and reader response theory narratology can help to elucidate the content of narrative form Besides exploring new theoretical avenues and offering exemplary readings of ancient epic lyric tragedy and historiography the volume also investigates ancient predecessors of narratology **Dictionary of the Old Testament: Wisdom, Poetry & Writings** Tremper Longman III, Peter Enns, 2010-05-11 Tremper Longman III and Peter E Enns edit this collection of 148 articles by over 90 contributors on Job Psalms Proverbs Ecclesiastes Song of Songs Lamentations Ruth and Esther
