The Gospel of the Redman, 2006 Considered one of the best books on Native Americans ever written The author and compiler reveals how Indians once lived and what they believed in relation to spiritual principles As we move further away from the time when Native Americans were living completely free and unencumbered in what was to become the United States before the arrival of the white man it becomes increasingly difficult to preserve or remember the way of life that they had Seton preserves all of the most important information in this book gathered from the best sources at a time when it could still be accurately found Like other Bibles it includes creation stories and mythology as well as the trials and tribulations of the people Chapters include The Soul of the Red Man covering spiritual beliefs The Ancient Way is about family life laws and medicine men The Wisdom of the Old Men covers the ancient teachings and myths and Prophets of the Red Race shares stories on 13 different prophets including Hiawatha Tecumseh Crazy Horse Sitting Bull Wabasha Geronimo and Wovoka The Epilogue originally written shortly after the Great Depression repeatedly emphasizes the failures of the white race due to money madness and how important it is to bring back an awareness that is not based so heavily on materialism

Beneath the verandah of a handsome comfortable looking residence near Georgetown the principal town of British Guiana a young man sat one morning early in the year 1890 attentively studying a volume that lay open on a small table before him It was easy to see that he was reading something that was for him at least of more than ordinary interest something that seemed to carry his thoughts far away from the scene around him for when presently he raised his eyes from the book they looked out straight before him with a gaze that evidently saw nothing of that on which they rested He was a handsome young fellow of perhaps twenty two years of age rather tall and well made with light wavy hair and blue grey eyes that had in them an introspective somewhat dreamy expression but that nevertheless could light up on occasion with an animated glance The house stood on a terrace that commanded a view of the sea and in the distance white sails could be seen making their way

across the blue water in the light breeze and the dazzling sunlight Nearer at hand were waving palms glowing flowers humming insects and gaudily coloured butterflies all the beauties of a tropical garden On one side of him was the open window of a sitting room that shaded as it was by the verandah looked dark and cool compared with the glare of the scorching sun outside From this room came the sounds of a grand piano and of the sweet voice of a girl singing a simple and pathetic ballad Report United States.
