- ISBN-13 : 9780195130782

Book Synopsis

One of the Guys: Girls, Gangs, and Gender examines the causes, nature, and meaning of female gang involvement. Miller situates the study of female gang membership in the context of current directions in feminist scholarship and research on both gangs and female criminal offenders. Unique in its approach, this book is a comparative study that examines both gang members and nongang members to provide an accurate picture of the nature of gang life. The author draws on interviews from two contrasting cities, St. Louis, Missouri and Columbus, Ohio. While both cities have relatively new gang histories, their socioeconomic conditions are notably different. The book opens with a foreword written by Malcolm W. Klein, a leading authority on youth gangs. Miller examines how and why girls join gangs; the nature of girls involvement in gangs; how gang involvement shapes girls participation in delinquency and their risk of victimization; and the ways in which gender affects their gang experience. Miller concludes by drawing out implications for gender and crime and the study of female lawbreaking. Written in a lively and personal style, One of the Guys: Girls, Gangs, and Gender includes rich, extensive interviews offering fascinating excerpts from the girls themselves. Miller examines these dialogues in order to explore gender identities within gangs. One of the Guys: Girls, Gangs, and Gender is an ideal text for courses which focus on juvenile delinquency, women and crime, gang activity, and female lawbreaking.

One Of The Guys Girls Gangs And Gender

Shelly Clevenger, Jordana N. Navarro

One Of The Guys Girls Gangs And Gender:

One of the Guys Jody Miller, 2001 Examines the causes nature and meaning of female gang involvement Criminologist Miller situates the study of female gang membership in the context of current directions in feminist scholarship and current research on both gangs and female criminal offenders The body of the book draws on interviews from girls in two mid sized midwestern cities with relatively new gang histories St Louis Missouri and Columbus Ohio It discusses how and why girls join gangs the nature of girls involvement in gangs including initiation rituals gang rules inter gang rivalries and criminal activities and how gang involvement shapes girls participation in delinquency and their risk of victimization as well as the ways their gender affects this experience From publisher description

Encyclopedia of Criminological Theory Francis T. Cullen, Pamela Wilcox, 2010-09-23 Consistently excellent The level and coverage of the content make this an invaluable reference for students studying criminology or taking criminal psychology modules at degree level and beyond Adam Tocock Reference Reviews In discussing a criminology topic lecturers and course textbooks often toss out names of theorists or make a sideways reference to a particular theory and move on as if assuming their student audience possesses the necessary background to appreciate and integrate the reference However university reference librarians can tell you this is often far from the case Students often approach them seeking a source to provide a quick overview of a particular theory or theorist with just the basics the who what where how and why if you will And reference librarians often find it difficult to guide these students to a quick one stop source In response SAGE Reference is publishing the two volume Encyclopedia of Criminological Theory available in both print and electronic formats This serves as a reference source for anyone interested in the roots of contemporary criminological theory Drawing together a team of international scholars it examines the global landscape of all the key theories and the theorists behind them presenting them in the context needed to understand their strengths and weaknesses In addition to interpretations of long established theories it also offers essays on cutting edge research as one might find in a handbook And like an unabridged dictionary it provides concise to the point definitions of key concepts ideas schools and figures Coverage will include contexts and concepts in criminological theory the social construction of crime policy implications of theory diversity and intercultural contexts conflict theory rational choice theories conservative criminology feminist theory

The Gang's All Queer Vanessa R. Panfil, 2017-08-15 Many people believe that gangs are made up of violent thugs who are in and out of jail and who are hyper masculine and heterosexual Vanessa Panfil introduces us to a different world Meet gay gang members sometimes referred to in popular culture as homo thugs whose gay identity complicates criminology's portrayal and representation of gangs gang members and gang life In vivid detail Panfil provides an in depth understanding of how gay gang members construct and negotiate both masculine and gay identities through crime and gang membership She draws from interviews with over 50 gay gang and crime involved young men in Columbus Ohio the majority of whom are men of color in their late teens and early twenties as well as on the ground ethnographic

fieldwork with men who are in gay hybrid and straight gangs Panfil provides an eye opening portrait of how even members of straight gangs are connected to a same sex oriented underground world Most of these young men still present a traditionally masculine persona and voice deeply held affection for their fellow gang members They also fight with their enemies many of whom are in rival gay gangs Most come from impoverished rough neighborhoods and seek to defy negative stereotypes of gay and Black men as deadbeats though sometimes through illegal activity Some are still closeted to their fellow gang members and families yet others fight to defend members of the gay community even those who they deem to be fags despite distaste for these flamboyant members of the community *Gangs in America III* C. Ronald Huff,2002 As communities face ever growing gang related problems *Gangs in America III* provides the most up to date information on the diverse perspectives and complex issues that arise in our efforts to understand prevent and control gang violence and crime

Gender and Crime: Oxford Bibliographies Online Research Guide Oxford University Press,2010-05-01 This ebook is a selective guide designed to help scholars and students of criminology find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In criminology as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is a static version of an article from Oxford Bibliographies Online Criminology a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of criminology Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com **Encyclopedia of Violence, Peace, and Conflict** ,2008-09-05 The 2nd edition of *Encyclopedia of Violence Peace and Conflict* provides timely and useful information about antagonism and reconciliation in all contexts of public and personal life Building on the highly regarded 1st edition 1999 and publishing at a time of seemingly inexorably increasing conflict and violent behaviour the world over the *Encyclopedia* is an essential reference for students and scholars working in the field of peace and conflict resolution studies and for those seeking to explore alternatives to violence and share visions and strategies for social justice and social change Covering topics as diverse as Arms Control Peace Movements Child Abuse Folklore Terrorism and Political Assassinations the *Encyclopedia* comprehensively addresses an extensive information area in 225 multi disciplinary cross referenced and authoritatively authored articles In his Preface to the 1st edition Editor in Chief Lester Kurtz wrote The problem of violence poses such a monumental challenge at the end

of the 20th century that it is surprising we have addressed it so inadequately. We have not made much progress in learning how to cooperate with one another more effectively or how to conduct our conflicts more peacefully. Instead we have increased the lethality of our combat through revolutions in weapons technology and military training. The Encyclopedia of Violence, Peace and Conflict is designed to help us to take stock of our knowledge concerning these crucial phenomena. Ten years on, the need for an authoritative and cross disciplinary approach to the great issues of violence and peace seems greater than ever. More than 200 authoritative multidisciplinary articles in a 3 volume set. Many brand new articles alongside revised and updated content from the First Edition. Article outline and glossary of key terms at the beginning of each article. Entries arranged alphabetically for easy access. Articles written by more than 200 eminent contributors from around the world.

Women, Gender, and Crime Stacy L. Mallicoat, 2018-01-11. Women, Gender and Crime: Core Concepts provides you with a complete and concise view into the intersection of gender and the criminal justice system. Author Stacy L. Mallicoat explores core topics on women as victims, offenders, and criminal justice professionals as they interact with various areas of the criminal justice system. She investigates relevant subjects that are not found in many traditional texts, including women who work as victim advocates and international issues of crime and justice relating to gender. Key Features: This text discusses women and victimization prior to covering women as offenders because victimization is often a precursor to offending. Case Studies present compelling examples that connect concepts to real life occurrences to reinforce learning and cover key issues such as sexual victimization in the military, stalking on college campuses, financial challenges for incarcerated women, pregnancy and policing, and self care for victim advocates. Coverage of critical topics introduces you to important issues such as gender representation in criminal justice academia, multiple marginalities, and LGBT populations, cyberstalking, labor trafficking, and challenges faced by women as criminal justice practitioners. Statistics, graphs, and tables demonstrate the most recent trends in the field to give students an accurate picture of the criminal justice system today.

The SAGE Handbook of Criminological Research Methods David Gadd, Susanne Karstedt, Steven F. Messner, 2011-10-19. Conducting research into crime and criminal justice carries unique challenges. This Handbook focuses on the application of methods to address the core substantive questions that currently motivate contemporary criminological research. It maps a canon of methods that are more elaborated than in most other fields of social science and the intellectual terrain of research problems with which criminologists are routinely confronted. Drawing on exemplary studies, chapters in each section illustrate the techniques, qualitative and quantitative, that are commonly applied in empirical studies, as well as the logic of criminological enquiry. Organized into five sections, each prefaced by an editorial introduction, the Handbook covers: Crime and Criminals; Contextualizing Crimes in Space and Time; Networks, Communities, and Culture; Perceptual Dimensions of Crime; Criminal Justice Systems, Organizations, and Institutions; Preventing Crime and Improving Justice. Edited by leaders in the field of criminological research and with contributions from internationally renowned experts, *The SAGE Handbook of*

Gendering Criminology Shelly Clevenger, Jordana N. Navarro, 2022-03-22 Gendering Criminology provides a contemporary guide for understanding the role of gender in criminal engagement and experiences as well as reactions to these offenses among laypersons and agents of social control The textbook provides evidence for the argument that gender socially situates people in their risks for criminal engagement victimization and what occurs in the aftermath of crime arrest the judicial process and sentencing Aside from investigating the role of men and women the authors also explore the experiences of LGBTQIA communities involved in or working within the criminal legal system The volume provides a comprehensive account of various offenses

violent and nonviolent and individual motivations drives and methods to help students develop the skills they need to work as professionals in and around the criminal legal system Key features Applies theoretical concepts to real life applications media bytes and case studies Includes new and timely information regarding gender and online victimization Provides an overview of each topic within eleven chapters delving into the literature in each area Promotes active learning activities in each chapter to fully immerse and engage students in the material

Rational Choice and Criminal Behavior Alexis Russell Piquero, Stephen G. Tibbetts, 2002 This work analyses the degree to which criminal behaviour represents a rational choice answering how the criminal framework was developed and how to apply this framework to the study of criminal behaviour

Gender and the Construction of Hegemonic and Oppositional Femininities Justin Charlebois, 2010-12-13 Gender and the Construction of Hegemonic and Oppositional Femininities investigates how hegemonic and nonhegemonic forms of femininity are constructed in the social institutions of school the workplace and the media Hegemonic femininities are those that form a complementary and subordinate relationship with hegemonic masculinity and in doing so legitimize a hierarchical relationship between men and women and masculinity and femininity Nonhegemonic femininities include culturally idealized dominant femininities which do not legitimize a hierarchical relationship between masculinity and femininity and gender deviant subordinate femininities Through an analysis of existing empirical research and fictional media the book illustrates the relationship between these various femininities and their relationship with masculinity

Routledge International Handbook of Heterosexualities Studies James Dean, Nancy Fischer, 2019-12-19 While a majority of people identify as heterosexual if asked about their sexual identity what does that really mean How did identifying as straight arise particularly in relation to identifying as queer lesbian and gay How are individuals socialized to view themselves and others as straight even when many people are sexually fluid How do institutions like government bodies the educational system and the family reinforce heterosexuality This collection introduces the field of Critical Heterosexualities Studies and key lines of inquiry within the field Like Masculinity Studies and Whiteness Studies Heterosexualities Studies critically examines the dominant category and identity group in order to illuminate the taken for granted assumptions that surround heterosexual identities This critical perspective questions the idea that heterosexuality is natural normal and biologically driven A recurring question throughout this Handbook is what does it mean to say that there are multiple forms of heterosexuality The answer is provided by cases showing how straightness varies between men and women but also across different racial groups social classes and one's status as trans or cisgender Organized around key themes of inquiry including heterosexualities across the life course straight identities and their intersections the power of straightness in state politics and the changing meaning of heterosexualities in the context of sexual fluidity this collection provides readers with an introduction to Critical Heterosexualities Studies through important theoretical statements key historical studies and current empirical research Featuring both classic works and original essays written expressly for this volume this collection provides a state of the art

overview of this exciting new field in sexualities studies The Oxford Handbook of Gender, Sex, and Crime Rosemary Gartner, Bill McCarthy, 2014 Research on gender sex and crime today remains focused on topics that have been a mainstay of the field for several decades but it has also recently expanded to include studies from a variety of disciplines a growing number of countries and on a wider range of crimes The Oxford Handbook of Gender Sex and Crime reflects this growing diversity and provides authoritative overviews of current research and theory on how gender and sex shape crime and criminal justice responses to it The editors Rosemary Gartner and Bill McCarthy have assembled a diverse cast of criminologists historians legal scholars psychologists and sociologists from a number of countries to discuss key concepts and debates central to the field The Handbook includes examinations of the historical and contemporary patterns of women s and men s involvement in crime as well as biological psychological and social science perspectives on gender sex and criminal activity Several essays discuss the ways in which sex and gender influence legal and popular reactions to crime An important theme throughout The Handbook is the intersection of sex and gender with ethnicity class age peer groups and community as influences on crime and justice Individual chapters investigate both conventional topics such as domestic abuse and sexual violence and topics that have only recently drawn the attention of scholars such as human trafficking honor killing gender violence during war state rape and genocide The Oxford Handbook of Gender Sex and Crime offers an unparalleled and comprehensive view of the connections among gender sex and crime in the United States and in many other countries Its insights illuminate both traditional areas of study in the field and pathways for developing cutting edge research questions

Handbook of the Sociology of Gender Barbara J. Risman, Carissa M. Froyum, William J. Scarborough, 2018-06-05 This handbook provides a comprehensive view of the field of the sociology of gender It presents the most important theories about gender and methods used to study gender as well as extensive coverage of the latest research on gender in the most important areas of social life including gendered bodies sexuality carework paid labor social movements incarceration migration gendered violence and others Building from previous publications this handbook includes a vast array of chapters from leading researchers in the sociological study of gender It synthesizes the diverse field of gender scholarship into a cohesive theoretical framework gender structure theory in order to position the specific contributions of each author chapter as part of a complex and multidimensional gender structure Through this organization of the handbook readers do not only gain tremendous insight from each chapter but they also attain a broader understanding of the way multiple gendered processes are interrelated and mutually constitutive While the specific focus of the handbook is on gender the chapters included in the volume also give significant attention to the interrelation of race class and other systems of stratification as they intersect and implicate gendered processes Deviance and Crime Walter DeKeseredy, Desmond Ellis, Shahid Alvi, 2014-09-19 This book sensitizes the reader to the fact that there is substantial disagreement within the academic community and among policymakers and the general public over what behaviors conditions e g physical attributes and

people should be designated as deviant or criminal Normative conceptions the societal reaction labeling approach and the critical approach are offered as frameworks within which to study these definitions A comprehensive explanation of theory and social policy on deviance is constructed *Handbook on Inequality and Social Capital* Steve McDonald,Rochelle Côté,Jing Shen,2024-10-03 Building upon the extensive and expansive tradition of research on social capital and inequality this Handbook summarizes current social capital research and showcases cutting edge applications It highlights the major theoretical and methodological advancements in the field and provides a comprehensive review of the diversity of research on social capital and its relationship with the creation and maintenance of different forms of inequality
