own words have been used and references are always given to the appropriate volumes of the standard edition of the Complete Psychological Works of Sigmund Freud and to Freud's letters and other writings. This enables the reader to pursue any subject of special interest in a minimum of time, a possibility that will prove of enormous help to students, teachers, lecturers, research workers, and seminar leaders alike. The preparation of these volumes involved the active collaboration of fifteen psychoanalysts and child psychotherapists from the Hampstead Child Therapy Clinic, now the Anna Freud Centre. Organized in the form of a study group under the chairmanship of Dr Humberto Nagera, they worked intensively on the project for six years before completing these four volumes. Usually it will take a student several years of intense reading to become conversant with these basic concepts, let alone to master and integrate them fully. Dr Nagera and his colleagues aimed at making this task lighter.

Basic Psychoanalytic Concepts on the Libido Theory Humberto Nagera, 2014-05-30. The libido theory is one of the major areas of interest in psychoanalysis. Freud's insights in this field have been widely applied and used by psychoanalysts, adult and child psychiatrists, psychologists, educationalists, experts on child development, and social workers. They have thrown light on the normal and abnormal aspects of sexual development from childhood to adulthood and on the role played by sexual development in neurotic disturbances. Further, they have made possible an understanding of the complex field of sexual perversions. Originally published in 1969, in this volume the reader will find twenty-four basic psychoanalytic concepts concerning the libido theory, including oral erotism, anal erotism, phallic erotism, genital erotism, the Oedipus complex of the girl, the Oedipus complex of the boy, autoerotism, narcissism, masochism, sadism, and bisexuality. As in the other volumes in this series, the historical development of each concept and references to Freud's works are clearly given so that students and scholars can pursue any aspect of special interest.

Infinite Dendrogram: Volume 14 Sakon Kaidou, 2021-03-09. All hopes of peace crumble as Princess Claudiah makes her intentions and demands known. But even with the combined strength of Altar's Superiors on their side, will they be able to hold their own against the sheer might of the one hailed as the world's Physical Apex?

One Piece, Vol. 14 Eiichiro Oda, 2007-04-03. Join Monkey D. Luffy and his swashbuckling crew in their search for the ultimate treasure, One Piece. As a child, Monkey D. Luffy dreamed of becoming King of the Pirates. But his life changed when he accidentally gained the power to stretch like rubber at the cost of never being able to swim again. Years later, Luffy sets off in search of the One Piece, said to be the greatest treasure in the world. Someone has given Dorry the Giant exploding ale, and he's not happy.
