Studies in the Book of Psalms William Swan Plumer, 1866 The Psalms are wonderful They have been read repeated chanted sung studied wept over rejoiced in expounded loved and praised by God's people for thousands of years. The most ancient of these productions is now 1866 three thousand three hundred and twenty six years old. The least ancient of them is two thousand four hundred and fifty three years old. The difference in date between the most ancient and the most modern of them is eight hundred and seventy three years. They were all written in Asia so that we in this Western world can have no national pride respecting them Yet pious people here and all over the earth have found and can find no compositions more suitable for delineating their devout emotions and for expressing their pious sensibilities than those of inspired Psalmists If to any man these songs are unsavory the reason is found in the blindness and depravity of the human heart Hengstenberg. The Psalms are expressions of holy feeling which can be understood by those only who have become alive to such feeling Other things being equal he who has the most heavenly mind will be the most successful student of the Psalms Introduction
