Beating the Workplace Bully Lynne Curry, 2016-01-13 Whether you're the target of manipulation, intimidation, verbal abuse or deliberate humiliation, *Beating the Workplace Bully* will show you how to fight back. Bullies aren't just limited to the playground; now they roam around from the boardroom to the break room, looking to manipulate, intimidate, and humiliate and eventually ruin your career. This book is your ammunition for fighting back. Whether the bully is a boss or a coworker, this empowering guide will help you recognize what has been causing you to become a victim, then reveals how to avoid typical bully traps, remain aware and in charge, move past your fear, calm yourself in any confrontation, keep your dignity intact, handle sneak attacks, combat cyberbullying. Complete with exercises, assessments, and real-life examples, *Beating the Workplace Bully* will help you reclaim your power and defeat the office bully once and for all. *Eradicating Workplace Bullying* Ronald W. Holmes Ph.D., 2016-08-17 This book provides real-life experiences and tips from employees who have been victims of workplace bullying in industries such as education, business, government, and healthcare. The book discusses research-based strategies that Human Resources representatives can use to address bullying situations. The book also serves as a reference guide to an online anti-bullying program that provides training for all employees and managers. *Beating the Workplace Bully*, 2018 *Reimagining Faith and Management* Edwina Pio, Robert Kilpatrick, Timothy Pratt, 2021-03-22 Much contemporary research ignores or is dismissive of the growth of global religiosity, even though 90 percent of the global population sees the world through a commitment to some kind of faith. *Reimagining Faith and Management* addresses this issue and extends the research on the impact of faith in various aspects of management, such as negotiation, leadership, entrepreneurship, governance, innovation, ethics, finance, and careers. Faith impacts how individuals and organizations envision, manage, and respond to their various stakeholders, communities, the natural environment, and the world around them. This book presents various facets of how faith values and/or ideological outlook which informs, influences, and adds mystery to inspire and impel individuals and organizations. The 21 chapters are based on academic research and offer practical managerial recommendations. The book is divided into three sections: faithful futures impacting individuals, faithful futures impacting organizations, and faithful futures impacting society. Each chapter presents a theoretical base and includes practical implications. The book is ideal reading for educators, practitioners, researchers, and students of business management, career studies, faith-based organizations, corporate governance, and business ethics, as well as religious studies, including applied theology. **How to Win the Championship Hold'em Strategies for the Final Table** T.J.
