Of Mice and Men John Steinbeck, 2024-03-26 *Of Mice and Men* is a novella written by John Steinbeck first published in 1937. Set during the Great Depression in California, it tells the story of two displaced migrant ranch workers, George Milton and Lennie Small, who are trying to make a living during tough economic times. George is a small, quick-witted man, while Lennie is a physically strong but mentally disabled man with a childlike innocence. The two have a close bond, with George serving as a protector and caretaker for Lennie. The story follows their journey as they seek employment and dream of owning their own piece of land, which they call a little farm where they can live off the fat of the land. The novella explores themes of friendship, loneliness, isolation, and the harshness of society, as well as the plight of marginalized individuals during the Great Depression. It is a poignant and timeless work that continues to resonate with readers due to its powerful portrayal of human relationships and the struggle for survival.
