young man who had known poverty as a child in England worked as a cook in Paris and once sold stoves to nuns in Scotland climb to the pinnacle of the fast paced fiercely competitive world of advertising Long before storming Madison Avenue David Ogilvy's life had already had its share of colorful experiences and adventure Now this updated edition of David Ogilvy's autobiography presents his extraordinary life story and its many fascinating twists and turns Born in 1911 David Ogilvy spent his first years in Surrey Beatrix Potter's uncle lived next door and his niece was a frequent visitor His father was a classical scholar who had played rugby for Cambridge My father did his best to make me as strong and brainy as himself When I was six he required that I should drink a tumbler of raw blood every day When that brought no result he tried beer To strengthen my mental faculties he ordered that I should eat calves brains three times a week Blood brains and beer a noble experiment Before marrying his mother had been a medical student When World War I brought economic disaster to the family they were forced to move in with relatives in London Scholarships to boarding school and Oxford followed and then fleeing academia Ogilvy set out on the at times surprising at times rocky road to worldwide recognition and success His remarkable journey would lead the ambitious young man to America where with George Gallup he ran a polling service for the likes of Darryl Zanuck and David O Selznick in Hollywood to Pennsylvania where he became enamored with the Amish farming community and back to England to work for British Intelligence with Sir William Stephenson Along the way with the help of his brother David Ogilvy secured a job with Mather and Crowther a London advertising agency The rest is history An innovative businessman a great raconteur a genuine legend in his own lifetime David Ogilvy is one of a kind So is his autobiography
