Amanda K, 2025-04-15 Cassie Connors has been stealthier than her siblings since birth As the only girl in the Connors and Cambridge families since her mother and until her sister's birth she was very well protected One might say overprotected She never minded though because she loved them all Plus it was easy for her to know from the bonds they shared and the blood that ran through her own veins that Alphas and Hackura tended to be very protective She has always felt a draw to a certain future Commander but their paths never seem to cross At a certain point one had to wonder if that's intentional or

not Cassie has three sides to her and she's determined to honor them all. She lives in her pack growing up and decides to spend time solely living in Faerie leaving the Hackura realm out because her instincts and her wolf agree that's the realm they will end up in. Cayden Crawford has known his life's mission since before he could remember. He was going to become the youngest Commander to ever command the Armies of the Hackura. He was single-mindedly focused on that goal and definitely set to achieve it. He has an annoying ex-girlfriend that refuses to go away and a certain member of the Connors family that always seems to elude him despite the fact he's desperate to meet Cassie. Connors' Fate has been messed with and that can only be tampered with so long. Follow along on their journey of love and the trials that await them. No one ever said being the youngest Commander was easy. Or that being his mate an Alpha and a Duchess of two realms would be either.
