Mervyn Stockwood A Lonely Life:

Mervyn Stockwood Michael De-la-Noy,1997-09-01 Mervyn Stockwood was the most controversial diocesan bishop of his generation An innovator and enabler he encouraged far reaching experiments in Southwark London and recruited the most able and energetic clergy ever to enliven a cathedral chapter Through a barrage of criticism he supported John Robinson when he published *Honest to God* he put into operation the Southwark Ordination Course which became a blueprint for the the Church of England he chose as his suffragans men like David Sheppard and Hugh Montefiore who went on to become household names as diocesan bishops A socialist he was appointed by a Tory Prime Minister an Anglo Catholic by upbringing he was a friend and supporter of evangelical missionaries like Billy Graham and Bryan Green David Owen, Human Rights and the Remaking of British Foreign Policy David Grealy,2022-10-06 Although the evolution of human rights diplomacy during the second half of the 20th century has been the subject of a wealth of scholarship in recent years British foreign policy perspectives remain largely underappreciated Focusing on former Foreign Secretary David Owen s sustained engagement with the related concepts of human rights and humanitarianism David Owen Human Rights and the Remaking of British Foreign Policy addresses this striking omission by exploring the relationship between international human rights promotion and British foreign policy between c 1956 1997 In doing so this book uncovers how human rights concerns have shaped national responses to foreign policy dilemmas at the intersections of civil society media and policymaking how economic and geopolitical interests have defined the parameters within which human rights concerns influence policy how human rights considerations have influenced British interventions in overseas conflicts and how activism on normative issues such as human rights has been shaped by concepts of national identity Furthermore by bringing these issues and debates into focus through the lens of Owen s human rights advocacy analysis provides a reappraisal of one of the most recognisable albeit enigmatic parliamentarians in recent British history Both within the confines of Whitehall and without Owen s human rights advocacy served to alter the course of British foreign policy at key junctures during the late Cold War and post Cold War periods and provides a unique prism through which to interrogate the intersections between Britain s enduring search for a distinctive role in the world and the development of the international human rights regime during the period in question

Maiden,2014 An important contribution to the understanding of twentieth century Anglicanism and evangelicalism This volume makes a considerable contribution to the understanding of twentieth century Anglicanism and evangelicalism It includes an expansive introduction which both engages with recent scholarship and challenges existing narratives The book locates the diverse Anglican evangelical movement in the broader fields of the history of English Christianity and evangelical globalisation Contributors argue that evangelicals often engaged constructively with the wider Church of England long before the 1967 Keele Congress and displayed a greater internal party unity than has previously been supposed Other significant themes include the rise of various neo evangelicalisms charismaticism lay leadership changing conceptions of national identity and the importance of generational shifts The volume also provides an analysis of major organisations conferences and networks including the Keswick Convention Islington Conference and Nationwide Festival of Light ANDREW ATHERSTONE is tutor in history and doctrine and Latimer research fellow at Wycliffe Hall Oxford JOHN MAIDEN is lecturer in the Department of Religious Studies at the Open University He is author of *National Religion and the Prayer Book Controversy 1927 1928* The Boydell Press 2009 Me, Me, Me Jon Lawrence,2019-09-01 Many commentators tell us that in today s world everyday life has

become selfish and atomised that individuals live only to consume But are they wrong In Me Me Me Jon Lawrence re tells the story of England since the Second World War through the eyes of ordinary people including his own parents to argue that in fact friendship family and place all remain central to our daily lives and whilst community has changed it is far from dead He shows how in the years after the Second World War people came increasingly to question custom and tradition as the pressure to conform to societal standards became intolerable And as soon as they could millions escaped the closed face to face communities of Victorian Britain where everyone knew your business But this was not a rejection of community per se but an attempt to find another new way of living which was better suited to the modern world Community has become personal and voluntary based on genuine affection rather than proximity or need We have never been better connected or able to sustain the relationships that matter to us Me Me Me makes that case that it s time we valued and nurtured these new groups rather than lamenting the loss of more real forms of community it is all too easy to hold on to a nostalgic view of the past
