Message From The Pleiades The Contact Notes Of Eduard Billy Meier Volume 3:

Spaceships of the Pleiades Kal K. Korff,2010-08-05 The case of Eduard Billy Meier has gained worldwide attention for his claims of being in on going contact with aliens from the star cluster known as the Pleiades Purported to be the most documented UFO account of all time Meier's files consist of 1 000 photographs and 12 motion picture films of the visiting spacecraft Through thousands of pages of contact notes Meier claims to have passed on the wisdom and advanced technical knowledge from his conversations with these aliens designed to help guide our evolution In addition he alleges that 40 independent eyewitnesses have also seen the alien ships and observed Meier's contacts with them The aliens also left numerous landing tracks in the ground and gave Meier various rock metal mineral and crystal samples as proof of their visitations Author Kal Korff conducted the most thorough examination ever into the case of Billy Meier and all its alleged evidence and reveals here how a Swiss farmer hatched and continues to maintain the most elaborate UFO hoax in history

High Strangeness Jerome Clark, 1996 Extraterrestrials and the American Zeitgeist Aaron John Gulyas, 2013-05-20 Since the 1950s men and women around the world have claimed to have had contact with human like visitors from space This book explores how the contactee subculture has critiqued political social and cultural trends in the United States Europe and elsewhere Not merely quaint relics of the 1950s Atomic Age contactees have continued their messages of transformation into the 21st century Regardless of whether these alleged contacts took the form of physical meetings or channeled paranormal psychic communications or whether they actually happened at all contactees have provided a consistently relevant source of commentary on this world and beyond Alien Intelligence and the Pathway to Mars Mary Bennett, 2021-05-04 Details how exploratory probes sent to Mars in the 1970s triggered a plethora of anomalous events particularly crop circles glyphs and how these events are messages from ET intelligence to help us send a human mission to Mars Reveals how the anomalous Cydonia region of Mars fits the Golden Ratio Spiral and looks at links between Martian formations and Earth's ancient sites Illustrated throughout with color photographs maps and diagrams In this full color study based on 25 years of research Mary Bennett explores the ancient and modern connections between Mars and Earth as well as how extraterrestrial intelligences are trying to assist us in constructing a viable spacecraft to take a human crew swiftly and safely to Mars She details how exploratory probes sent to Mars in the 1970s triggered over three decades of anomalous yet scientifically validated events including crop circles or crop glyphs She explains how these formations along with related events encode advanced engineering concepts that offer solutions to the fundamental problems presently hindering long haul crewed spaceflight whether to the Moon Mars or beyond Looking at the red planet itself the author reveals the scientifically verifiable evidence pointing to intelligent design on the surface of Mars specifically in the Cydonia region which fits the Golden Ratio Spiral She looks at the covert links between the Martian formations and Earth's ancient sites such as the Avebury landscape in England and the Giza Complex She describes how agencies concerned with

space travel have been quietly mirroring areas of Mars through construction projects here on Earth revealing that many of the ET messages have already been partially decoded Taking you from a complex on Mars to the Teotihuac n pyramids in Mexico from phi ratios to the Pentagon from the Great Pyramid to quantum computing this exploration of the hidden influence of Mars shows that our abilities as a future space faring species began in the ancient past and are now coming to fruition **Programmes spatiaux secrets et alliances extraterrestres tome VI** Michael E.
