## **Metallic Smelling Poop:**

**Be Without End** Denny Rutledge, 2019-04-30 It begins in 1876 with our male protagonist fighting the demons of his war years with the Union Army Today we would call it post traumatic stress disorder PTSD His position in the Union Army was sharpshooter There were many many killings The haunts visit Roy at least once a month We meet our female protagonist early in the story Abigail and Roy begin their relationship early on as a working partnership The story continues through four generations The clan reaches twenty four ages infant to Roy s late sixties The last part of the story is about Sammy and his work shooting photos and writing script for an Eastern magazine His assignments are the National Parks and National Monuments of the West Pretty much ends with Sammy and his wife Deloris and son Roy Jr returning to the ranch Completing another circle is this continuing story of Be without End It is fall of 1929 and stock market crash hits the USA But our clan is self sufficient and weathers the lean years without much of a ripple in their lifestyle providing their own produce from the huge garden beef and pork from their own herd eggs cream and cheese and honey from the hives A testament to extended family and sustainability hard work and a creed handed down by Abigail and Roy **Poetry of the Body** Deanna Stennett L.Ac. MA, 2018-09-12 How did the ancients figure out where the acupuncture points were and what they did It could have been trial and error but that seems unlikely given the intricacies of the names of each point The oldest known form of healing which dates back forty to one hundred thousand years is shamanism Perhaps the ancient Asians who gave us acupuncture were also shamans Perhaps they asked the spirits of the points to reveal themselves and share their secrets In this book author Deanna Stennett does just that She asks the spirits of the points to come forward and speak taking readers on a ride into the human body to meet the points In addition she offers stories and accounts of friends and patients who remind her of each point If you are looking for a technical manual about acupuncture there are many out there If you want to explore the spirits who live in you and help you every day to be more present and healthy join Deanna as she guides you down the rabbit hole of healing blending the ancient traditions of acupuncture Chinese medicine and shamanism **The Hypochondriac's Guide to Life. And Death.** Gene Weingarten, 2010-06-15 When every hiccup sounds like the call of doom each stomach pang hints at incipient cancer and a headache means it s time to firm up your last will and testament The Hypochondriac s Guide to Life And Death provides just the relief you need Gene Weingarten has spent his whole life immersed in the eclectic details of bizarre symptoms self diagnosing every minor ache as a potentially deadly disease Weingarten examines The mind of a hypochondriac How your doctor can kill you Ulcers and other visceral fears The snaps crackles and pops of your body that spell disaster Things that can take an eye out Interpreting DocSpeak Blending the neurotic anxieties of Woody Allen the folksiness of Garrison Keillor and the absurdist vision of Dave Barry Gene Weingarten conjures up a hilarious prescription for the hypochondriac that lurks inside all of us **Ratchet and Stench** Robert A Webster, 2016-03-31 Dog Gone Mystery When Cruft s Best of Breeds Champion mysteriously disappears the finger of
