

Metaphor The Logic Of Poetry A Handbook

JG Myers

Metaphor The Logic Of Poetry A Handbook:

Metaphor John Briggs, 1990-11-19 Selected poems are explicated by analyzing their uses of metaphor and metaphoric device The first two chapters of this introductory textbook are devoted to an explanation of what the authors call metaphoric eye metaphoric models The two concluding chapters focus on advanced poetry and then address the question of what makes a poem good or bad Annotation copyrighted by Book News Inc Portland OR **Metaphor** John Briggs, Richard Monaco, 1974 In this revised edition of *The Logic of Poetry A Handbook of Metaphor* originally published in 1974 the authors explicate selected poems by analyzing their uses of metaphor and metaphoric device The first two chapters of this introductory textbook are devoted to an explanation of what the authors call the metaphoric eye which can be described as the ability to enter the world of poetry with all senses on the alert one poem at a time an ability that is learned only by experience The next three chapters discuss specific kinds of metaphoric models The two concluding chapters focus on advanced poetry and then address the question of what makes a poem good or bad The various technical aspects of poetry such as meter rhyme tone and structure are discussed in detail and a broad cross section of excellent English American French German and Russian poetry is selected for study The authors have included a glossary of technical terms a useful index and a number of remarkable black and white photographs **On Close Reading** John Guillory, 2025-01-08 John Guillory considers close reading within the larger history of reading and writing as cultural techniques At a time of debate about the future of English as a discipline and the fundamental methods of literary study few terms appear more frequently than close reading now widely regarded as the core practice of literary study But what exactly is close reading and where did it come from Here John Guillory author of the acclaimed *Professing Criticism* takes up two puzzles First why did the New Critics who supposedly made close reading central to literary study so seldom use the term And second why have scholars not been better able to define close reading For Guillory these puzzles are intertwined The literary critics of the interwar period he argues weren't aiming to devise a method of reading at all These critics were most urgently concerned with establishing the judgment of literature on more rigorous grounds than previously obtained in criticism Guillory understands close reading as a technique a particular kind of methodical procedure that can be described but not prescribed and that is transmitted largely by demonstration and imitation Guillory's short book will be essential reading for all college teachers of literature An annotated bibliography curated by Scott Newstok provides a guide to key documents in the history of close reading along with valuable suggestions for further research *The Cumulative Book Index*, 1999 Congress Volume Cambridge 1995 J.A. Emerton, 2015-02-04 This volume publishes the papers given by invitation at the fifteenth Congress of the International Organization for the Study of the Old Testament which was held at Cambridge in July 1995 under the Presidency of J A Emerton The articles cover a wide range of subjects relevant to the study of the Old Testament and reflect the ongoing debate on a variety of themes among the world's leading contemporary Old Testament scholars **The Princeton**

Handbook of Multicultural Poetries Terry V.F. Brogan, 2021-04-13 Drawn from the acclaimed New Princeton Encyclopedia of Poetry and Poetics the articles in this concise new reference book provide a complete survey of the poetic history and practice in every major national literature or cultural tradition in the world As with the parent volume which has sold over 10 000 copies since it was first published in 1993 the intended audience is general readers journalists students teachers and researchers The editor's principle of selection was balance and his goal was to embrace in a structured and reasoned way the diversity of poetry as it is known across the globe today In compiling material on 106 cultures in 92 national literatures the book gives full coverage to Indo European poetries all the major Celtic Slavic Germanic and Romance languages as well as other obscure ones such as Hittite the ancient middle Eastern poetries Hebrew Persian Sumerian and Assyro Babylonian subcontinental Indian poetries the widest linguistic diversity Asian and Pacific poetries Chinese Japanese Korean Vietnamese Mongolian and half a dozen others continental American poetries all the modern Western cultures and native Indian in North Central and South American regions and African poetries ancient and emergent oral and written

Congress Volume International Organization for the Study of the Old Testament. Congress, 1997 This volume publishes the papers given by invitation at the fifteenth Congress of the International Organization for the Study of the Old Testament which was held at Cambridge in July 1995 under the Presidency of J A Emerton The articles cover a wide range of subjects relevant to the study of the Old Testament and reflect the ongoing debate on a variety of themes among the world's leading contemporary Old Testament scholars

The Oxford Handbook of George Eliot, 2025-02-20 George Eliot repeatedly stressed the aesthetic and ethical importance of viewing subjects from different perspectives The Oxford Handbook of George Eliot presents fifty two perspectives on this major nineteenth century writer Together the chapters provide the most wide ranging collection of essays on Eliot's life and works published to date While providing fresh perspectives on the important themes running through Eliot's works the volume is distinctive in placing a concern with literary form at its heart Part I questions longstanding conceptions of Eliot as a figure isolated by scandal by exploring her personal and intellectual relationships with her contemporaries Part II focuses on Eliot's close engagement with earlier poets dramatists and novelists as well as with painting sculpture and music and in so doing probes Eliot's interest in the nature of influence itself Part III explores the full range of Eliot's unpublished and published works chapters on each of the novels make a renewed case for the centrality of Eliot's works to current scholarly debates about nineteenth century literature other chapters offer ways into texts that have either been neglected such as the novellas and poetry or more often mined for biographical and historical contexts than given a close reading such as the notebooks manuscripts letters and journals Part IV gives close scrutiny to those aspects of literary form which characterise Eliot's writing particularly her preoccupation with genre and her handling of voice both that of her narrators and her characters Part V assesses the complexity of Eliot's legacy for later writers concluding with five shorter essays which tackle the nature and impact of the enduring cultural status of Middlemarch as a

often declared the great English novel

The Bloomsbury Handbook of Modernist Archives Jamie Callison, Matthew Feldman, Anna Svendsen, Erik Tonning, 2024-06-13 Providing a broad definitive account of how the archival turn in humanities scholarship has shaped modernist studies this book also functions as an ongoing practitioner's toolkit including useful bibliographical resources and a guide to avenues for future work Archival work in modernist studies has revolutionised the discipline in the past two decades fuelled by innovative and ambitious scholarly editing projects and a growing interest in fresh types of archival sources and evidence that can re-contextualise modernist writing Several theoretical trends have prompted this development including the focus on compositional process within genetic manuscript studies the emphasis on book history little magazines and wider publishing contexts and the emphasis on new material evidence and global and non-canonical authors and networks within the New Modernist Studies This book provides a guide to the variety of new archival research that will point to fresh avenues and connect the methodologies and resources being developed across modernist studies Offering a variety of single author case studies on recent archival developments and editing projects including Samuel Beckett Hart Crane H D James Joyce Dorothy Richardson May Sinclair and Virginia Woolf it also offers a range of thematic essays that examine an array of underused sources as well as the challenges facing archival researchers of modernism

Makin, 1998 *The Princeton Handbook of Poetic Terms* Roland Greene, Stephen Cushman, 2016-07-26 An essential handbook for literary studies The Princeton Handbook of Poetic Terms drawn from the latest edition of the acclaimed Princeton Encyclopedia of Poetry and Poetics provides an authoritative guide to the most important terms in the study of poetry and literature Featuring 226 fully revised and updated entries including 100 that are new to this edition the book offers clear and insightful definitions and discussions of critical concepts genres forms movements and poetic elements followed by invaluable up to date bibliographies that guide users to further reading and research Because the entries are carefully selected and adapted from the Princeton Encyclopedia the Handbook has unrivalled breadth and depth for a book of its kind in a convenient portable size Fully indexed for the first time and complete with an introduction by the editors this is an essential volume for all literature students teachers and researchers as well as other readers and writers Drawn from the latest edition of the acclaimed Princeton Encyclopedia of Poetry and Poetics Provides 226 fully updated and authoritative entries including 100 new to this edition written by an international team of leading scholars Features entries on critical concepts canon mimesis prosody syntax genres forms and movements ballad blank verse confessional poetry ode and terms apostrophe hypotaxis and parataxis meter tone Includes an introduction bibliographies cross references and a full index

The British Journal of Aesthetics, 1991 **Handbook of Empirical Literary Studies** Donald Kuiken, Arthur M. Jacobs, 2021-09-20 This handbook reviews efforts to increase the use of empirical methods in studies of the aesthetic and social effects of literary reading The reviewed research is expansive including extension of familiar theoretical models to novel domains e.g. educational settings enlarging empirical efforts within under

represented research areas e g child development and broadening the range of applicable quantitative and qualitative methods e g computational stylistics phenomenological methods Especially challenging is articulation of the subtle aesthetic and social effects of literary artefacts e g poetry film Increasingly the complexity of these effects is addressed in multi variate studies including confirmatory factor analysis and structural equation modeling While each chapter touches upon the historical background of a specific research topic two chapters address the area s historical background and guiding philosophical assumptions Taken together the material in this volume provides a systematic introduction to the area for early career professionals while challenging active researchers to develop theoretical frameworks and empirical procedures that match the complexity of their research objectives

Handbook of Ecocriticism and Cultural Ecology Hubert

Zapf,2016-05-10 Ecocriticism has emerged as one of the most fascinating and rapidly growing fields of recent literary and cultural studies From its regional origins in late twentieth century Anglo American academia it has become a worldwide phenomenon which involves a decidedly transdisciplinary and transnational paradigm that promises to return a new sense of relevance to research and teaching in the humanities A distinctive feature of the present handbook in comparison with other survey volumes is the combination of ecocriticism with cultural ecology reflecting an emphasis on the cultural transformation of ecological processes and on the crucial role of literature art and other forms of cultural creativity for the evolution of societies towards sustainable futures In state of the art contributions by leading international scholars in the field this handbook maps some of the most important developments in contemporary ecocritical thought It introduces key theoretical concepts issues and directions of ecocriticism and cultural ecology and demonstrates their relevance for the analysis of texts and other cultural phenomena

American Handbook of Psychiatry ,1966

Subject Guide to Books in Print ,1996

Handbook of Phenomenology and Cognitive Science Daniel Schmicking,Shaun Gallagher,2009-12-16 This volume explores the essential issues involved in bringing phenomenology together with the cognitive sciences and provides some examples of research located at the intersection of these disciplines The topics addressed here cover a lot of ground including questions about naturalizing phenomenology the precise methods of phenomenology and how they can be used in the empirical cognitive sciences specific analyses of perception attention emotion imagination embodied movement action and agency representation and cognition inters jectivity language and metaphor In addition there are chapters that focus on empirical experiments involving psychophysics perception and neuro and psychopathologies The idea that phenomenology understood as a philosophical approach taken by thinkers like Husserl Heidegger Sartre Merleau Ponty and others can offer a positive contribution to the cognitive sciences is a relatively recent idea Prior to the 1990s phenomenology was employed in a critique of the first wave of cognitivist and computational approaches to the mind see Dreyfus 1972 What some consider a second wave in cognitive science with emphasis on connectionism and neuroscience opened up possibilities for phenomenological intervention in a more positive way resulting in proposals like neurophenomenology Varela 1996 Thus bra

imaging technologies can turn to phenomenological insights to guide experimentation see e.g. Jack and Roepstorff 2003
 Gallagher and Zahavi 2008 *Routledge Handbook on the Sciences in Islamicate Societies* Sonja Brentjes, 2023-01-24 The Routledge Handbook on the Sciences in Islamicate Societies provides a comprehensive survey on science in the Islamic world from the 8th to the 19th century Across six sections a group of subject experts discuss and analyze scientific practices across a wide range of Islamicate societies The authors take into consideration several contexts in which science was practiced ranging from intellectual traditions and persuasions to institutions such as courts schools hospitals and observatories to the materiality of scientific practices including the arts and craftsmanship Chapters also devote attention to scientific practices of minority communities in Muslim majority societies and Muslim minority groups in societies outside the Islamicate world thereby allowing readers to better understand the opportunities and constraints of scientific practices under varying local conditions Through replacing Islam with Islamicate societies the book opens up ways to explain similarities and differences between diverse societies ruled by Muslim dynasties This handbook will be an invaluable resource for both established academics and students looking for an introduction to the field It will appeal to those involved in the study of the history of science the history of ideas intellectual history social or cultural history Islamic studies Middle East and African studies including history and studies of Muslim communities in Europe and South and East Asia Routledge Handbook of Medicine and Poetry Alan Bleakley, Shane Neilson, 2024-05-02 The Routledge Handbook of Medicine and Poetry draws on an international selection of authors to ask what the cultures of poetry and medicine may gain from reciprocal critical engagement The volume celebrates interdisciplinary inquiry critique and creative expansion with an emphasis upon amplifying provocative and marginalized voices This carefully curated collection offers both historical context and future thinking from clinicians poets artists humanities scholars social scientists and bio scientists who collectively inquire into the nature of relationships between medicine and poetry Importantly these can be both productive and unproductive How for example do poet doctors reconcile the outwardly antithetical approaches of bio scientific medicine and poetry in their daily work where typically the former draws on technical language and associated thinking and the latter on metaphors How does non narrative lyrical poetry engage with narrative based medicine How do poets writing about medicine identify as patients Central to the volume is the critical investigation of the consequences of varieties of medical pedagogy for clinical practice Presenting a vision of how poetic thinking might form a medical ontology this thought provoking book affords an essential resource for scholars and practitioners from across medicine health and social care medical education the medical and health humanities and literary studies *John Ashbery and English Poetry* Ben Hickman, 2012-03-07 A study of how we should read one of America's most important poets Ben Hickman argues that we must attend to Ashbery's radical conception of reading if we are to understand the originality of his writing His study focuses on Ashbery's reading of English poets including Andrew Marvell John Donne William Wordsworth John Clare T S Eliot and W H Auden and examines Ashbery's writing in terms of an

aesthetic of inattention Hickman critiques the Americanisation of Ashbery's work as well as common assumptions about his Romanticism his avant garde Modernism and his engagement with the historical present He demonstrates that Ashbery's generosity as a writer is closely tied to his generosity inattention and situatedness as a reader

Embracing the Beat of Appearance: An Emotional Symphony within **Metaphor The Logic Of Poetry A Handbook**

In some sort of consumed by displays and the ceaseless chatter of immediate connection, the melodic splendor and emotional symphony created by the prepared term frequently disappear in to the backdrop, eclipsed by the constant sound and disruptions that permeate our lives. However, located within the pages of **Metaphor The Logic Of Poetry A Handbook** a marvelous literary prize brimming with raw emotions, lies an immersive symphony waiting to be embraced. Constructed by a wonderful composer of language, that fascinating masterpiece conducts viewers on a mental trip, well unraveling the concealed tunes and profound influence resonating within each cautiously crafted phrase. Within the depths with this moving examination, we will explore the book is key harmonies, analyze their enthralling publishing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
