Minimalism is the thing that gets us past the things so we can make room for life's most important things which actually aren't things at all. At age 30, best friends Joshua Fields Millburn and Ryan Nicodemus walked away from their six-figure corporate careers, jettisoned most of their material possessions, and started focusing on what's truly important. In their debut book, Joshua and Ryan, authors of the popular website *The Minimalists*, explore their troubled pasts and descent into depression. Though they had achieved the American Dream, they worked ridiculous hours, wastefully spent money, and lived paycheck to paycheck. Instead of discovering their passions, they pacified themselves with ephemeral indulgences which only led to more debt, depression, and discontent. After a pair of life-changing events, Joshua and Ryan discovered minimalism, allowing them to eliminate their excess material things so they could focus on life's most important things: health, relationships, passion, growth, and contribution.

**Minimalism: Live better with less (and achieve mental quietness)** Victor de la Fuente, 2021-12-31 Do you know how many shoes you have? How often do you wear those sneakers that you have just in case? Is it difficult for you to get rid of things that you will not use anymore? Do you often worry about situations that finally do not occur? Do you own things or do they own you? Between theory and practice, the book reviews the concept of minimalism both in its materialistic and mental aspects. *Minimalism: Living Better With Less* addresses the paradigm of being happier with fewer possessions. The theory aside, the book explores different tricks and techniques to test minimalism in a practical and pragmatic way in the world we live in. A powerful mix between its own content and a summary of the teachings of the most relevant authors in minimalism, such as Marie Kondo, Leo Babauta, Joshua Becker, and others like it. *Less Is More* Mila Sophia Lane, 2025-01-28 Discover the Path to True Financial Independence.
