When a string of horrific terrorist attacks plagues the Western world during the holiday season, the broader markets fall into a tailspin. The attacks are being coordinated by a shadowy former Iraqi commando who has disappeared into Europe's underground. The United States government has an asset who can turn the Iraqi against his masters: James Reece, the most wanted domestic terrorist alive. After avenging the deaths of his family and team members, Reece emerges deep in the wilds of Mozambique, protected by the family of his estranged best friend and former SEAL Team member. When a series of events uncovers his whereabouts, the CIA recruits him using a Presidential pardon for Reece and immunity for the friends who helped him in his mission of vengeance. Now a reluctant tool of the United States government, Reece travels the globe, targeting terrorist leaders and unraveling a geopolitical conspiracy that exposes a traitorous CIA officer and uncovers a sinister assassination plot with worldwide repercussions. A high intensity roller coaster ride, *True Believer* explodes with action and authenticity that cements Jack Carr as the new leader in political thrillers.

Transfer of Power Vince Flynn, 2011-07-07 On a busy Washington morning amid the shuffle of tourists and the brisk rush of government officials, the stately calm of the White House is shattered in a hail of gunfire. A group of terrorists has descended on the Executive Mansion and gained access by means of a violent massacre that has left dozens of innocent bystanders murdered. The president is evacuated to his underground bunker, but not before almost one hundred hostages are taken. While the politicians and the military leaders argue over how to negotiate with the terrorists, one man is sent to break through the barrage of panicked responses and political agendas surrounding the crisis: Mitch Rapp, the CIA's top counterterrorism agent. He makes his way into the White House and soon discovers that the president is not as safe as Washington's power elite had thought. And in a race against time, he makes a chilling discovery that could determine the fate of America and realizes that the terrorist attack is only the beginning of a master scheme to undermine an entire nation.
