Owning Her Innocence Race Darwin

Alec Marsh

Owning Her Innocence Race Darwin:

The Gorilla Origin of Man; Or, the Darwin Theory of Development, Confirmed from Recent Travels, in the New World Called Myn-me-ae-nia Or Gossi-land. By His Royal Highness Mammoth Martinet, Alias Moho-Yoho-me-oo-oo, 1871 *The Color of Democracy in Women's Regional Writing* Jean Carol Griffith, 2009-08-17 An exciting addition to the ongoing debate about the place of regionalism in American literary history American regionalism has become a contested subject in literary studies alongside the ubiquitous triad of race class and gender *The Color of Democracy in Women's Regional Writing* enters into the heart of an ongoing debate in the field about the significance of regional fiction at the end of the 19th century Jean Griffith presents the innovative view that regional writing provided Edith Wharton Ellen Glasgow and Willa Cather with the means to explore social transformation in a form of fiction already closely associated with women readers and writers Griffith provides new readings of texts by these authors she places them alongside the works of their contemporaries including William Faulkner and Langston Hughes to show regionalism's responses to the debate over who was capable of democratic participation and reading regionalism's changing mediations between natives and strangers as reflections of the changing face of democracy This insightful work enriches the current debate about whether regionalism critiques hierarchies or participates in nationalist and racist agendas and will be of great interest to those invested in regional writing or the works of these significant authors *Adrienne Rich's Later Poetry* Alec Marsh, 2024-12-12 Reorienting understandings of Adrienne Rich's later work through her interest in Marx and Marxist politics this book engages with this overlooked part of her oeuvre through considerations of issues such as race nationhood and gender From 1983 onward after she visited revolutionary Nicaragua until the end of her life Rich's political vision can best be described as Marxist Humanist Until recently very little attention has been paid to Rich's interest in Marx there is no in depth treatment of the effect of Marx's humanistic philosophy on Rich's later work or even on her unwavering but altered dedication to Women's Liberation This book fills this gap showing how Rich's discovery of Marx's humanism affected her poetry In doing so it makes a significant intervention into debates about the direction of American poetics and argues powerfully for a greater consciousness of political engagement through poetry **Good Literature**, 1883 *The Truth Seeker*, 1915 **The Descent of Love** Bert Bender, 2015-11-16 Upon its publication in 1871 Charles Darwin's *The Descent of Man and Selection in Relation to Sex* sent shock waves through the scientific community and the public at large In an original and persuasive study Bert Bender demonstrates that it is this treatise on sexual selection rather than any of Darwin's earlier works on evolution that provoked the most immediate and vigorous response from American fiction writers These authors embraced and incorporated Darwin's theories insights and language creating an increasingly dark and violent view of sexual love in American realist literature In *The Descent of Love* Bender carefully rereads the works of William Dean Howells Henry James Elizabeth Stuart Phelps Sarah Orne Jewett Kate Chopin Harold Frederic Charles W Chesnutt Edith Wharton and Ernest Hemingway teasing from them a startling but utterly

convincing preoccupation with questions of sexual selection Competing for readership as novelists who best grasped the real nature of human love these writers also participated in a heated social debate over racial and sexual differences and the nature of sex itself Influenced more by *The Descent of Man* than by *The Origin of Species* Bender's novelists built upon Darwin's anthropological and zoological materials to anatomize their characters' courtship behavior returning consistently to concerns with physical beauty natural dominance and the power to select a mate Bringing the resources of the history of science and intellectual history to this the first full length study of the impact of Darwin's theories in American literature Bender revises accepted views of social Darwinism American literary realism and modernism in American literature forever changing our perceptions of courtship and sexual interaction in American fiction from 1871 to 1926 and beyond **The Botanic Garden** Erasmus Darwin, 1824 **The Nineteenth-century Novel** Stephen Regan, 2001 Most undergraduate literature courses begin with a compulsory survey course on the novel *The Nineteenth Century Novel A Critical Reader* fills a real gap in the market as no other book provides such a comprehensive selection of contemporary and modern essays and reviews on the most important novels of the period By bringing together a range of material written across two centuries it offers an insight into the changing reception of realist fiction and a discussion of how complex debates about the meaning and function of realism informed and shaped the kind of fiction that was written in the nineteenth century The novels discussed are *Northanger Abbey* *Jane Eyre* *Dombey and Son* *Middlemarch* *Far From the Madding Crowd* *Germinal* *Madame Bovary* *The Woman in White* *The Portrait of a Lady* *The Awakening* *Dracula* *Heart of Darkness* **Emma Lazarus in Her World** Bette Roth Young, 1997-08-01 The biography and selected letters of this literary great includes over 60 newly discovered letters written to many other literary giants of the time including Robert Browning and William Morris *The Harvard Classics Anthology* Johann Wolfgang von Goethe, Gotthold Ephraim Lessing, Bjørnstjerne Bjørnson, Thomas Carlyle, Theodor Storm, Charles Dickens, Plato, Theodor Fontane, René Descartes, Gottfried Keller, Mark Twain, Immanuel Kant, Charles Darwin, Martin Luther, Robert Louis Stevenson, William Shakespeare, Dante Alighieri, Euripides, Percy Bysshe Shelley, Charles Lamb, Henry David Thoreau, Henry James, Samuel Johnson, John Stuart Mill, Victor Hugo, Joseph Addison, Jane Austen, John Locke, John Fletcher, Francis Beaumont, Leigh Hunt, Epictetus, Alphonse Daudet, Thomas De Quincey, Guy de Maupassant, George Eliot, Walter Scott, Laurence Sterne, Samuel Taylor Coleridge, Jonathan Swift, Christopher Marlowe, Jacob Grimm, Wilhelm Grimm, William Hazlitt, Marcus Tullius Cicero, Daniel Defoe, Aesop, Richard Henry Dana, Henry Fielding, John Dryden, Philip Massinger, Pedro Calderón de la Barca, Bret Harte, George Sand, John Ruskin, Oliver Wendell Holmes, Ernest Renan, Robert Burns, David Garrick, Ralph Waldo Emerson, John Webster, Washington Irving, Izaak Walton, John Bunyan, Juan Valera, Alfred de Musset, James Russell Lowell, Charles Augustin Sainte-Beuve, Nathaniel Hawthorne, Homer, Edmund Burke, Plutarch, Molière, Aeschylus, Michael Faraday, Sophocles, William Makepeace Thackeray, Benjamin Franklin, Edward Everett Hale, Pierre Corneille, Jean Racine, Voltaire, Robert Browning, Oliver Goldsmith, Thomas Dekker, John

Harvard's Classics Collection Complete 71 Volumes is a monumental anthology that serves as a comprehensive survey of the foundational texts and figures that have shaped Western literature and thought. This collection spans millennia encompassing works from ancient Greece to the Enlightenment and up through the 19th century showcasing a diverse range of literary styles including poetry, philosophy, fiction, and scientific discourse. The inclusion of seminal works by figures such as Dante Alighieri, William Shakespeare, Plato, and Charles Darwin amongst others highlights the anthology's breadth and depth, offering readers an unparalleled insight into the various currents that have influenced Western cultural and intellectual history. The contributing authors and editors of this collection are each luminary in their own right, having left indelible marks on their respective fields. This anthology not only collates works by philosophers, scientists, and literary giants but also orchestrates a dialogue among them, offering a unique multidisciplinary perspective. The collection navigates through Renaissance humanism, the Enlightenment's valorization of reason, and the Romantic era's emphasis on individual emotion and natural beauty, painting a rich historical and cultural panorama. Through their collective works, this anthology encapsulates the essence of human thought and its evolution over the centuries. Harvard's Classics Collection Complete 71 Volumes is an essential resource for those looking to immerse themselves in the rich tapestry of human knowledge and creativity. Whether for scholarly research, educational pursuits, or personal enrichment, this collection offers an unmatched opportunity to engage with the texts that have served as cornerstones of Western culture. Readers are invited to explore this treasure trove of human experience, thought, and expression which continues to enlighten, instruct, and inspire generations.

The Family Herald ,1867 *Studies in the Psychology of Sex VI: Sex in Relation to Society* Havelock Ellis,2016-08-25

The origin of these Studies dates from many years back As a youth I was faced as others are by the problem of sex Living partly in an Australian city where the ways of life were plainly seen partly in the solitude of the bush I was free both to contemplate and to meditate many things A resolve slowly grew up within me one main part of my life work should be to make clear the problems of sex That was more than twenty years ago Since then I can honestly say that in all that I have done that resolve has never been very far from my thoughts I have always been slowly working up to this central problem and in a book published some three years ago *Man and Woman a Study of Human Secondary Sexual Characters* I put forward what was in my own eyes an introduction to the study of the primary questions of sexual psychology Now that I have at length reached the time for beginning to publish my results these results scarcely seem to me large As a youth I had hoped to settle problems for those who came after now I am quietly content if I do little more than state them For even that I now think is much it is at least the half of knowledge In this particular field the evil of ignorance is magnified by our efforts to suppress that which never can be suppressed though in the effort of suppression it may become perverted I have at least tried to find out what are the facts among normal people as well as among abnormal people for while it seems to me that the physician s training is necessary in order to ascertain the facts the physician for the most part only obtains the abnormal facts which alone bring little light I have tried to get at the facts and having got at the facts to look them simply and squarely

in the face If I cannot perhaps turn the lock myself I bring the key which can alone in the end rightly open the door the key of sincerity That is my one panacea sincerity Harvard Classics Anthology - Complete 51 Volumes Johann Wolfgang von Goethe, Gotthold Ephraim Lessing, Thomas Carlyle, Plato, René Descartes, Immanuel Kant, Charles Darwin, Martin Luther, Robert Louis Stevenson, William Shakespeare, Dante Alighieri, Euripides, Percy Bysshe Shelley, Charles Lamb, Henry David Thoreau, Samuel Johnson, John Stuart Mill, David Hume, Joseph Addison, John Locke, John Fletcher, Francis Beaumont, Leigh Hunt, Epictetus, Thomas De Quincey, Samuel Taylor Coleridge, Jonathan Swift, Christopher Marlowe, Jacob Grimm, Wilhelm Grimm, William Hazlitt, Marcus Tullius Cicero, Daniel Defoe, Aesop, Richard Henry Dana, John Dryden, Philip Massinger, Pedro Calderón de la Barca, John Ruskin, Oliver Wendell Holmes, Ernest Renan, Robert Burns, David Garrick, Ralph Waldo Emerson, John Webster, Izaak Walton, John Bunyan, James Russell Lowell, Charles Augustin Sainte-Beuve, Homer, Edmund Burke, Plutarch, Molière, Aeschylus, Michael Faraday, Sophocles, William Makepeace Thackeray, Benjamin Franklin, Pierre Corneille, Jean Racine, Voltaire, Robert Browning, Oliver Goldsmith, Thomas Dekker, John Milton, Aristophanes, Blaise Pascal, Virgil, Richard Brinsley Sheridan, Simon Newcomb, William Penn, Walter Bigges, Philip Sidney, Herodotus, Walter Raleigh, Francis Bacon, Giuseppe Mazzini, Francis Pretty, George Berkeley, Thomas Hobbes, Adam Smith, Alessandro Manzoni, Abraham Cowley, Michel de Montaigne, Ben Jonson, John Woolman, Benvenuto Cellini, Sydney Smith, Jean Froissart, William Henry Harrison, William Harvey, Marcus Aurelius, Hans Christian Andersen, Thomas Malory, George Gordon Byron, Thomas à Kempis, Richard Steele, Thomas Browne, Archibald Geikie, Thomas Babington Macaulay, Tacitus, William Roper, Hippocrates, Miguel de Cervantes, Thomas More, Friedrich von Schiller, Philip Nichols, Louis Pasteur, Joseph Lister, Jean Jacques Rousseau, Pliny the Younger, Edgar Allan Poe, Saint Augustine, Hermann Ludwig Ferdinand von Helmholtz, Francis Drake, Edward Haies, Niccolo Machiavelli, Ambroise Paré, William A. Neilson, 2023-12-12 The Harvard Classics Anthology Complete 51 Volumes is an unparalleled journey through the rich tapestry of Western literary and philosophical thought Curated with an eye for the monumental and the profound this collection spans epic poetry philosophical treatises scientific discourse and pioneering political theory From the stirring plays of Shakespeare to the foundational dialogues of Plato each work contributes to the anthology s overarching exploration of human inquiry creativity and the quest for knowledge It is a treasury of diverse styles and genres featuring standout pieces that provoke reflection and insight without providing definitive answers but instead fostering a legacy of questions that drive human progress The assembly of authors in this anthology reads as a who s who of intellectual giants whose works have each shaped the world in indelible ways Here Renaissance dramatists mingle with Enlightenment philosophers and Romantic poets converse with ancient historians These authors from Goethe to Montaigne reflect a broad spectrum of cultural and historical backgrounds representing movements such as the Enlightenment the Reformation and the Scientific Revolution united in their pursuit to articulate the human experience Their collective voices enrich this anthology offering comprehensive viewpoints that

underscore the interconnectedness of thought across eras This extensive compendium is essential for anyone seeking to immerse themselves in the pillars of Western literary and intellectual heritage Harvard Classics Anthology Complete 51 Volumes not only serves as a spine of traditional curricula but also as a gateway to a profound dialogue across centuries making it an invaluable resource for students educators and those with a passion for literature and philosophy By exploring this compilation readers are offered a unique educational experience that bridges disparate ideas and philosophies fostering a deeper understanding of the themes that have shaped human civilization
