Ostace,2018-09-28 Could be set the spirit of Sapiens in motion and emotion to achieve another level of Sapiens as UP
SAPIENS By re thinking another symbiosis between the enlarged of the horizon of the evolution since Primate Order Hominid
Family Genus Homo and the profundity of Sapiens in its ongoing spirit of abstractness spirit of creativity spirit of reason
spirit of the freedom through self consciousness all of them leading towards a possible UP SAPIENS In this way UP SAPIENS
could include a triad of becoming out of the classical Sapiens namely Bionics Sapiens the man of implanted organs Robotics
Sapiens the man of digital technology and Cloned Sapiens by cloning the sameness with improvement in prolonged longevity
in working ability working productivity working creativity Thus the era of Becoming into Sapiens means a fierce battlefield

1991 obviously in English language This particular effort created to the author an extended gnathological universe to entire
domestic medical structure and conceptology The gnatho philosophical book Being and Edentation is the result of a synthesis
that upstarted from a conceptual analysis of the Central Relationship called Centric Relation in its determinations and
redeterminations as a fundamental reference of the Dento Maxillary Apparatus Even if the scientific book Being and
Edentation was presented by the author himself in the last 25 years throughout of Western Civilizations no one has had the

meditation of pondering and of wise silencing by inducing into myself of the guiding experiment of all realities beyond of
prejudices beyond of barriers of the idols and of the inherent subjectivities into human In order to know myself better gnothi
seauton I have to know what is uncertain around me and inside me by re sensing the crucial axioms of science and
epistemology by re thinking thus the axiom through which the truth is the son of time the son of science and the son of
technology In order to know myself better gnothi seauton I have to know what is unknown around me and inside of me by
correlating thus the triad of truth experience reality Ultimately in order to know ourselves better as Species as Sapiens or as
Genus Homo Anthropos of what is known of what is uncertain and of what is unknown inside us and inside myself and all of
these must be the duty triad in every human school in every human college or human university academy to all those who are

Augustin Ostace,2018-09-03 It is usually said that the Culture is the nature of man Kultur ist Natur des Menschen but we must accept volens nolens that the Book is the essence of human culture Das Buch ist die wessentlich der Kultur des Menschen Upon this assumption we must accept that the neuron is the basic anatomical structure of the entire nervous system of all inervated living systems of the biology culminating in human through its neo cortex system as the highly abstract development of an abstract representation existing in singularity at least up to date within the knowing Universe Our endeavour is trying in a reconnection between neuron of biology with the neo cortex of human ontology in a synthesis that is done upon a triad of philosophical schools like those of rationalist philosophy of empiricist philosophy and of idealist philosophy Nonetheless for this extremely complex philosophy endeavour will be used ideas and concepts belonging to the materialist and idealist of Greek philosophy to those of Oriental philosophy of Hinduism Buddhism and Jainism of India and Taoism Confucianism and Ch an ism of China Moreover will be some references to the ideas and concepts from different religions of human being namely those of Egyptean religions Mesopotamian religions then those of Judaism Christianity and Islam religions then to those belonging to the Persian religion of Zoroastrism of Manicheism and of Shintoism **Cortexologis**

RACE & ETHIC'S SAPIENS Augustin Ostace,2019-01-09 The title in itself is intended to be an encouragement of our

Ethics Commission of the United States Congress to which was addressed a petition about a year ago January 2017 regarding the misusing and abusing of the concept of RACE in regarding Species Sapiens Genus Gattung Homo in our American Constitution It is in some way understandable that the human history including the history of the American People has had in its entirety many white links throughout its genesis phases throughout its evolutionary and devolutionary periods and throughout its controversial becoming and fulfillments But to persist in a such dramatic controversial field of different RACE within Species Sapiens Genus Homo Hominid Family Order Primate Class Mammalia Phylum Stamm Vertebrata Kingdom Animalia despite of all anthropological physiological and genetically advancements in the last 50 years including Human Genom Project is a dangerous disregarding of all scientific arguments which are supporting beyond of any doubt that the Species Sapiens is a Species without different Races within Sapientologist **RACE & SAPIENS** Augustin Ostace,2019-01-07 The human history has many white links throughout its genesis phases throughout its evolutionary and devolutionary periods and throughout its controversial becoming and fulfillments One of this high dramatic controversial field is the persistence overall in Western Hemisphere of the concept of Race within the Specie Sapiens Genus Homo Hominid Family Order Primate Class Mammalia Phylum Vertebrata Kingdom Animalia despite of anthropological and genetically advancements in a scientific argumentative way of the Species Sapiens without different Races within Even if the World s Politics and the World s Media are still stubborn in presenting and defending the idea of different Races within our unique Species Sapiens the biologic realities with scientific proofs are beyond of any doubt in favor of the Sapiens Species without different Races within by putting thus aside a class of political and social concepts as race and racist Rasse und Rassismus with subsequent concept o logical developments of Pro rassismus and Anti rassismus Sapientologist
