The Integrated Astrological Guide continues with this second volume This particular text deals with the encoding of information both astrologically and generally that interferes with and colors our critical thinking skills and ability for accurate foresight Although myths are used to convey concepts the running theme in all works is that neither astrology nor myths cause anything and that each person s reality is the result of free will effort and choices at every given moment They do however reflect engrained archetypal belief structures passed down over millennia Those belief structures do affect reality Logical rules will be increased in this volume and fallacious thinking illuminated not only in traditional astrological principles but in widely accepted social attitudes

**Worship of Planetary Spirits is idolatrous Astrolatry** Helena Petrovna Blavatsky, Divine Astrology is for Initiates superstitious Astrolatry for the masses The Occultist s reverence for Planetary Spirits is not worship as the word is commonly understood For the Theosophists planetary angels occupy no higher place than that which Virgil assigns them Each and all are occult potencies having sway over certain attributes of nature Worship of Planetary Spirits is idolatrous Astrolatry The Church is not against magic proper but only against those magicians who fail to conform to her methods and rules of evocation Worship of the Seven Spirits by the Church has been legal in all the ages No truth upon any subject whatever has been ever made complete by the Church Otherwise where would be the mystery so absolutely necessary to the authority of her incomprehensible dogmas The Seven Sabian Gods and the Seven Seats and Virtues of the Kabbalists have become with the Catholics their Seven Eyes of the Lord and the Seven Thrones instead of Seven Seats The miracles performed in the bosom of Mother Church from the apostolic down to the ecclesiastical miracles at Lourdes are pernicious in their result upon the human mind While the Church feared to adopt even the Chaldean substitutes for the mystery names as they had been so desecrated by magical practices it embraced other mystery names far less known than their substitutes have ever been A terrible epidemic of obsession and possession broke out in 1553 when almost all Rome found itself possessed by the devil The worship of mystery names under various substitutes continues to this day The Jesuits rejoiced the most at the resurrection of the old worship in view of the prodigious help they received from it Church services in honour of the seven Spirit Stars have never been abrogated since Bolstered by the courage of true believers the Christian defenders of the Seven Star Angels deny nothing and keep silent whenever accused of rendering divine honours to Chaldean and other gods Every planet is septenary like man The visible planet is the physical body of the sidereal being the Atma or Spirit of which is the Angel or Rishi or Dhyani Chohan or Deva etc This is the tenet of the Secret Doctrine minus its idolatrous element As taught in the Church and her rituals however and especially as practised Angel Worship is Astrolatry pure and simple The Great Pyramid was erected as an observatory of Occult Astrognosy at time when Draconis the then Polar Star was at its lower culmination and the Pleiades were on the same meridian above Retrograding minds while unable to follow their forefather s grand ideas were yet anxious to prove that they knew as much

and far more Having reviled Astrolatry and trampled under their feet the sacred bulls Apis and Mnevis they then instituted a Pastoral Religion in which instead of the sacred Bull they worshipped a Lamb They allowed all the heathen names of Stars named by their idolatrous forefathers to remain status quo and at the same time perverted their meanings in the most cunning way Plagiarising Christianising and degrading Pagan Astronomy wild beasts in scarlet clothing Respect the Spirits but keep them at arm s length *Pagan Magic of the Northern Tradition* Nigel Pennick,2015-05-21 A practical guide to the magical history customs and practices of pre Christian Northern Europe Details the everyday magic of the Northern Tradition including household magic protection spells and the significance of the days of the week Explores direct natural magic such as shapeshifting and soul travel and talismanic or sigil magic including runes and rituals to unlock the power of crafted objects Explains how many of these customs continue to the present day In the pre Christian societies of Northern Europe magic was embedded in the practical skills of everyday life Everything in Nature was ensouled with an inner spirit as was anything made by hand People believed in magic because it worked and because it was part of the functionality of their day to day lives Many of these practical observances and customs continue to the present day as rural traditions folk customs household magic and celebrations of the high and holy days of the calendar Exploring the magical pagan traditions of the people now called Celtic Germanic Scandinavian Slavonic and Baltic Nigel Pennick examines the underlying principle of the Northern Tradition the concept of Wyrd and how it empowers the arts of operative magic such as direct natural magic and talismanic or sigil magic Through direct natural magic individuals can shape shift journey out of the body or send one of their three souls fylgia or fetch ahead of them Sigil magic involves the powers contained in objects which can be channeled after the appropriate ritual Runes are the most powerful sigils in the Northern Tradition and were used to ward off illness danger hostile magic and malevolent spirits Emphasizing the importance of the cycles of Nature to the tradition Pennick explores the eightfold sun dials and the four ways the solar year is defined He looks at the days of the week and their symbolic association with different deities as well as why particular acts are performed on certain days and what the customary lucky and unlucky days are He also examines sacred spaces household magic protection spells and the role of music in the Northern Tradition Explaining all the traditional holidays and activities necessary to honor them Pennick shows how anyone can participate authentically in the magic of the Northern Tradition if they take care to do things properly with respect and on the right day

Johnson, 2024-04-10 Ever wondered why secret societies are secret Why is it that an overwhelming majority of elite leaders in America including those who've occupied the highest office have belonged to an organization in the vast network of secret societies whose rituals and teachings derived from the ancient mystery schools of Egypt and Babylon Why is death the penalty for breaking a secret society oath Why do they pay homage to pagan gods and goddesses Why do many self proclaimed Christians belong to these secret societies when their practices blatantly violate God's Commandments such as Exodus 20:3 which states Thou shalt have no other gods before me And why don't their pastors say anything about it Is there a secret motive behind the positive PR that many of these secret organizations receive for their good deeds such as feeding programs scholarships volunteering youth mentoring etc that even the lower ranking members of these societies don't know about Could today's network of these secret societies be the architects and workers of the antichrist New World Order aka Illuminati as prophesied in the Holy Bible These questions and more will be answered by author and Evangelist Rayford L. Johnson who has spent more than 20 years researching writing and teaching on the occult Johnson has counseled and ministered demon deliverance prayers on many former members of the occult Many of them have testified that they have been set free by the power of Jesus Christ from the spiritual torment and generational curses that the pagan rituals and oaths have unknowingly brought upon them and even their family through the spiritual legalities of breaking God's commandments The Truth Shall Make You Free John 8:32 <http://www.thugexposed.org>      **Sammlung** Tatian, Miroslav Marcovich, 1995 Since
