Celebrating Planet Earth, a Pagan/Christian Conversation Denise Cush, 2015-05-29 Celebrating Planet Earth a Pagan Christian Conversation will appeal to Pagans and Christians interested in making connections academics and students in Religious Studies taking courses on inter faith dialogue Paganism or Christianity and anyone with an interest in inter faith activities Contributors include leading figures in the British Pagan especially Druid world in the Christian Forest Church movement and earth centred Christianity and academics in the field of religious studies As well as academic discussion there is a practical emphasis on personal spirituality and ritual practice and the possibility of these being shared across the Pagan and Christian traditions The Da Vinci Hoax Carl E. Olson, Sandra Miesel, 2004-01-01 Discusses the misconceptions and historical errors of The Da Vinci Code while examining early Christian origins Gnosticism the role of Constantine in Christian history and the novel's accusations against the Catholic Church Christendom Peter Heather, 2025-04-22 A colossal book written by a colossus in the field The New York Review of Books A major reinterpretation of the religious superstate that came to define both Europe and Christianity itself by one of our foremost medieval historians In the fourth century AD a new faith grew out of Palestine overwhelming the paganism of Rome and resoundingly defeating a host of other rival belief systems Almost a thousand years later all of Europe was controlled by Christian rulers and the religion ingrained within culture and society exercised a monolithic hold over its population But how did a small sect of isolated and intensely committed congregations become a mass movement centrally directed from Rome As Peter Heather shows in this illuminating new history there was nothing inevitable about Christendom's rise and eventual dominance From Constantine the Great's pivotal conversion to Christianity to the crisis that followed the collapse of the Roman empire which left the religion teetering on the edge of extinction to the astonishing revolution of the eleventh century and beyond out of which the

Papacy emerged as the head of a vast international corporation Heather traces Christendom's chameleonlike capacity for self reinvention as it not only defined a fledgling religion but transformed it into an institution that wielded effective authority across virtually all of the disparate peoples of medieval Europe Authoritative vivid and filled with new insights this is an unparalleled history of early Christianity
