**Broken to Whole** Seneca Schurbon, 2017-07-08 Why aren't you healed Do you ever feel like you continually struggle with certain emotions Do hurt rejection anger and anxiety rise up in you causing an overreaction and taking on a life of their own Maybe you've tried personal prayer standing in faith counseling and various ministries yet no matter what you do nothing seems to work If traditional prayer and deliverance hasn't cut it you might be dealing with soul fragments When we experience a traumatizing event part of our coping strategy is to wall off a little piece of ourselves in order to contain that emotion We then go on with life A fragment is that part of you that's been locked away inaccessible to healing at least to the usual methods This book is a game changer in how you'll look at inner healing We aren't going to beat the drum for repentance and forgiveness although those are beneficial and necessary Instead we have made every effort to tell you something you don't know so that you can fill in your missing pieces But let's be honest Going into the depths of your soul might seem a little scary After all you did shut that door for a reason The whole prospect of working with fragments might feel over your head Don't worry we explain in plain English a variety of techniques and exercises with loads of real life examples and Jesus does all the work You don't have to relive your trauma remember any complicated protocol or feel like you're losing control You'll learn How to recognize and interact with fragments What the healing of fragments can mean for your physical health The role that deliverance plays in dealing with soul fragmentation How you can minister to others How even complex issues like Dissociative Identity Disorder and Satanic Ritual Abuse can be healed This book is for you if you struggle with any of the following Irrational or unexplained fears Stubborn or perpetual negative emotions Overreactions to seemingly small problems Any type of childhood trauma Losing blocks of time or inability to remember certain events or periods in life or A tendency to check out in certain situations Lets get you on your way to wholeness

Joy Kairos, 2011-05-01 This book shares the journey of who has been healed from Dissociative Identity Disorder and trauma of satanic ritual abuse It gives hope and insight to both the hurting and to the helper who wants to minister in areas of healing and see the captives set free

*My Life in Pieces* C. J. Schaeffer, 2020-08-30 Raised in a family of churchgoers Alice Fisher has the potential for a promising future However her father leads a secret life as a cult leader who practices satanic rituals She suffers verbal physical emotional and sexual abuse as a child Groomed by her father for greater horrors she's drugged and forced to participate in his ritualistic ceremonies Outwardly Alice appears to lead a normal life But the truth torments and weighs heavy upon her Eventually her mind shatters crushed into splinters of insanity and madness A crucible of darkness surrounds her like a blinding fog and seeks to overwhelm her Yet a faith thread tied to her heart in early

childhood becomes her lifeline in adulthood What helps her cope through multiple suicide attempts self injury psychiatric hospital stays and years of therapy How does she put the pieces of her life back together as whole healed and joyful Here drawn from a lifetime of journals and personal records she tells her story to offer hope to anyone that has known the destructive impact of childhood trauma Satanic Ritual Abuse and Dissociative Identity Disorder Rachel Lawrence W. Stanfield,2005-03-31 Rachel is the product of years of Dr Lawrence Stanfield s counseling work with survivors of major trauma Some of these survivors were the product of generational sexual abuse Others were survivors of generational ritual abuse often being dedicated to a particular cult at birth sometimes even before birth All were adults whose lives was anything but productive fulfilling and happy Rachel is based upon a true story and a real client Her journey towards healing required many years and culminated with a glorious and beautiful restoration of body soul and spirit This is a story about her struggle to be set free from a family of cult leadership and abuse Rachel was one of her child personalities who Dr Stanfield s heart while working with this 32 year old woman She was an 8 year old child alter part of this woman who giggled cried and made her eyes sparkle whenever she would come out to talk with me while caressing her teddy bear Rachel s story will provide a rare inside look at the tortuous and hopeless life of those enslaved in the vice of ritual abuse Finally Rachel the book is designed to serve as a training manual and teaching text for ministers parents professionals teachers counselors and virtually anyone who shares our compassion to help the tens of thousands of adults who still suffer from a lifetime of enslavement with ritual abuse and Dissociative Identity Disorders Most continue to roam from mental health practitioners to counselors to hospitals while garnished with a myriad of psychiatric labels in their effort to one day find healing and freedom What is the purpose of this book To arouse a public outcry for justice to launch a massive effort to provide healing and acceptance for these survivors and to proclaim to all that there is freedom and healing available Broken to Whole Seneca Schurbon,Matt Evans,Diane Moyer,Michael C. King,Sam R. Brewster,Ruby Walker,2017-07-08 Still not healed despite deliverance and inner healing prayer Discover the hidden reason your efforts have been undermined and how to get your breakthrough Do you ever feel like you continually struggle with certain emotions Do hurt rejection anger and anxiety rise up in you causing an overreaction and taking on a life of their own Maybe you ve tried personal prayer standing in faith counseling and various ministries yet no matter what you do nothing seems to work If traditional prayer and deliverance hasn t cut it you might be dealing with soul fragments When we experience a traumatizing event part of our coping strategy is to wall off a little piece of ourselves in order to contain that emotion We then go on with life A fragment is that part of you that s been locked away inaccessible to healing at least to the usual methods This book is a game changer in how you ll look at inner healing We aren t going to beat the drum for repentance and forgiveness although those are beneficial and necessary Instead we have made every effort to tell you something you don t know so that you can fill in your missing pieces You ll learn How to recognize and interact with fragmentsWhat the healing of fragments can mean for your physical healthThe role that

**Restoring Survivors of Ritual Abuse** Patricia Baird Clark, 2018-03-16 In this 218 page book Patricia Baird Clark calls the church forward to understand and minister for the bizarre abuse called satanic ritual abuse With no formal psychological training she has been able to bring people with diagnoses such as schizophrenia paranoia bipolar disorder and borderline personality into complete remission through Jesus Christ One of these women had been hospitalized in psychiatric hospitals seven times heavily medicated and given electric shock treatments No one had ascertained she was severely abused or had dissociative identity disorder This is a common problem because most mental health professionals are not trained to understand spiritual realities such as the prevalence of Satanism in our society or the existence of demonic powers This is why the church needs to get involved The effects of such spiritually driven abuse can only be undone by the power of Jesus Christ brought forth through a committed loving Christian This book describes how cultists and demons working together construct a demonically powered inner world in their victim where memories and dissociated parts remain hidden from the conscious mind Through releasing the Holy Spirit in prayer to reveal these things to the troubled person the memories and dissociated parts are brought to the surface where ministry can take place The pain of each episode needs to be released The lies believed because of the abuse must be renounced and replaced with God's truth Demons that came in through the abuse must be cast out Forgiveness must be extended to those who did the abuse The Holy Spirit must be released to heal the pain This is obviously the work of the church Only those who are called by God should do this ministry but many are called and don't know it How can they know it when they've not heard of the abuse which is carefully concealed by the media nor do they realize the power of Christ within to set others free We have been conditioned to believe in diseases and medical science when we should be looking for spiritual conditions and biblical solutions administered by Christians Many mental health professionals are not Christians so would not be able to bring the presence of Jesus to heal much less be able to cast out demons In many mental health clinics Christian prayer and deliverance are forbidden This is why it is imperative for Christian lay persons and ministers to get involved in this ministry With the call of God and this book **Restoring Survivors of Ritual Abuse** in hand the church can join powerfully with Jesus in His ministry to heal the broken hearted and set the captives free

a positive connectedness to one's internal and external world in relation to some existence power or unexplained phenomena rather than to any organized religion      Shattered but Unbroken Valerie Sinason, Amelia Van der Merwe, 2018-05-08

Shattered but Unbroken is an edited volume focusing on Dissociative Identity Disorder DID which combines the narratives of survivors of ritual abuse with academic contributions on the causes, correlates and interventions applicable to DID. The book is divided into two distinct parts. Part 1 begins with the missing memoir of Anna, a survivor of ritual abuse. Anna chose not to publish her memoir for fear of retribution from her perpetrators. The plight of Anna is interwoven between all the contributions in the book, be they life writing or academic contributions. So too are the life writings of Annalise, writing under pseudonym. Instead of using Anna's memoir, the politics of anonymity is addressed by a range of survivors of ritual abuse who write about their decision to use their real name in their narratives or to use pseudonyms. Part 2 of the book contains academic contributions which deal with the causes, correlates and interventions applicable to the most common response to ritual abuse DID.
