and theorising from around the world on key issues central to historical learning and instruction What sense do students make of the history that they are taught Are students able to organise historical knowledge in order to form large scale representations of the past and what difficulties can children face in doing so What are the relationships that obtain between history as an academic discipline as practised in universities and history as a subject taught in schools What can research tell us about the effects of instructional strategies that aim to help students join up what they learn in class into meaningful historical knowledge and understanding
