**Liminal Spaces in Children's and Young Adult Literature** Mark I. West, 2024-03-12 Scholars in the field of children's literature studies began taking an interest in the concept of liminal spaces around the turn of the 21st century For the first time Liminal Spaces in Children's and Young Adult Literature Stories from the In Between brings together in one volume a collection of original essays on this topic by leading children's literature scholars The contributors in this collection take a wide variety of

approaches to their explorations of liminal spaces in children's and young adult literature. Some discuss how children's books portray the liminal nature of physical spaces such as the children's room in a library. Others deal with more abstract portrayals such as the imaginary space where Max goes to escape the reality of his bedroom in Maurice Sendak's *Where the Wild Things Are*. All of the contributors, however, provide keen insights into how liminal spaces figure in children's and young adult literature.

**Mentor Texts** Rose Cappelli, 2023-10-10 In their first edition of *Mentor Texts*, authors Lynne Dorfman and Rose Cappelli helped teachers across the country make the most of high quality children's literature in their writing instruction. *Mentor Texts: Teaching Writing Through Children's Literature, K-6*, 2nd Edition, the authors continue to show teachers how to help students become confident accomplished writers by using literature as their foundation. The second edition includes brand new *Your Turn* Lessons built around the gradual release of responsibility model, offering suggestions for demonstrations and shared or guided writing. Reflection is emphasized as a necessary component to understanding why mentor authors chose certain strategies, literary devices, sentence structures, and words. Dorfman and Cappelli offer new children's book titles in each chapter and in a carefully curated and annotated *Treasure Chest*. At the end of each chapter, a *Think About It*, *Talk About It*, *Write About It* section invites reflection and conversation with colleagues. The book is organized around the characteristics of good writing: focus, content, organization, style, and conventions. The authors write in a friendly and conversational style, employing numerous anecdotes to help teachers visualize the process and offer strategies that can be immediately implemented in the classroom. This practical resource demonstrates the power of learning to read like writers.

*The Common Core in Grades K-3* Roger Sutton, Daryl Grabarek, 2014-09-26 *The Common Core in Grades K-3* is the second in a series of comprehensive tools to tap into the vast flow of recently published books for children and teens, offering recommendations of exemplary titles for use in the classroom. Currency meets authority brought to you by the editors of the highly regarded review sources *School Library Journal* and *The Horn Book Magazine*. This guide includes hundreds of selections for grades K-3 published since 2007, recommended by *The Horn Book Magazine*. The titles are grouped by subject and complemented by *School Library Journal's* *Focus On* columns, which spotlight specific topics across the curriculum. Providing context for the guide and suggestions on how to use these resources within a standards framework is an introduction by Common Core experts Mary Ann Cappiello and Myra Zarnowski. These educators provide perspective on the key changes brought by the new standards, including suggestions on designing lessons and two sample plans. Following the introduction, you'll find a wealth of books by category. Note that the guide is Dewey Decimal based, so you may want to dig around, for example, in Social Sciences to find some titles that you might first seek in History or Science. Each section includes a listing of the top titles with brief, explicit annotations and key bibliographic data. *Focus On* articles are appended to appropriate categories to support in-depth curricular development. Each of these articles includes a topic overview and list of current and retrospective resources, including some fiction and multimedia, enabling educators to respond to the Common
