Missions Biblical Foundations And Contemporary Strategies:

Missions Gailyn Van Rheenen, 1996 This introduction to missions looks at the biblical and theological foundations for effective missions Van Rheenen also outlines practical strategies that will help present and future missionaries involved in taking the gospel to the world

Missions Gailyn Van Rheenen, 2003 Missions biblical foundations and contemporary strategies gives answers by showing the methods and motives for successful missionary work It lays sound theological and strategic foundations for the missionary of today and tomorrow

Engaging Millennials in Missions Annell James, 2024-08-13 The millennial members of the church have shown a lack of interest in participating in the local church's mission ministry This lack of interest has caused the missions department and the church concern because fulfilling the mission of God is the mission of the church The mission statement of the church is the focus of the ministry programs

Suppose the mission department creates a missions training program designed to focus on a technological learning style in which millennials thrive Could it attract involve and engage millennials in future mission trips while educating them It is this question that the research seeks to answer Arriving at the answer is achieved by posing questions to millennials at the church via interviews and a focus group and searching books for authorial insight into their characteristics This research will determine if conflicts within the church influenced the millennial's decision to participate The findings from this research will be instrumental in informing and assisting churches in identifying potential problems and solutions relative to a generational group within the church

Missional Life in Practice and Theory Christopher L. Flanders, Greg McKinzie, 2024-01-19 Few missiologists have impacted mission theory and practice among Churches of Christ as significantly as has Dr Gailyn Van Rheenen yet his global missiological influence has extended far beyond the boundaries of his denominational heritage This Festschrift in honor of Gailyn Van Rheenen contains original missiological contributions from colleagues and former students Most chapters were presentations at the inaugural Gailyn Van Rheenen Sessions in Mission

and World Christianity at the 2021 Christian Scholars Conference in Nashville Tennessee The volume is organized to parallel the phases of Van Rhee's career Africa academic missiology and Mission Alive a North American church planting organization His legacy is one that wonderfully embodies critical theory and robust practice **Missiological**

Hermeneutics Shawn B. Redford, 2012-10-18 How have those engaged in the mission of God been challenged to reinterpret Scripture through their experience In what ways were the missionaries in the Bible challenged to reevaluate Scripture in their own time Redford attempts to give shape to the nature of missional hermeneutics by examining Scripture present day cultural values historical struggles and the experience of those who are engaged in the mission of God In order for missionaries to overcome the scientific polarization in Western hermeneutics they must be able to perceive and learn from the overarching missional and spiritual hermeneutics found throughout Scripture so that they can balance missional spiritual historical critical and even unforeseen hermeneutical paths providing increased confidence in biblical interpretation

Missiology Reimagined Kent Michael Shaw, 2024-03-11 In this compelling research Kent Michael Shaw reveals a concise and comprehensive work on the development of Missions Theology informed by the perspectives from early African American missionaries Missiology Reimagined unveils the hidden and ignored missions history of enslaved and free African Americans during the antebellum period of the United States This book helps the student of missiology decipher how the events of the 1800s shaped the missions theology of Black Americans The enslaved of that day constructed a hermeneutic and interpreted the sacred text through a lens that contradicted their enslaver's version of Christianity Through these constructs they critically engaged in scripture and formulated a theology of mission contextualized for their lived experience This insight compelled them to risk death and re enslavement to pursue a global mandate from God These pioneering missionaries would emerge as experts in the field of global evangelism heralding them as both missionaries and missiologists Since they were practitioners and students of Scripture an applied mission's theology would materialize The reader will observe how this theological formation influenced the black church in the nineteenth century and their missiology reimagined These men and women held two titles missionary and missiologist These pioneer missionaries would emerge as early experts in the field of global evangelism As practitioners and students of scripture an applied mission's theology evolved The reader will observe how this theological formation would shape the black church in the nineteenth century and a reimagined missiology

Safari Based Theology Dr. Enos Lwamba,2012-12-21 In Safari based Theology Dr Enos Lwamba has developed an approach to theology and mission based on his proposed safari motif for the development of theology and mission Based on his Ph D

dissertation *The Safari Motif in the Development of Theology in Africa* Dr Lwamba argues that God has used a series of divine redemptive safaris in the Bible to reveal Himself progressively to people The author develops his proposed motif around a tri dimensional conception of reality and time and explores a threefold aspect of the safari mwanzo sasa and mwisho which provide keys to the African mindset He explores the various meanings and uses of the safari idea from both a biblical and theological perspective In addition to the literal safaris journey is an analogy of the church and believers are on a divine safari individually and collectively The safari model highlights the absolute necessity of the biblical message and the contextual situation to help Christians live effective and fruitful lives in society now and in future Inspired by both John Mbitis *The African Concept of Time* and Paul Hieberts *The Flaw of the Excluded Middle* the author utilizes biblical theological historical and contextual sources to make his point In the philosophical aspect of the safari the author develops his notion of an African conception of time modeled on the cultural safari idea which he relates to development of theology and mission He refutes the western influenced or commercially based notion that safari refers to a game hunting or tourist expedition to Africa Dr Lwamba promotes the argument that the philosophical framework and methodology drawn from the safari approach provides a more effective way of doing theology and mission in Africa and other contextual situations He also draws parallels to the safari concept from such sources as Augustines *City of God* John Bunyans *The Pilgrims Progress* and others in a refreshing and original style that the reader will find engaging The motif provides interpretational and practical application tools as it harmonizes the unity of the biblical message Its practical appeal makes *Safari Based Theology* a must read for Christians and others interested in their daily journey of faith The author contends that just as the idea of logos described the mindset conception of divine truth and aspirations of the Greek mind the concept of safari does the same for the African This book is highly recommended for pastors missionaries and teachers as well as students of Bible and theology culture and missions and other related disciplines

Scattering Seed in Teaching Brian G. Pickerd, 2016-02-02 Jesus calls each of us to live in a way that gives the Father glory shares his love with everyone around us and reflects the life of Jesus He invites us to scatter seed Scattering seed can be a challenge though especially in our public lives our professional lives and volunteer lives Those of us called to teach in some way feel the challenge deeply We seek to share knowledge experiences and life lessons with a broad and varied group of people and do it in a way that shares Christ s love Often life curriculum challenges and student chemistry threaten to derail our best laid plans When this happens it s easy to be distracted from our purpose or even to forget that our life calling is the same as our calling to teach Scattering Seed in Teaching is about returning to that call or perhaps connecting with it for the first time It shares stories interviews and observations of teachers and students learning about scattering seed It connects with biblical reminders and encourages us as teachers to reflect on and remember that underlying our professional call to teach is our life call they are one and the same to scatter seed

Pursuing an Elusive Unity Rhodian Munyenembe, 2019-09-30 Since its founding in 1924 the Church of Central Africa

Presbyterian CCAP has grown to span five synods across Central Eastern and Southern Africa Dr Rhodian Munyenyebe traces the history of these synods back to their shared roots in the Reformation and individual roots in three separate Presbyterian missions Dr Munyenyebe skillfully explores both historic and contemporary challenges to the unity of the CCAP and raises the question of whether the CCAP truly functions as a single denomination or could better be understood as a loose federation of five distinct churches His in depth explanation provides a critical look that goes beyond a surface understanding of what it means to unite churches from different cultural traditions and brings honest answers to disputes and conflicts among the CCAP synods Through this analysis and exploration Dr Munyenyebe also sheds light on the political and socio economic aspects of life in relation to the influence of religious denominations In this objective yet astute account Munyenyebe gives voice to the CCAP s complex history present reality and future potential

Mission in the Way of Paul Christopher R. Little, 2005 What relevance does the Apostle Paul have for the mission of the church in the twenty first century By investigating his socioeconomic background examining his doxological orientation in mission delineating how and why he shared resources in the first century and then relating all this to what has been called the contemporary International Partnership Movement this book demonstrates that when the church engages in cross cultural mission and ignores Pauline orthopraxy it places unnecessary obstacles in the path of the missio Dei Therefore *Mission in the Way of Paul* Biblical Mission for the Church in the Twenty First Century is pertinent for any course devoted to learning from and implementing biblical models of mission today
