Vote of Faith Maya Mayblin, 2024-12-03 A richly cinematic and compelling look at priest politicians in Brazil and their religious and secular entanglements What does desire have to reveal about the nature of power Through a detailed focus on the lives and loves of Catholic priests as they enter the profane world of party politics Maya Mayblin explores the complex intersection of democracy patriarchy and religiosity in Brazil For over a hundred years Catholic priests have been running for government office challenging Brazil's constitutional separation of church and state and its self image as a modern secular nation Priests find themselves walking a tightrope between religious and secular demands in one of Brazil's poorest regions Vote of Faith is a beautifully crafted ethnography based upon decades of fieldwork that tells the story of the ambiguous and frequently transgressive relationship between Catholicism and state governance a relationship ultimately mediated by kinship gender and sexuality For the protagonists of Vote of Faith democracy becomes a sphere in which divine will and human ambition compete with one another a tension embedded in the vernacular concept of faith In the Brazilian context faith signifies a complex set of assumptions about the nature of the world assumptions derived not just from Christianity but also from Afro Brazilian and secular ideas about power causation and human agency In combining ethnographic theological and feminist perspectives Vote of Faith places desiring bodies at the very heart of Catholicism's complex connection to multiple forms of power and offers provocative new angles on the question of the secular The first work by an anthropologist

to explore the unique phenomenon of the mayor priest this book offers an essential new angle on emerging debates about secularity as the condition of separation of the religious from the political Brimming with originality Vote of Faith is required reading for those interested in the gendered and sexual dimensions of the secular the plasticity of religion and the fundamental nature of the world s largest religious institution **Chambers's Edinburgh journal, conducted by W.**
