Southern Beauty Elizabeth Bronwyn Boyd, 2022-08-15 Southern Beauty explains a curiosity why a feminine ideal rooted in the nineteenth century continues to enjoy currency well into the twenty first Elizabeth Bronwyn Boyd examines how the continuation of certain gender rituals in the American South has served to perpetuate racism sexism and classism In a trio of popular gender rituals sorority rush beauty pageants and the Confederate Pageant of the Natchez Mississippi Pilgrimage young white southern women have readily ditched contemporary modes of dress and comportment for performances of purity gentility and deference Clearly the ability to do white southern womanhood convincingly and on cue has remained a valued performance But why Based on ethnographic research and more than sixty taped interviews Southern Beauty goes behind the scenes of the three rituals to explore the motivations and rewards associated with participation The picture that Boyd paints is not pretty it is one of southern beauties securing status and sustaining segregation by making nostalgic gestures to the southern past Boyd also maintains that the audiences for these rituals and pageants have been complicit unwilling to acknowledge the beauties racial work or their investment in it With its focus on performance Southern Beauty moves beyond representations to show how femininity in motion stylized and

predictable but ephemeral has succeeded as an enduring emblem where other symbols faltered by failing to draw scrutiny Continuing to make the moves of region and race even as many Confederate symbols have been retired the southern beauty has persisted maintaining power and privilege through consistent performance Confessions of a Scholarship Winner Kristina Ellis,2013-03-20 Kristina Ellis was awarded a full scholarship through her PhD How she managed to get that kind of a scholarship offer is revealed in this book Raised by a single mother Kristina appeared to have everything stacked against her years of living below the poverty level imperfect grades and sub par SAT scores Yet Kristina discovered the secrets to effectively presenting herself as a unique and desirable scholarship candidate And she s sharing her secrets for scholarship success with students and their parents so that they too can obtain money for college **American Historical Pageantry** David Glassberg,1990 What images shape Americans perceptions of their past How do particular versions of history become the public history And how have these views changed over time David Glassberg explores these important questions by examining the pageantry craze of the *Native American Princess Pageants* Sebahattin Ziyanak,Steven Aicinena,2024-10-15 This book delivers a systematic investigation of Native American princess pageants exploring when and why they started how they spread across and within Native American communities the ways in which these pageants differ from other contests such as Miss USA the workings of the pageants themselves and their socio cultural costs and benefits *Good Success* Metashar Dillon,2012-09 This book is dedicated in memory of my grandparents Abraham and Etta Brommell who lived to be apart and see five generations This book is also for families to change their thinking about the economics of generations to come and provoke them to change and plan for legacies for future generations To continue to think and plan for education at the highest but also entrepreneurship to begin to build empires of hope that will foster change and benefit all of humanity Remember that families that read this book will tell women all over the World that they can come and be a part of a economic movement and become the catalyst of starting the New Day of pioneering women for entrepreneurs across the Globe wgectour com In Remembrance of sustaining your own Legacy for future generations We are asking 2 Million people to help women buy purchasing this book Business and Professional Communication Kelly M. Tice, 2012-03-09 Universities are unlikely venues for grading bodies beauty poise and style Nonetheless thousands of college women have sought not only college diplomas but campus beauty titles and tiaras throughout the twentieth century and the cultural power of beauty pageants continues into the twenty first In *Queens of Academe* Karen W Tice asks how and why does higher education remain in the beauty and body business and with what effects on student bodies and identities Drawing on archival research and interviews as well as hundreds of hours observing college pageants on predominantly black and white campuses Tice argues the pageants help to illuminate the shifting iterations of class race religion culture sexuality and gender braided into campus rituals and student life Moving beyond a binary of objectification versus empowerment Tice offers a nuanced analysis of the making of idealized collegiate masculinities and femininities and the stylization of higher education itself **Attitude Is My Thing...** Joni B.
