## **Paid For My Journey Through Prostitution:**

**Paid For: My Journey Through Prostitution** Rachel Moran, 2015-09-08 An astonishingly brave memoir of prostitution and its lingering influence on a woman's psyche and life. The best work by anyone on prostitution ever. Rachel Moran's *Paid For* fuses the memoirist's lived poignancy with the philosopher's conceptual sophistication. The result is riveting, compelling, incontestable. Impossible to put down. This book provides all anyone needs to know about the reality of prostitution in moving, insightful prose that engages and disposes of every argument ever raised in its favor. Catharine A. MacKinnon, law professor, University of Michigan and Harvard University. Born into a troubled family, Rachel Moran left home at the age of fourteen. Being homeless, she was driven into prostitution to survive. With intelligence and empathy, she describes the exploitation she and others endured on the streets and in the brothels. Moran also speaks to the psychological damage inherent to prostitution and the inevitable estrangement from one's body. At twenty-two, Moran escaped the sex trade. She has since become a writer and an abolitionist activist.

**Atonement** Eleonore Stump, 2018-11-15 The concept of the atonement is one of the defining doctrines of Christianity. Over the course of many centuries, theologians, church forefathers, philosophers, and more have proposed a huge expanse of interpretations of Christ's sacrifice for humanity, each different to the next. In this ambitious study, Eleonore Stump uses the context of this history of interpretation to reconsider the doctrine afresh with philosophical care. Whatever exactly the atonement is, it is supposed to include a solution to the problems of the human condition, especially its guilt and shame. Stump canvasses the major interpretations of the doctrine, highlighting their shortcomings as an explanation for this solution. In their place, she argues for an interpretation that is both novel whilst still using traditional theology, including Anselm's well-known account of the doctrine. *Atonement* is a rich exploration of the doctrine and all that it covers: love, union, guilt, shame, forgiveness, retribution, punishment, shared attention, mind, reading, empathy, and various other issues in moral psychology and ethics.

**Invisible Trauma** Anna Motz, Maxine Dennis, Anne Aiyegbusi, 2020-02-25. There is an expectation that women will be nurturers and carers. Women who have been judged violent, destructive and criminal and who are detained in the criminal justice system can find themselves perceived through a distorted lens as unwomanly. This book explains how they become hypervisible in their difference while the histories of trauma and suffering that are communicated through their offending and other risk behaviour remain hidden and so are unseen. Bringing together authors uniquely placed as experts in their fields, *Invisible Trauma* argues that it is essential to trace the traumatic roots of women's violence and criminality. Powerful intergenerational factors perpetuate the cycles of offending and trauma re-enactment that current sentencing practice overlooks. The authors present a psychoanalytically informed account of the development of violence and other offending, identifying pathways for change to address trauma within the lives of these women and their children and also to create a responsive, effective and sensitive workforce. *Invisible Trauma* highlights the role of emotional, social and cultural forces in traumatising women who come into contact with the criminal justice system and uncovers areas of their lives that are all too often hidden from view. It will be invaluable to those working in clinical and forensic psychology, mental health, nursing, psychotherapy, social work, medical practice and women's health as well as frontline practitioners in the criminal justice system, the health service and third sector organisations and for anyone with an interest in racism, equality and social justice.

Sexual Politics Kate Millett, 2016-02-16. A sensation upon its publication in 1970, *Sexual Politics* documents the subjugation of women in great literature and art. Kate Millett's analysis targets four revered authors: D.H. Lawrence, Henry Miller, Norman Mailer and Jean Genet, and builds a damning profile of literature's patriarchal myths and their extension into psychology, philosophy and politics. Her eloquence and popular examples taught a generation to recognize inequities masquerading as nature and proved the value of feminist critique in all facets of life. This new edition features the scholar Catharine A. MacKinnon and the *New Yorker* correspondent Rebecca Mead on the importance of Millett's work to challenging the complacency that sidelines feminism.
