**Oldest Living Confederate Widow Tells All** Allan Gurganus, 2001-10-16 Allan Gurganus's *Oldest Living Confederate Widow Tells All* became an instant classic upon its publication. Critics and readers alike fell in love with the voice of ninety-nine year old Confederate widow Lucy Marsden, one of the most entertaining and loquacious heroines in American literature. Lucy married at the turn of the twentieth century when she was fifteen and her husband was fifty. If Colonel William Marsden was a veteran of the War for Southern Independence, Lucy became a veteran of the war with a unique perspective on Southern history and Southern manhood. Lucy's story encompasses everything from the tragic death of a Confederate boy soldier to the feisty narrator's daily battles in the Home, complete with visits from a mohawk-coiffed candy striper. *Oldest Living Confederate Widow Tells All* is a marvel of narrative showmanship and proof that brilliant emotional storytelling remains at the heart of great fiction.

*Oldest Living Confederate Widow* Allan Gurganus, Jane Holding, 2008 Lucy Marsden, 99 years old, scares and charms us as the widow of the American Civil War's last surviving soldier. His child bride and the mother of his nine children, she now lives alone, the survivor of the survivor. A born storyteller, a woman of passion and compassion, she finally confesses her own marriage as the secret history of War itself. The role of Lucy, funny, irreverent, candid, and heartfelt, offers the actress of any age a sampler for her every emotion and available skill. By the time her telling is complete, we feel the full terror and pity of the domestic life and the Civil War combined. Based on the classic best-selling novel *Oldest Living Confederate Widow Tells All*, this one-woman aria for stage constitutes a new work of art, fresh, humorous, and terrifying. Oscar and Tony winner Ellen Burstyn created the role on Broadway.

**Oldest Living Confederate Widow Tells All** Gurganus Allan, 1992 Exuberant Unforgettable THE NEW YORK TIMES BOOK REVIEW Lucy Marsden is narrowing in on her 100th birthday. She had been married to her husband William More Marsden since she was fifteen. But Willie, a veteran of the Civil War, never recovered from his youthful foray into battle, and more importantly, the loss of his closest friend. And the stories Lucy has to tell of the war, Willie, her life with him, and the tales she heard from his one-time slave, Castalia, call to mind a time and a place, a history and a legacy that is not soon forgotten, and a call to justice that never should be. An old-fashioned book lover's novel. CHICAGO TRIBUNE

Thomas Inge, Charles Reagan Wilson, 2014-02-01 Offering a comprehensive view of the South s literary landscape past and present this volume of *The New Encyclopedia of Southern Culture* celebrates the region s ever flourishing literary culture and recognizes the ongoing evolution of the southern literary canon As new writers draw upon and reshape previous traditions southern literature has broadened and deepened its connections not just to the American literary mainstream but also to world literatures a development thoughtfully explored in the essays here Greatly expanding the content of the literature section in the original *Encyclopedia* this volume includes 31

thematic essays addressing major genres of literature theoretical categories such as regionalism the southern gothic and agrarianism and themes in southern writing such as food religion and sexuality Most striking is the fivefold increase in the number of biographical entries which introduce southern novelists playwrights poets and critics Special attention is given to contemporary writers and other individuals who have not been widely covered in previous scholarship Publishing Books Everette E. Dennis, Craig L. LaMay, Edward C. Pease, 1997-01-01 Warnings of the death of the book and the degradation of literature have been prevalent for decades yet books survive and book publishing remains a viable and important force with the media mix At times it is hard to distinguish book publishing from the rest of the media enterprise since publishing houses are both independent entities and also part of newspaper magazine and electronic media empires The oldest of the mass media books were also the first to achieve a global presence crossing easily over national and political boundaries from earliest times and serving as a venue for debate and development of thought As testimony to their continued viability publishing houses have been briskly bought up in the international marketplace by global media conglomerates Publishing Books explores the current health and future prospects of books and the book publishing industry in the United States It contains perspectives ranging from an insider view of publishing executives to those of agents authors booksellers and readers Dan Lacy provides an overview of the structure and economic history of book publishing Jeremiah Kaplan predicts that books as we know them will disappear in the next century although writers and readers will not Gene D Lanier contends that one worsening threat to books and publishing is the incidence of censorship Other topics covered in Publishing Books include the importance of book reviews the histories of New York's greatest bookstores why there are so few book lovers among journalists and the decline in quality of the writings of U S presidents This volume also includes a section by Beth Luey reviewing six books on publishing Publishing Books is a pioneering study of the history current status and future of books and their impact It will be vital for publishers editors and librarians *Fiction, Crime, and the Feminine* Rédouane Abouddahab, 2011-01-18 The form of art called fiction has always been the privileged framework providing the perfect alibi for facing framing and containing the Other's desire and the strange libido attached to violence in other words there is an ambivalent dimension inherent in the scenarios and fantasies we enjoy by proxy Are not the fairy tales of our childhood full of images of death and violence whose fascinating presence is paradoxically meant to make us feel all the more safely tucked up in bed After all the wolf or the Little Red Riding Hood the monstrous killer or the unfortunate victim are but fictitious characters mere shifting positions they are not me therefore thanks to the willing suspension of disbelief process any reading I may shift into their speech or thoughts on the fictional screen a stage both for projection of and protection from such forbidden enjoyments Crime fiction has also for a long time been the genre for such containment Ever since Victorian craniology criminal violence has remained as resistant as ever to scientific measurement even to the more recent techniques of investigation of the brain Where women are concerned they were first and mostly fascinating victims but they also

nowadays feature in the role of the criminals adding to the first fascination the mystery of a woman's desire beyond the pale of societal expectations. Indeed more and more pieces of crime fiction nowadays refuse to grant the simple pleasures of old what if for example the text refuses to comply to the whodunnit convention. What about those stories that instead of closure will diffuse a mist a sense of unrest by their emphasis on the inexplicable lure of violence. In other words gone are the days of the satisfaction granted by traditional closure and return to a solidly structured society made safe again by the disposal of the scene of violence. But writing as such is also to be taken into consideration and what forcefully determines the writing is not only the historical trauma whose active presence in the fiction cannot be denied but especially some unresolved traumatic event or exclusion that makes one write and through the writing quest bliss but that also makes one renounce the attachment to the inevitably lost bliss.

**The Christ-Haunted Landscape** Susan Ketchin, 2009-11-12 Here are Susan Ketchin's discerning interviews with twelve southerners living and writing in the South and along with a piece of fiction by each are her penetrating commentaries about the impact of southern religious experience on their work. A little more than a generation ago Flannery O'Connor made a startling observation about herself and her fellow southerners. By and large she said people in the South still conceive of humanity in theological terms. While the South is hardly Christ centered it is most certainly Christ haunted. The southerner who isn't convinced of it is very much afraid that he may have been formed in the image and likeness of God. Guided by O'Connor's perceptive commentary about southerners in general Susan Ketchin has created a deeply revealing collection that mirrors the pervasive role of religion in the literature by the recent generation of notable southern writers. Ketchin confirms that old time religion remains a potent force in the literature of the contemporary South.

**Now All We Need Is a Title** André Bernard, 1996 The stories behind more than 100 titles in the English language. Amongst other anecdotes this book tells that Lewis Carroll was the first to suggest that the dust jackets should carry the title of books so *The Hunting of the Snark* was the first book to be published with a printed jacket.

**A Year of Writing Dangerously** Barbara Abercrombie, 2012-05-08 In this collection of anecdotes lessons quotes and prompts author and writing teacher Barbara Abercrombie provides a delightfully varied cornucopia of inspiration nuts and bolts solutions hand holding commiseration and epiphany fueling insights from fellow writers including Nobel and Pulitzer Prize winners and Abercrombie's students who have gone from paralyzed to published.
