her dreams Oxford Blood is a British adult paranormal romance. It's a tale with vampires that aren't afraid to kill and a heroine who's not afraid of sex or her own ambition. ABOUT THE AUTHOR Georgiana Derwent read History at Oxford University. Aside from the vampires, The Cavaliers Series is an exaggerated but fairly accurate portrayal of her time there. She now works in London and lives with her fiancé. He's been very supportive throughout the writing of her books, mainly because he likes to claim that all the most attractive characters are based on him. Georgiana fell in love with vampire novels after reading The Vampire Diaries back in 2000. At the time, it was a struggle to find any similar paranormal romances, a situation that it's fair to say seems to have been rectified in the last few years. She now loves paranormal series such as True Blood, fantasy novels, and modern literary works in roughly equal measure. Ever since her teens, she wanted to write a vampire series. Ever since going to Oxford, she wanted to write a book about her experiences there. During a dull few months between finishing university and starting her graduate job, she had the idea of combining the two, and The Cavaliers Series was born.
