On Aggression University Paperbacks:

On Aggression and Violence Richard Mizen, Mark Morris, 2006-12-07 Aggressive and violent patients are an increasing concern for mental health professionals Mizen and Morris critically review psychoanalytic literature and present their own coherent and practical new model The clear clinical focus and emphasis on managing violence in therapy makes this book essential reading for practitioners and trainees The System Andy Turnbull, 2005 **The Synthetic Beast** Andy Turnbull, 2002 **Pedophilia** Jay R. Feierman, 2012-12-06 The Reason for this Volume If we were to judge the seriousness of a psychosocial problem by the attention that the popular media give to it we would have to conclude that the modern world is in the midst of an epidemic of pedophilic child sexual abuse One can scarcely go more than a few weeks in any large metropolitan area without reading about one of the community's upstanding citizens discovered to have been sexually involved with children or adolescents The attention that the popular media give this topic is paralleled by the attention that it receives in the social sciences where literally dozens of books and more than a thousand articles have been published on it in the past few years In fact child sexual abuse along with co dependency and dysfunctional family have become the avant garde psychological clichés of the decade However most of the lay and professional literature although voluminous reflect a narrow anthropo ethno and chronocentrism that precludes any real understanding of the topic with anything more than the preconceptions of our times **Three Plays of Maureen Hunter** Hunter, Maureen, 2003 Book is clean and tight No writing in text Like New **Aristotle's Theory of Abstraction** Allan Bäck, 2014-07-02 This book investigates Aristotle's views on abstraction and explores how he uses it In this work the author follows Aristotle in focusing on the scientific detail first and then approaches the metaphysical claims and so creates a reconstructed theory that explains many puzzles of Aristotle's thought Understanding the details of his theory of relations and abstraction further illuminates his theory of universals Some of the features of Aristotle's theory of abstraction developed in this book include abstraction is a relation perception and knowledge are types of abstraction the objects generated by abstractions are relations which can serve as subjects in their own right whereupon they can appear as items in other categories The author goes on to look at how Aristotle distinguishes the concrete from the abstract paronym how induction is a type of abstraction which typically moves from the perceived individuals to universals and how Aristotle's metaphysical vocabulary is relational Beyond those features this work also looks at how of universals accidents forms causes and potentialities have being only as abstract aspects of individual substances An individual substance is identical to its essence the essence has universal features but is the singularity making the individual substance what it is These theories are expounded within this book One main attraction in working out the details of Aristotle's views on abstraction lies in understanding his metaphysics of universals as abstract objects This work reclaims past ground as the main philosophical tradition of abstraction has been ignored in recent times It gives a modern version of the medieval doctrine of the threefold distinction of essence made famous by the Islamic philosopher Avicenna The Harvard List of

Books in Psychology Harvard University, 1971 The Harvard List of Books in Psychology was first compiled in the 1930s when each student in the department enjoyed the luxury of an individual tutorial Together tutor and student could map out a course of reading By 1938 the list had proved so useful that its 349 titles were annotated and printed though mainly for local consumption Growth of an outside demand from students librarians and the reading public led to a supplement in 1944 and a number of successive editions bearing the present title The present edition updates the List without expanding it beyond useful size for each new title the compilers have faithfully tried to delete one and new entries account for almost half of the present total of 744 Each title is annotated with descriptive and evaluative material **Psychodynamic Theory for**

Therapeutic Practice Juliet Higdon, 2011-10-31 This engaging and accessible textbook introduces psychodynamic theory in a way that helps readers better understand complex theories and how these can enrich their practice Five chapters on classic theorists explore their life stories and the ideas and are illustrated with captivating case studies Contemporary developments relating to psychodynamic theory are explored such as the links with neurobiology and how attachment shapes a baby's brain and how to make sense of the anxieties contained in the organisations of hospitals and day care nurseries It also examines psychodynamic evidence based theory and practice An insightful introduction to core psychodynamic theory this refreshingly clear book is invaluable reading for all students trainees and practitioners in counselling and psychotherapy and of interest to those studying and working in the fields of nursing social work and counselling psychology **Sexuality, Human**

Rights, and Public Policy Chima J. Korieh, Elizabeth O. Onogwu, 2019-11-12 Sexuality Human Rights and Public Policy explores the intersection of public policy human rights and sexuality as they relate to inclusion and exclusion across diverse cultural settings It examines how knowledge is formed and experienced at the intersections of culture sexuality race and other axes of identity This volume engages an array of questions including how public policy shapes the conceptualization of sexuality and rights and by extension the phenomena of inclusion and exclusion in contemporary society across the world By evaluating how public discourse is employed to reinscribe differences of gender sexuality and rights of citizens this book provides a comparative analysis of how these processes and dynamics resemble each other or differ cross culturally This book demonstrates that in the realm of sexualities approached from the ideal of human rights as a predominantly Western notion is increasingly challenged by diverse views and new interpretations of human rights in non Western societies such as Africa and the Middle East *Punishment and Shame* Wendy C. Hamblet, 2011-01-01 Punishment and Shame A

Philosophical Study reveals the economic and religious underpinnings to modern notions of crime and punishment Contra Michel Foucault's claim that modern penal practices witness a revolution in Western moral sensibilities awakened by Enlightenment ideals Hamblet shows that punishment practices in the West grew out of Protestant moralizations capitalist greed and the need for a cheap labor pool *"Femininity," "masculinity," and "androgyny"* Mary Vetterling-Bragg, 1982 To find more information about Rowman and Littlefield titles please visit www.rowmanlittlefield.com The Bookseller, 1968

Linguistic Epidemiology Nick Enfield, 2013-04-15 First monograph in English to provide a sustained treatment of a specific grammatical topic across languages of mainland Southeast Asia representing different language families An important contribution to the literature on language contact and linguistics areas as well as semantics theory and methodology Provides new data on grammaticalization

Psychology of the Future Stanislav Grof, 2000-07-20 Summarizes Grof's experiences and observations from more than forty years of research into non ordinary states of consciousness This accessible and comprehensive overview of the work of Stanislav Grof one of the founders of transpersonal psychology was specifically written to acquaint newcomers with his work Serving as a summation of his career and previous works this entirely new book is the source to introduce Grof's enormous contributions to the fields of psychiatry and psychology especially his central concept of holotropic experience where holotropic signifies moving toward wholeness Grof maintains that the current basic assumptions and concepts of psychology and psychiatry require a radical revision based on the intensive and systematic research of holotropic experience He suggests that a radical inner transformation of humanity and a rise to a higher level of consciousness might be humankind's only real hope for the future It's rare to find a textbook that is both extremely informative and enjoyable to read Psychology of the Future has to be one of the first ones I've ever come across Each chapter brought an entirely new concept theory or method that was just as engaging as the previous one Dr Tami Brady TCM Reviews This book is by a pioneering genius in consciousness research It presents the full spectrum of Grof's ideas from his earliest mappings of using LSD psychotherapy to his clinical work with people facing death to his more recent work with holotropic breathing to his latest thoughts about the cosmological implications of consciousness research and the prospects for dealing with an emerging planetary crisis Grof has always been one of the most original thinkers in the transpersonal field and his creativity has kept pace with the maturity of his overall vision Michael Washburn author of Transpersonal Psychology in Psychoanalytic Perspective Grof offers an outstanding contribution to the ever growing debate about the nature of human consciousness and about the place of humankind in the cosmos If more psychiatrists could be persuaded that human consciousness transcends the limitations of the physical brain and instead is but an aspect of what may best be described as cosmic consciousness we could not only expect treatment modalities to change but we could also anticipate the possibility of culture wide rethinking of the basic presuppositions of modern cosmology the cosmology that grounds Western institutions ideologies and beliefs about the nature of personhood Michael E Zimmerman author of Contesting Earth's Future Radical Ecology and Postmodernity Stanislav Grof MD is a psychiatrist with more than fifty years of experience in research of non ordinary states of consciousness He has been Principal Investigator in a psychedelic research program at the Psychiatric Research Institute in Prague Czechoslovakia Chief of Psychiatric Research at the Maryland Psychiatric Research Center Assistant Professor of Psychiatry at the Johns Hopkins University and Scholar in Residence at the Esalen Institute He is currently Professor of Psychology at the California Institute of Integral Studies

conducts professional training programs in holotropic breathwork and gives lectures and seminars worldwide He is one of the founders and chief theoreticians of transpersonal psychology and the founding president of the International Transpersonal Association ITA In 2007 he was granted the prestigious Vision 97 award from the Vaclav and Dagmar Havel Foundation in Prague He is the author and editor of many books including *The Adventure of Self Discovery Dimensions of Consciousness and New Perspectives in Psychotherapy and Inner Exploration Ancient Wisdom and Modern Science Beyond the Brain Birth Death and Transcendence in Psychotherapy The Cosmic Game Explorations of the Frontiers of Human Consciousness and Human Survival and Consciousness Evolution* all published by SUNY Press *Proceedings*, 1981

New Perspectives on Bullying Ken Rigby, 2002-01-31 This book examines bullying behaviour in a wide range of settings including kindergartens schools the workplace in sports and prisons Looking at bullying in each of these areas it discusses alternative views and perspectives on bullying helping policy makers and professionals to coordinate their work and so tackle the problem effectively

Rape Joanna Bourke, 2009-06-30 Joanna Bourke takes the issue of rape out from the academic ghettos and distills the truth so often exploited to sell newspapers Neither prurient nor overly sympathetic she investigates rape from a historical standpoint examining the history of sexual aggression the idea of rape as a social construct and the often ignored idea of embodiment and analyzes the physical response of rapists as well as the often cited rape is about power theories Indebted to a growing body of sophisticated feminist analyses about rape victims Bourke here shifts the emphasis from the victims to the perpetrators in order to place rapists in their historical context An invaluable study this book delivers the hard truth that if we are to imagine a world free of unwanted sexual violence then we must consider the issue of rape from every angle

Terence Fisher Paul Leggett, 2002-01-15 Some critics in England and France have long maintained that British director Terence Fisher whose films dominated world markets in the 1950s and 60s was one of the greatest directors of fantasy films in history Since his death in 1980 Fisher s reputation has grown from relative obscurity and his influence on the development of the modern horror film has been widely recognized However Fisher s importance should not be limited to the context of the fantasy and horror film genres His films should also be recognized as expressions of his generalizations about human spirituality This critical study of Fisher s films begins with an introduction that provides biographical information on his film career summaries of all of the films he directed and examples of his impact on contemporary cinema All of Fisher s films are analyzed in terms of their Christian and religious themes as well as their mythical sources Chapters are devoted to Fisher s work on the subjects of Frankenstein Dracula curses The Devil Rides Out the ancient goddess The Gorgon the divided self The Man Who Could Cheat Death and the redeemer hero The Stranglers of Bombay The concluding chapter analyzes the role and influence of Biblical narratives in Fisher s films Also included is a filmography the work is fully indexed

The Bullies Dennis Lines, 2008 The Bullies attempts to get inside the minds of the bully and victim By listening to the voices of bullies and victims from all kinds of backgrounds without making judgements

counsellor Dennis Lines provides unique insights into bullying and what makes such domineering and aggressive behaviour so complex The School Librarian ,1968
