J. Foster,2015-02-03 Acceding to the wish of my Publishers that the following pages should be included in a certain well known series I have termed them Chats on Old Miniatures but confess that I consider the title somewhat of a misnomer inasmuch as I have been accustomed to regard a chat as a conversation between two or more persons interested in a given subject whereas in this little volume it is obvious that I have done all the talking In the interval

which has elapsed since my larger works appeared the most important event in connection with the subject of Miniatures is in my opinion the Exhibition of Works of Art of the Eighteenth Century at the French National Library in 1906 The concluding chapter of this book gives the impressions afforded by that extremely interesting and instructive Exhibition In the hope that they will be of use to the general reader I have amplified my references to the public collections of Miniatures in this country especially those at Hertford House and the Jones Collection so rich in the works of Petitot Miss E M Foster has been of much service in revising the proofs and passing this work through the press I have only to add one word and that relates to the illustrations I am fortunate in being able to put before my readers so large a selection of choice examples of the art of miniature painting This I owe to the generosity of the owners of the originals to whom I desire once again to express my indebtedness and thanks
