Sean McDowell, Jonathan Morrow, 2011-03-24 Sean McDowell and Jonathan Morrow have penned an accessible yet rigorous look at the arguments of the New Atheists Writing from a distinctively Christian perspective McDowell and Morrow lay out the facts so that the emerging generation can make up their own mind after considering all the evidence The Case

Against Theism Raphael Lataster, 2018-06-14 This monograph offers a critique of arguments for the existence of a specifically Christian God advanced by prominent scholar William Lane Craig The discussion incorporates philosophical mathematical scientific historical and sociological approaches The author does not seek to criticize religion in general or Christianity specifically Rather he examines the modern and relatively sophisticated evidential case for Christian theism Scholars have been arguing for theism or naturalism for centuries and there seems little to add to the discussion especially from the theistic side However to assume that either theism or naturalism obtains is a false dichotomy There are alternatives to both that merit consideration Employing a probabilistic approach the author advances this discussion His work uniquely utilizes not only naturalistic hypotheses to argue against theism It also presents supernaturalistic hypotheses This leaves no question that theism is almost certainly false even if some form of divine reality exists This project seeks not to argue that Christianity or any other faith or religion is undesirable but only to critically examine evidentialist claims posited by Christianity s learned apologists In fact a major secondary aim is to consider alternative god conceptions such as polytheism and pantheism This work aims to highlight that Christian theism is often granted special privileges by theistic philosophers of religion which seems doubly inappropriate when certain alternative god conceptions may even prove to be more plausible *Why Do We Hurt?* C. Nathan Vannatta, 2023-04-12 Why do we hurt This is a question asked all through history by the rich and the poor

the slave and the free the weak and the powerful and the intellectuals and the dreamers All of us experience pain and the physical and emotional suffering that it can bring For many this question has deep theological undertones and has posed a challenge to their faith in God Why is there so much evil and suffering and how can we stop it What is the purpose of pain Is there even a purpose If there is a god why is all this pain allowed to continue Why Do We Hurt is a biblically rooted and deeply practical exploration of these questions and more Readers will find spiritual nourishment inspiration and insight on each page Using clinical stories to illustrate main themes author C Nathan Vannatta addresses the many problems posed by the reality of pain Combining arguments from logic philosophy neuroscience and biblical exegesis the issue of pain and suffering is addressed from various perspectives to lead readers to the hope we have in Christ **Molinist Philosophical**

and Theological Ventures Kirk R. MacGregor,2022-10-04 This volume represents a significant advance of the philosophical and theological conversation surrounding Molinism It opens by arguing that Molinism constitutes the best explanation of the scriptural data on divine sovereignty human freedom predestination grace and God s salvific will The alleged biblical prooftexts for open theism are better explained according to Kirk MacGregor by Molinism Responding to philosophical critics of Molinism MacGregor offers a novel solution to the well known grounding objection and a robust critique of arguments from explanatory priority He also presents a Molinist interpretation of branching time models as heuristic illustrations of the relationship between possibility and feasibility Seeking to push Molinism into new territories MacGregor furnishes a Molinist account of sacred music according to which music plays a powerful apologetic function Finally regarding the nature of hell MacGregor contends that Molinism is compatible with both eternalism and eventual universalism *The Layman's Manual*

on Christian Apologetics Brian G. Chilton,2019-11-14 Modern Christians have been bombarded by objections launched against the Christian faith from popular secular authors bloggers and stars from the entertainment industry The church is quickly beginning to acknowledge the need for apologetics due to the number of youth and adults alike leaving the faith But how does one respond to these objections For the laity of the church this is especially difficult as many are left without the proper training to know how to answer these objections In *The Layman s Manual on Christian Apologetics* the essentials of apologetics are taken from the ivory towers of academia and are made available to those who have not obtained seminary training or for those thinking about attending seminary In this book three major areas of apologetics are covered The first unit engages the nature of truth and what can be known The second unit deals with the existence of God and issues involving God s existence The last unit tackles historical objections to the resurrection of Jesus and early Christianity *The Layman s Manual on Christian Apologetics* delivers heavy apologetic issues with the laity in mind and blends in personal illustrations to make the material applicable **God's Gifts for the Christian Life — Part 1** J. Alexander Rutherford,2021-11-05 How are

Christians to think about the intellectual tasks that make up everyday life in the modern world It is clear we are not to do so as the world does but what does it look like to engage Christianly in our thinking In the first part of the series God s Gifts for

the Christian Life J Alexander Rutherford shows how the Bible equips us to confidently engage in the interpretation of and engagement with the Word of God and the world he has created In God s rich mercy he has enabled us to know him his word and his world In a world where it is preposterous and arrogant to claim to know anything certainly we are in desperate need of renewed foundations In God s Gifts for the Christian Life see some of the ways that God through his limitless power has made available to us everything necessary for life and godliness 2 Peter 1 3 **The Gift of Knowing** J. Alexander Rutherford,2019-02-27 To any attentive observer the Western world is in serious trouble It shows the signs of languishing under a devastating disease This is clearer nowhere else than in the realm of epistemology the study of truth and how we attain it Here the belief in human autonomy the freedom of individual men and women to interpret the world and live within it as they see fit has slowly eroded any foundation for knowledge or morality The result is a society adrift floating wherever the tide might take it If the disease ravaging our society is the belief in human autonomy the cure is submission once again to the God who created this world at least that is the argument of the Gift of Knowing The author argues that apart from submission to God as He has revealed Himself in the Christian Bible there is no firm foundation for truth or a trustworthy way of attaining it However through His revelation in Scripture God has given His people a foundation for knowing the world He has created and living within it **How Science Has Discovered God: Physics, Metaphysics and Beyond** Darrell Hall,2024-04-16 If you are searching for practical strategies and arguments to defend your Christian faith How Science Has Discovered God Physics Metaphysics and Beyond is a must read Through meticulous research and analysis Darrell Hall skillfully conveys scientific concepts and theories from the origins of the universe to the origins of life all the while displaying the fingerprints of an intelligent Creator Hall bridges the perceived gap between reason and belief offering compelling scientific philosophical historical and theological arguments for the existence of God How Science Has Discovered God is not just another book on the relationship between science and religion It is a quest for the truth about reality and the meaning and purpose of life It engages the reader in a thought provoking exploration of Christian Apologetics revealing the existence of a loving and purposeful Creator Explore with the author why God is the best explanation for the big bang the fine tuning of the universe the mathematical intelligibility of the universe the existence of mind consciousness and free will and much more Unearth the evidence for the claims of Jesus and his resurrection and see how suffering and evil are best explained through a loving God This authoritative and comprehensive study is sure to provide material for thought and inspiration Over two thousand years ago Jesus assured us that God is real that God does care and that everything we do does matter With a willingness to follow where the evidence leads join Darrell Hall in a search for truth Open your mind and heart and listen to the voice of God as He speaks through His Creation and His Son Jesus Christ *Something Worth Suffering For: The Ideas That Drive Crosstree Music* Andrew Bibb,2020-01-20 Life is suffering This is true for everyone to some degree and it impacts us in every phase of life from birth to death No one escapes unscathed Many try to cope with this fact by avoiding suffering

and discomfort as much as possible Their lives revolve around the prevention of pain But some instead of hiding from suffering find something worth suffering for This book is about those people and that something Something Worth Suffering For The Ideas That Drive Crosstree Music explores the process of discovering and embracing that which gives meaning to even the worst of life s hardships It shows how doing so will Generate the courage to pursue things that matter Produce a genuine care for others that leads to fulfillment Provide depth to the most important relationship one can have Reveal one s place in a universal community of committed companions And manifest hope in even the most hopeless of circumstances

Sorting through Worldviews Rick Kline,2022-03-22 Why do people adopt an overarching view of life that is mentally perilous Does the Christian faith provide answers to the dilemmas of life by giving coherent answers to objections against the faith Discussing the Christian faith with our family and friends can be quite challenging because of the various non religious and religious perspectives except if you know what questions to ask This book takes you on a journey through objections to Christianity with insights on how to listen ask questions and provides commonsense explanations of the Christian faith without reliance on intellectual and academic arguments *Sorting through Worldviews* is uniquely relevant for Christians who want to calmly and reasonably share their faith with anyone in a casual conversation This book is distinctly timed for anyone curious about Christianity and wants it explained in a way that actually makes sense without a religious judgmental attitude

How to Do Apologetics Patrick Madrid,2016-07-13 From one of the most respected names in Catholic Apologetics Patrick Madrid comes the new book *How to Do Apologetics Making the Case for Our Faith* And it couldn t be more timely Seismic cultural shifts and increased attacks on religious liberty often place Christians in the uncomfortable position of having to defend their beliefs even their belief in God when their Faith is called into question by atheists agnostics Protestants or people from other religions This book is the apologist s toolkit covering all the topics you need to understand and apply Patrick Madrid s own successful approach to giving reasons to believe Using logic arguments and evidence to defend the Truth Apologetics with atheists moral relativists and non Christians Special advice and examples for use with Protestants as well as lukewarm or inactive Catholics Proven strategies for responding graciously to opponents Making a compelling case for God Jesus Christ and the Catholic Church What you need to do apologetics well PLUS Patrick Madrid s recommended books CDs and a glossary of key apologetics terms Patrick Madrid shows how YOU can demonstrate confidently and effectively that Catholic teaching is reasonable consistent and compelling **Fulfilled Through Fear** Dean C.

Halverson,2025-06-20 When do we feel most alive It s when something or someone grabs our attention and causes us to live with a passion for those things that are outside us Think of falling in love or living for a cause That s what fearing God does It causes us to come alive by grabbing our attention and focusing us on the God who loves us Fearing God is not the same as being afraid of God Instead fearing God is being overwhelmed by the infinite loving dangerous God and being fulfilled by that fear Finding fulfillment by fearing God challenges the popular belief that we will be most fulfilled when we follow our hearts

Read this book with a heart that is open to being transformed **The Prophetic Apologetic** Jonathan Ammon,2022-04-10 In a world of growing skepticism Charismatic Christianity offers a bold approach to defending the faith In THE PROPHETIC APOLOGETIC Jonathan Ammon demonstrates how supernatural encounters with Jesus are central to our relationship with God and the defense of the Christian faith This concise guide introduces an extraordinary approach to apologetics You will learn how a charismatic worldview can help you reason with skeptics You will learn how charismatic theology offers unique answers to skepticism s biggest arguments and how a charismatic lifestyle better enables you to share your faith More than a one stop manual for defending the faith this book re centers Christian philosophy and apologetics on the supernatural Discover what the Bible has to say about God s ongoing revelation of Himself through Jesus and the miraculous power of God

Slipping Through the Cracks Zachary Breitenbach,2021-04-02 Would a good God allow some people to be lost to hell due to the bad luck of their circumstances such as never hearing the Christian gospel Do some who are lost slip through the cracks i e they would have freely chosen to be saved if only God had placed them into different circumstances After surveying and responding to other significant objections within the so called soteriological problem of evil this groundbreaking new work identifies the above as the most difficult soteriological challenge for Christian theism and explores it in great depth Finding William Lane Craig s famous solution to this problem insightful but ultimately inadequate the book proposes an alternative solution that upholds Christian exclusivism the view that one must hear and respond to the gospel to be saved and is both biblically consistent and philosophically plausible It offers an intriguing possibility for how God might ensure that all people have an opportunity to be saved and that none who are lost slip through the cracks in a way that is inconsistent with God s goodness Additionally the book reveals how its response to this soteriological problem has much value for addressing key aspects of the broader problem of evil **A Universe From Someone**¹⁹ Peter S. Williams,2022-10-27 After a substantial author s preface recounting Peter S Williams s life journey with the question of God s existence A Universe From Someone pulls together essays and ongoing speeches from debates including the 2011 God is not a delusion debate at the Cambridge Union that jointly cover a wide variety of theistic arguments Together with a foreword by noted philosopher J P Moreland an annotated bibliography highlighting Four Dozen Key Resources on Apologetics and Natural Theology in an Age of Science and other recommended resources A Universe From Someone offers an informed overview of the contemporary case for God **A Thematic Access-Oriented Bibliography of Jesus's Resurrection** Michael J. Alter,2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography

of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

Trading Gods Brian Causey, 2021-01-05 A man recounts his investigation into spirituality and into what he really believed about religion following the September 11th terrorist attacks Suddenly Brian Causey found himself stumbling over life's greatest questions Why are we here How did the universe and life begin Why is there suffering in the world What happens after we die If there is an afterlife how do I get there A portfolio manager at a large investment company Brian would leave the trading floor each day with these questions swirling in his head What he came to realize was that he had to make a decision would he trade the god he had been following under which he could make his own rules without subscribing to any larger organization or authority for the real God The more he researched the difficult questions of life the clearer God's truth became Brian ultimately concluded that the evidence points in the direction of God's existence In Trading Gods he shares his personal journey rationale for faith and the supporting research that explains why the real God is the best answer to life's biggest questions We all serve gods of one sort or another in our life Brian's story of being a trader who after the tragedy of 9/11 found his way to the true God of Scripture is both illuminating and inspiring Justin Brierley editor at Premier Christianity and host of the Unbelievable radio show and podcast For both Christian and non Christian alike I encourage you to take this journey with Brian You won't regret it Nate Sala president A Clear Lens

Human Freedom, Divine Knowledge, and Mere Molinism Timothy A. Stratton, 2020-10-02 Does humanity possess the freedom to think and act or are we always caused and determined to think and act exactly how we think and act by things outside of our control If we are always causally determined to think and act by things outside of our control then how can humans be genuinely responsible for any of our thoughts or following actions However if humanity is genuinely free and responsible for at least some of our thoughts and actions then how can the Christian rationally affirm the doctrine that God is totally sovereign and predestines all things In Human Freedom Divine Knowledge and Mere Molinism Timothy A Stratton surveys the history of theological thought from Augustine to Edwards and reaches surprising historical conclusions supporting what he refers to as limited libertarian freedom Stratton goes further to offer multiple arguments appealing to Scripture theology and philosophy that each conclude humanity does in fact possess libertarian freedom He then appeals to the work of Luis de Molina and offers unique arguments concluding that God possesses middle knowledge If this is the case then God can be completely sovereign and predestine all things without violating human freedom and responsibility
