The Missional Entrepreneur Mark L. Russell, 2011-06-01 Business as mission BAM an emerging concept and developing ministry has drawn fascination in missions and business circles BAM embodies the practice of using business strategically accomplishing missional purposes Though the term is ubiquitous in mission circles there is disparity between its meaning There has been much theoretical discussion about BAM but far less research accomplished on how it happens out in reality The Missional Entrepreneur takes an in depth look at business as missions in action with an eye to expose the most effective principles and practices of this movement

"Kingdom-Minded" People Denise Austin, 2011-09-20 During the early twentieth century in China a number of key economic leaders converted to Christianity Whilst strongly influenced by cultural heritage powerful modernizing forces and tumultuous political changes the new Christian identity inculcated by Protestant missionaries motivated these entrepreneurs to modify their business practices improve their social environment and extend the influence of Christianity Protestant and Catholic sojourners likewise made significant contributions into their adopted communities With unprecedented economic growth in China today a fascinating contemporary parallel can be seen particularly through the influence of Pentecostal charismatic and evangelical training Previous research has explored the emergence of the urban Christian lite in modern China However this systematic study provides new understanding of how Christian identity motivates Chinese business Christians toward economic social and religious contribution

Mission Partnership in Creative Tension Samuel Cueva, 2015-04-14 Samuel Cueva has refined his concept of partnership in mission by advocating the use of reciprocal contextual collaboration in this important contribution to scholarly reflection on contemporary missiology Referencing historical theological and functional aspects of how mission has been carried out as well as analyzing its impact on the evangelical movement the author identifies that mission always develops with positive and negative tensions Emphasizing an understanding of current missions which include traditional networking and emergent models and how they can be combined interconnected and interchanged the author proposes a fresh model that ensures the suitability for every mission context

This volume should encourage and challenge businesspersons in all segments of the marketplace to more faithfully integrate their faith and work lives “Not Afraid to Tell the Truth” Ken M. Schmidt, 2011-07-22 This book was originally intended to be a 3 Volume set or Trilogy but has been shortened to a single volume and edited for publication as a single title Not afraid To Tell The Truth which could be subtitled Exposing the conspiracy of silence in the Last Days it is not a book about discipleship necessarily nor is it a book you could use as a guideline for counseling rather it is a book written with the intention of shedding light upon 13 contrasting themes running through the whole of Gods Word which the author believes have become confused by Western Christian wrong thinking preaching and practice in the last days of the Church age False teachers and heretical teachings have crept into the Church unawares bringing with it a form of captivity similar to the captivity of the nation Israel but with far graver consequences The Kingdom of God in Working Clothes R. Paul Stevens, 2022-08-05 Work occupies most of our waking time whether it is in a factory office school or at home But unfortunately most people of faith separate their working life from their worshipping life Dualism is a pernicious heresy that has infected believers worldwide namely that church work and missionary service are holy and our everyday work is secular In this timely volume Stevens explores the connection of the kingdom of God the master thought of Jesus with the marketplace Traditionally people have either related the kingdom of God God s new world coming either exclusively for the present or only for the distant future But it is both now and coming This gives meaning hope and endurance to our work in the world So daily labor in the marketplace gets reoriented through salty values and ingrained virtues We become double agent spies exploring the new world coming in everyday life We can also grapple helpfully with the resistance we face daily in the workplace There are many books on the kingdom of God and many on work Few have brought these two vital arenas of everyday service together It is indeed part of the good news **The Facilitator Era** Tom Steffen, 2011-01-01 Some time ago Ralph Winter brilliantly identified three eras of modern missions Era 1 William Carey focused on the coastlands Era 2 Hudson Taylor focused on the inlands Era 3 Donald McGavran and Cameron Townsend focused on unreached peoples With all the fast and furious changes swirling around us today in twenty first century missions have we entered a Fourth Era If so who are the people primarily involved How are they selected How are they trained How long do they serve Has the Third Era ministry focus reaching the unreached changed If so to what Are there any successful case studies out there Have McGavran and Townsend passed the baton to a new leader s If so to whom This book seeks to answer these and related questions Contributors Dr Ben Beckner Dr Monroe Brewer Dr Don Finley Mike Griffis Dr Gary Hipp MD Jerry Hogshead Kaikou Maisu Judy Manna Kenn Oke Dr A Sue Russell Dr Robert Strauss Peter Swann Bryan Thomas Diane Thomas Dr Mike Wilson Dr Sherwood G Lingenfelter *Business in Islam* Robert J. Stefan, 2020-02-23 We are pleased to offer this fifth title in our APTS Press Monograph Series This is the publication of the author s doctoral dissertation done through the Concordia Theological Seminary in Fort Wayne Indiana USA The purpose of this series is to give our readers broader access to good scholarship

that would otherwise be unavailable outside of the academic community This is part of our ongoing commitment to discipleship through publishing Christian mission organizations have enthusiastically embraced business as a means of entry for Christian workers who might not otherwise be able to get into these nations especially MMNs However the embracing of business raises some immediate concerns In light of existing tensions between business and Islam won't missions connected businesses be under the same cloud of conflict More importantly isn't the Gospel put under this cloud thereby negatively impacting the spread of the kingdom of God Also if the business and mission companies expatriate owners and employees are western especially American won't the conflicts inevitably intensify And if so are there ways such entities can be operated in order to minimize the conflict with Islamic sensitivities This book will address these and other related questions

Missionary Statesman, Strategist, and Servant Sadiri Joy Tira, Laurie Nichols, 2023-04-30 This collection of essays draws together a diverse group of scholars and practitioners as they pay loving tribute to Dr Tetsunao Ted Yamamori one of the great leaders of global mission and mentor to a generation From dean professor and author to CEO of Food for the Hungry and international director of the Lausanne Movement Dr Yamamori has contributed to world evangelization over a lifetime of faithful service In this book his students friends and colleagues explore the far reaching impact of his engagement on questions relevant to a new generation of church mobilizers Touching on topics of hospitality diaspora entrepreneurship poverty theological education Bible translation collaboration leadership student ministry the digital age and church growth this collection honors one of the great leaders of integral mission while exploring how the church must continue to grapple with the changing landscape of a changing world Far from a reflection on the past this is a book that looks to the future drawing on the life and ministry of Dr Yamamori to cast a vision for how we can meet the challenges and opportunities of global mission in the twenty first century

Complexities of Money and Missions in Asia Paul H. De Neui, 2012-06-01 What happens when an expatriate missionary is thrust into a context where the standard of living is so divergent that perceived or actual wealth suddenly becomes the strongest draw of attraction What actual message is communicated through the wordless witness of the Western Christian missionary lifestyle Is attention to so called good news now so financially focused that other foundational issues become overshadowed This issue becomes even more complicated when the missionary arrives clueless about personal privilege ignorant of the envy of others and carries the mistaken attitude that others think similarly SEANET proudly presents *Complexities of Money and Missions in Asia* for all who are asking such questions From seven different indigenous and expatriate perspectives this volume deals with the perceptions of money specifically from those seeking to serve obediently in the Buddhist contexts of Asia SEANET serves as a networking forum wherein groups and individuals can meet to reflect and strategize together on topics particular to their collective mission SEANET does not promote one

particular strategy or one particular theology but seeks to learn from models of hope that show what God is doing around the world Each year the annual SEANET conference brings together over one hundred and fifty practitioners who are privileged to live and serve throughout the Buddhist world The chapters of this volume represent seven of those voices from the network

Davis, 2023-07-28 Church planting is one of the most challenging yet rewarding adventures you can embark on Often zealous planters and their teams launch their new church prematurely without taking time to lay a firm foundation for long term fruitful ministry Failure to do so often results in a weakened new church or even the new church closing after a few years Rather than focusing on methodology the how to s of church planting this book gives attention to six foundational concerns wise planters will need to nail down before they ever plant Biblical foundations Theological foundations Ecclesiological foundations Missiological foundations Spiritual foundations Practical foundations Although helpful for a wide

Faith in the Marketplace Samuel Lee, 2021-04-12 Contemporary missions often include evangelistic and socio economic dimensions For effective missions some way of assessing what is being achieved is needed beyond just the common metrics touching on the spiritual and or economic which neglects social transformation that ideally should also be occurring This book seeks to identify key factors for holistic evaluation based on salient characteristics that emerged as three Entrepreneurial Church Planting sites were studied in San Francisco Redeemer Community Church Selma Alabama Blue Jean Church and Lynch Kentucky Meridzo Ministries What emerges from these case studies is the importance of relationality general emphasis on growth and development and a well established focus on holistic transformation The mechanisms for the operation of holistic transformation are spelled out to reflect the operation of the three actors of the Trinity in missions The practical component of the book is the conceptual framework that reveals the operation of holistic transformation and ways to measure the dynamic relationships that occur

Awaiting the City Chad Brand, Tom Pratt, 2012-11-13 People of faith have always been on search for the homeland first promised to Abraham in light of the Babylonian civilization he left That future hope was reinterpreted by Jesus and taken up by St Augustine in The City of God reinterpreted again by John Calvin in Geneva and given a final form by the Puritan pilgrims who came to America to establish the City upon a Hill Fundamental to this quest for a just holy civilization has been the progress of humankind on the earth in light of the mandate to fill and rule over it Authors Chad Brand and Tom Pratt discuss that progress as they answer the vital questions for praxis How should biblically oriented Christians think of and work toward God's justice along the way How can we steer between a utopian vision and a limited vision to a new rational compassion
