On Political Equality

**Bedford Political Equality League
(Brooklyn, New York, N.Y.)**

On Political Equality:

On Political Equality Robert A. Dahl, 2008-10-01 In this book the eminent psychoanalyst Leonard Shengold looks at why some people are resistant to change even when it seems to promise a change for the better Drawing on a lifetime of clinical experience as well as wide readings of world literature Shengold shows how early childhood relationships with parents can lead to a powerful conviction that change means loss Dr Shengold who is well known for his work on the lasting affects of childhood trauma and child abuse in such seminal books as *Soul Murder* and *Soul Murder Revisited* continues his exploration into the consequences of early psychological injury and loss In the examples of his patients and in the lives and work of such figures as Edna St Vincent Millay William Wordsworth and Henrik Ibsen Shengold looks at the different ways in which unconscious impressions connected with early experiences and fantasies about parents are integrated into individual lives He shows the difficulties he encounters with his patients in raising these memories to the conscious level where they can be known and owned and he also shows in his survey of literary figures how these memories can become part of the creative process *Haunted by Parents* offers a deeply humane reflection on the values and limitations of therapy on memory and the lingering effects of the past and on the possibility of recognizing the promise of the future **Political Equality** Charles R.

Beitz, 2020-11-10 The description for this book *Political Equality An Essay in Democratic Theory* will be forthcoming

Participation and Political Equality Sidney Verba, Norman H. Nie, Jae-on Kim, 1978-10-31 In this survey of political participation in seven nations Nigeria Austria Japan India the Netherlands Yugoslavia and the United States the authors examine the relationship between social economic and educational factors and political participation The book provides insight into an ongoing debate among political scientists and sociologists why is political participation in some nations distributed evenly across economic social and educational lines whereas other nations foster participation only by their privileged classes The book treats politics not only as a dependent variable influenced by socioeconomic factors but also as an independent variable that affects levels of political participation through variations in party systems and linkages between parties and other organizations *The Promise of Democratic Equality in the United States* Douglas D. Roscoe, 2018-03-13 *The Promise of Democratic Equality in the United States* explores the ways in which the American political system fails to fully respect political equality Douglas D Roscoe argues these deficiencies are not necessarily failures of justice but often reflect attempts to balance important but competing principles and values He analyzes the balance among these competing values in a variety of contexts including congressional representation the Electoral College voting regulations campaign finance lobbying the Senate filibuster rules and protections for civil rights and liberties A diverse set of methodological approaches is employed to carefully evaluate whether the limits placed on political equality are reasonable and necessary Using a rigorous normative framework while leaning heavily on high quality quantitative evidence and social science research this book provides students of democratic theory and American politics with a compact and manageable review of

the degree to which democratic equality is supported in the United States *Political Equality in a Democracy* Yosi Dahan,1989 *Political Equality. Problems and Achievements of a Contested Concept* Linda Vuskane,2020-01-17 Essay from the year 2011 in the subject Politics General and Theories of International Politics grade 87 Liverpool John Moores University course Political Ideology language English abstract This essay presents an analysis of the highly contested concept of equality While it will touch on the issues surrounded basic equalities the main focus will be on the concept and achievement of political equality and the problems associated with it The essay concludes that perhaps an absolute equality in any terms is impossible Different forms of equality influence each other hence achieving one form of equality may prohibit achieving another Many inequalities still exist today in any democratic country not to mention those inequalities of people living under non democratic regimes However change is happening as shown by the evolution of the concept of equality And although the achievement of political equality in practice is undermined by the socioeconomic inequalities still existing in all societies political equality is nevertheless an important goal which we have to strive for *Political Equality in Transnational Democracy* E. Erman,S. Nasstrom,2013-11-07 This book is about the status of political equality under global political conditions If political equality generally is considered a core feature of democracy it has received little attention among theorists concerned with global governance Given the enormous emphasis on democracy as legitimizing factor in global politics this neglect is noteworthy This book sets out to address what accounts for the neglect on the one hand and how it may be remedied on the other The overall aim is to revitalize the debate on the status of political equality in transnational democracy *African American Perspectives on Political Science* Wilbur C. Rich,2007 African American political scientists speak out about their discipline academic issues and racism in the profession *Bedford Political Equality League* Bedford Political Equality League (Brooklyn, New York, N.Y.),1898 *Political Equality in a Democratic Society* Mary Lou Kendrigan,1984-03-27 *The Anthem Companion to Alexis de Tocqueville* Daniel Gordon,2019-05-30 The Anthem Companion to Alexis de Tocqueville contains original interpretations of Tocqueville s major writings on democracy and revolution as well as his lesser known writings on colonies prisons and minorities The Introduction by Daniel Gordon discusses how Tocqueville was canonized during the Cold War and the need to reassess the place of Tocqueville s voice in the conversation of post Marxist social theory Each chapter that follows compares Tocqueville s ideas on a given subject with those of other major social theorists including Bourdieu Dahl Du Bois Foucault L vi Strauss and Marx This comprehensive volume is based on the idea that Tocqueville was not merely a founder or precursor whose ideas have been absorbed into modern social science The broad questions that Tocqueville raised his comparative vision and his unique vocabulary and style can inspire deeper thinking in the social sciences today **Understanding Theories and Concepts in Social Policy** Ruth Lister,Ruth Patrick,Kate Brown,2024-02-27 Demonstrating the relevance of theory to political and policy debates and practice this lively and accessible second edition helps students to grasp the real life implications of social policy theory The

updated text includes consideration of contemporary shifts in welfare ideologies in the context of global austerity and the UK Coalition and Conservative governments since 2010 With a new chapter focusing on critical debates about disability sexuality and the environment this textbook also includes fresh reflections on migration conditionality resilience social justice and human rights Key features include real life examples from UK and international politics and policy to explain and illuminate the significance of social policy theory key questions for student reflection and engagement and bulleted chapter summaries and annotated further readings at the end of every chapter This new edition is a dynamic engaging and valuable introduction to the key theoretical perspectives and concepts deployed in social policy

Difference without Domination Danielle Allen, Rohini Somanathan, 2020-11-30 Around the globe democracy appears broken With political and socioeconomic inequality on the rise we are faced with the urgent question of how to better distribute power opportunity and wealth in diverse modern societies This volume confronts the dilemma head on exploring new ways to combat current social hierarchies of domination Using examples from the United States India Germany and Cameroon the contributors offer paradigm changing approaches to the concepts of justice identity and social groups while also taking a fresh look at the idea that the demographic make up of institutions should mirror the make up of a populace as a whole After laying out the conceptual framework the volume turns to a number of provocative topics among them the pernicious tenacity of implicit bias the logical contradictions inherent to the idea of universal human dignity and the paradoxes and problems surrounding affirmative action A stimulating blend of empirical and interpretive analyses *Difference without Domination* urges us to reconsider the idea of representation and to challenge what it means to measure equality and inequality

Eco-Emancipation Sharon R. Krause, 2023-05-16 The case for an eco emancipatory politics to release the Earth from human domination and free us all from lives that are both exploitative and exploited Human domination of nature shapes every aspect of our lives today even as it remains virtually invisible to us Because human beings are a part of nature the human domination of nature circles back to confine and exploit people as well and not only the poor and marginalized but also the privileged and affluent even in the world's most prosperous societies Although modern democracy establishes constraints intended to protect people from domination as the arbitrary exercise of power it offers few such protections for nonhuman parts of nature The result is that wherever we fall in human hierarchies we inevitably find ourselves both complicit in and entrapped by a system that makes sustainable living all but impossible It confines and exploits not only nature but people too albeit in different ways In *Eco Emancipation* Sharon Krause argues that we can find our way to a better freer life by constraining the use of human power in relation to nature and promoting nature's well being alongside our own thereby releasing the Earth from human domination and freeing us from a way of life that is both exploitative and exploited complicit and entrapped *Eco emancipation* calls for new more than human political communities that incorporate nonhuman parts of nature through institutions of representation and regimes of rights combining these new institutional arrangements

with political activism a public ethos of respect for nature and a culture of eco responsibility Money Rules Anthony Gierzynski, 2018-10-08 The role of money in the US electoral process has become more and more controversial in recent years Following the Buckley ruling and other legislation in 1996 candidates and political parties are free to raise virtually unlimited soft money making money perhaps the most significant factor in a campaign's success In Money Rules Anthony Gierzynski theorizes that under our current system of financing elections our political process has tilted too far in favor of political freedom at the expense of political equality Gierzynski examines the historical roots of the campaign finance dilemma demonstrates its effects on the local state and national levels and projects the long term outcomes for American politics Supreme Court Cases on Political Representation, 1787-2001 Christopher A. Anzalone, 2016-07-08 This book includes every Supreme Court case relevant to elections and political representation from the Court's beginnings to 2001 including the 2001 decision in *Cook v. Gralike* that limited citizens' rights to instruct Federal representatives It is a primary document reference book organized topically in sixteen chapters Every case is included either as a full edited opinion extensive excerpts of the opinion or a detailed description of the case As with the companion volume on gender and sexual equality using this single volume a researcher can see how American legal history on the topic played out in its entirety A Table of Cases relevant Federal statutes and an extensive bibliography further enhance the volume's usefulness *The Final Arbiter* Christopher P. Banks, David B. Cohen, John C. Green, 2012-02-01 The resolution of the 2000 presidential election by the U.S. Supreme Court's *Bush v. Gore* decision generated an extraordinary outpouring of literature in a very short period of time Now that the initial furor over the decision has subsided *The Final Arbiter* presents a sober consideration of the consequences of the decision for the law the presidency and the legitimacy of the American political system The contributors include well established names in law and political science as well as up and coming scholars offering a broad understanding of *Bush v. Gore*'s long term impact This book will be useful as a classroom text in both survey courses on elections and the courts and for advanced courses that consider the impact of judicial rulings on the government and political process

Economic Inequality and Political Representation in Switzerland Jan Rosset, 2016-03-22 This book analyzes the link between economic and political inequalities and investigates the mechanisms that lead to economically rooted inequalities in the political representation of citizens' policy preferences Focusing on the case of Switzerland and evaluating data from the post electoral survey *Selects 2007* the author demonstrates that the policy preferences of members of the Federal Assembly best reflect those of rich citizens This pattern is explained by differential levels of political participation and knowledge across income groups party finance the fact that representatives tend to come from higher economic strata and the failure of the party system structure to reflect the complexity of policy preferences among citizens **International Encyclopedia of Political Science** Bertrand Badie, Dirk Berg-Schlosser, Leonardo Morlino, 2011-09-07 With entries from leading international scholars from around the world this eight volume encyclopedia offers the widest possible coverage of key areas both

regionally and globally The International Encyclopedia of Political Science provides a definitive comprehensive picture of all aspects of political life recognizing the theoretical and cultural pluralism of our approaches and including findings from the far corners of the world The eight volumes cover every field of politics from political theory and methodology to political sociology comparative politics public policies and international relations Entries are arranged in alphabetical order and a list of entries by subject area appears in the front of each volume for ease of use The encyclopedia contains a detailed index as well as extensive bibliographical references Filling the need for an exhaustive overview of the empirical findings and reflections on politics this reference resource is suited for undergraduate or graduate students who wish to be informed effectively and quickly on their field of study for scholars seeking information on relevant research findings in their area of specialization or in related fields and for lay readers who may lack a formal background in political science but have an interest in the field nonetheless The International Encyclopedia of Political Science provides an essential authoritative guide to the state of political science at the start of the 21st century and for decades to come making it an invaluable resource for a global readership including researchers students citizens and policy makers The encyclopedia was developed in partnership with the International Political Science Association Key Themes Case and Area Studies Comparative Politics Theory and Methods Democracy and Democratization Economics Epistemological Foundations Equality and Inequality Gender and Race Ethnicity International Relations Local Government Peace War and Conflict Resolution People and Organizations Political Economy Political Parties Political Sociology Public Policy and Administration Qualitative Methods Quantitative Methods Religion

The Representative Turn in EU Studies Sandra Kröger, Dawid Friedrich, 2016-04-08 After the participative and deliberative turns in both democratic theory and EU studies we are currently witnessing a representative turn to which this volume contributes by addressing the relation between representation and democracy in the EU Although in the Lisbon Treaty the EU conceives itself as a representative democracy the meaning of this concept in a supranational polity is far from clear either in theory or practice Instead the historically contingent link between representation and democracy is today severely challenged by various processes of diversification at all levels of political action national regional supranational These processes challenge our understanding of representative democracy as involving electoral democracy within clearly delineated nation states provoking a situation in which new frontiers of representation develop Consequently it becomes increasingly difficult to provide normative standards as well as accurate assessments of democratic representation in the EU This volume addresses these core challenges of representative democracy in the EU from normative theoretical and methodological perspectives This book was published as a special issue of the Journal of European Public Policy

Reviewing **On Political Equality**: Unlocking the Spellbinding Force of Linguistics

On Political Equality Introduction

In today's digital age, the availability of On Political Equality books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of On Political Equality books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of On Political Equality books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing On Political Equality versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, On Political Equality books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing On Political Equality books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for On Political Equality books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both

public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, On Political Equality books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of On Political Equality books and manuals for download and embark on your journey of knowledge?

FAQs About On Political Equality Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. On Political Equality is one of the best book in our library for free trial. We provide copy of On Political Equality in digital format, so the resources that you find are reliable. There are also many Ebooks of related with On Political Equality. Where to download On Political Equality online for free? Are you looking for On Political Equality PDF? This is definitely going to save you time and cash in something you should think about.
